(a) The state loan and investment board may negotiate and make loans to one (1) or more agencies, the University of Wyoming, or joint powers boards presently existing, permitted or created pursuant to the statutes, from the permanent mineral trust funds and other permanent funds of Wyoming not otherwise obligated, not to exceed ~~thirty million dollars (\$30,000,000.00)~~ sixty million dollars (\$60,000,000.00) including all loans previously made and outstanding, and not to exceed a term of forty (40) years for repayment. The board may set rates of interest on all such loans ~~to joint powers boards~~ according to the current rates of interest for similar securities on the commercial market upon a basis which will not be less than six percent (6%) nor more than twelve percent (12%). For all loans under this section approved after July 1, 1996, a loan origination fee of one percent (1%) of the loan shall be paid to the state loan and investment board by the borrowing agency, university or joint powers board. The revenue produced by this fee shall be credited to the loss reserve account as provided by W.S. 16-1-110. The limitation on legislatively designated investments under W.S. 9-4-712 applies to this investment.

1 (c) Upon approval of a loan, an agency, the
2 university, participating agencies, or a joint powers board
3 shall transfer title or its interest to the property upon
4 which facilities are to be constructed, including later
5 improvements, to the state loan and investment board, or
6 the state loan and investment board may require the
7 security it deems necessary. The recipient of the loan
8 shall make reasonable annual rental charges or loan
9 payments as specified by the state loan and investment
10 board. Upon repayment of the loan, title to or interest in
11 the property and improvements shall be reconveyed to the
12 appropriate agency, university, participating agencies or
13 joint powers board. Where the transfer of title or interest
14 in the property would preclude the obtaining of federal
15 grants or where transfer of title or interest is prohibited
16 by or would be in violation of existing grant-in-aid
17 agreements, the state loan and investment board may waive
18 the requirements of transfer of title or transfer of any
19 interest in the property, and substitute other security of
20 sufficient value as it deems necessary.

21

22 (d) For all loans made prior to July 1, 1979, all
23 tangible personal and real property pledged for the
24 repayment of loans under this section, excluding pledges of

1 revenue or property generating user fees to repay the
2 loans, is released as security for any loans under this
3 section and the state loan and investment board shall have
4 prepared, execute and have filed all necessary instruments
5 to carry out this provision. Effective July 1, 1979, loans
6 under this section shall be made only under the following
7 conditions:

8
9 (i) Loans shall be made only for facilities
10 generating user fees only to the extent that the user fees
11 will repay the loan such that the loan can be considered a
12 reasonable and prudent investment of state permanent funds.
13 Any portion of the revenue generating facility unable to be
14 financed by user fees may be financed by a grant under W.S.
15 9-4-604(g) and (h) to agencies and joint powers boards
16 otherwise authorized to receive grants under those
17 provisions;

18
19 **Section 2.** This act is effective immediately upon
20 completion of all acts necessary for a bill to become law
21 as provided by Article 4, Section 8 of the Wyoming
22 Constitution.
