8 "24. Of this general fund appropriation, two hundred seventeen
9 thousand dollars (\$217,000.00) shall only be used by the
10 department of health to develop statewide data registries to
11 track the treatment of heart attack and stroke patients. The
12 statewide data registries shall include a statewide stroke and
13 heart attack database which compiles information and statistics
14 on stroke and heart attack care, aligns with stroke and heart
15 attack consensus metrics and utilizes approved data platforms
16 which capture pre-hospital, hospital and post hospital measures
17 related to stroke and heart attack care. The department of
18 health shall utilize nationally recognized data set platforms
19 with secure confidentiality standards. To the extent possible,
20 the department of health shall coordinate with national
21 voluntary health organizations involved in stroke and heart
22 attack quality improvement to avoid duplication of effort."
