

ENROLLED ACT NO. 94, HOUSE OF REPRESENTATIVES

SIXTIETH LEGISLATURE OF THE STATE OF WYOMING
2009 GENERAL SESSION

AN ACT relating to emergency medical services; creating an emergency medical services sustainability trust account and income account; providing for needs assessment grants as specified; providing for emergency medical services master plan implementation grants as specified; providing for a local match as specified; requiring reports; providing appropriations; and providing for an effective date.

Be It Enacted by the Legislature of the State of Wyoming:

Section 1. W.S. 33-36-115 is created to read:

33-36-115. Emergency medical services sustainability trust account; account established; planning grants; implementation grants.

(a) A trust account is created to be known as the emergency medical services sustainability trust account. The trust account shall consist of those funds designated to the account by law and all monies received from federal grants and other contributions, grants, gifts, transfers, bequests and donations to the trust account. The trust account is specifically empowered to accept grants, gifts, transfers, bequests and donations including those which are limited in their purposes by the grantor. Funds deposited within the trust account are intended to be inviolate and constitute a perpetual trust account which shall be invested by the state treasurer as authorized under W.S. 9-4-715(a), (d) and (e) and in a manner to obtain the highest return possible consistent with preservation of the account corpus.

(b) The state treasurer shall credit annually to an emergency medical services sustainability trust income account earnings from investment of the trust account

corpus. The legislature may, from time to time, appropriate funds directly to the income account for distribution in accordance with the terms of this section. Such specially appropriated funds shall be credited directly by the state treasurer to the income account and are available to the division for award of grants as otherwise permitted by this section.

(c) Individuals and other entities may also grant, give, transfer, bequeath or donate funds to the trust account or the income account. These funds shall be credited by the state treasurer to either the trust account or the income account, as appropriate, in a manner consistent with the conditions attached to their receipt.

(d) Funds in the trust income account are continuously appropriated to the department for purposes of providing grants to improve the delivery and quality of emergency medical services as provided in this section.

(e) The department shall establish by rule and regulation a grant application calendar and procedure for needs assessment grants, which shall include the following provisions:

(i) An assessment of emergency medical services in a service area and an analysis of the current emergency medical services system including:

- (A) The level of volunteerism;
- (B) The level and period of certification;
- (C) Response times;
- (D) Billing practices;

(E) Funding sources and budget sustainability; and

(F) Call volume.

(ii) Needs assessment grants shall be for the purpose of assessing the provision of emergency medical services in a service area and preparing a master plan for an efficient, coordinated system of emergency medical service delivery, subject to the following:

(A) Grant applications may be submitted by persons, entities or groups interested in improving emergency medical services in a proposed service area which shall correspond to a rural urban commuting area as defined by the United States department of agriculture. The grant application shall be signed by authorized representatives of all involved political subdivisions within the proposed service area;

(B) The department shall review applications and, if it determines that further detailed assessment of emergency medical services in the proposed service area is appropriate and following consultation with the affected entities described in subparagraph (A) of this paragraph, shall contract for an assessment in the service area of emergency medical services strengths, weaknesses and coverage gaps. The contractor conducting the assessment shall prepare a written report that shall include a master plan for a coordinated, efficient emergency medical service delivery system within the service area. The master plan shall identify the governmental or private entity that will oversee and coordinate implementation of the plan, the areas and entities included in the plan, an estimate of funds

available to implement the plan and continuing revenue sources, the approximate number of volunteer and paid emergency medical technicians available to provide services in the area and include provision, if necessary, for transition from an all volunteer service model to one combining volunteer and paid technicians. The master plan shall identify major problems and opportunities concerning emergency medical services, and provide for a desired sequence of events for implementation of the plan;

(C) Any needs assessment shall include consultation with the affected entities described in subparagraph (A) of this paragraph, representatives of public, private and volunteer ambulance services in the proposed service area, county and local government organizations, hospitals furnishing emergency medical services and other appropriate stakeholders;

(D) Any needs assessment shall provide for the collection of data by service area using a common benchmark, indicator and scoring format on emergency medical service workforce shortfalls, strengths and weaknesses of current service delivery models. The needs assessment shall build upon but avoid duplication of the study completed by the rural policy research institute for the Wyoming health care commission in June, 2007;

(E) Grant applications shall include a commitment of local matching funds of at least five thousand dollars (\$5,000.00).

(iii) Following completion of a needs assessment as provided in paragraph (ii) of this subsection, a county, joint powers board or emergency medical services special district may apply for a grant to assist in the development

and implementation of a master plan, subject to the following:

(A) Grants shall be documented in writing signed by the department and an authorized representative of the grantee. The document shall specify the intended use of the funds to improve emergency medical service delivery by assisting with the cost of implementing the master plan;

(B) Award of grants shall be based on demonstrable need. Those service areas demonstrating the greatest need, at the discretion of the department, shall be given the highest priority in receiving grants pursuant to this section;

(C) Implementation grant applications shall include a working budget to demonstrate how the grant will be used to address revenue gaps on a temporary basis while transitioning to a defined time when revenue is expected to be sufficient to sustain services in the master plan service area not to exceed two (2) years.

(f) The department is authorized to enter into contracts it deems appropriate to conduct and coordinate needs analyses and implementation grants authorized by this section, including contracts with local providers or other stakeholders to report on service needs in the respective service areas.

(g) The department shall provide a report by November 1 of each year on the emergency medical services trust account to the joint labor, health and social services interim committee. The reports shall include the status of the account, a description of all grants from the income account and any recommendations for providing more cost
