"(b) Before acceptance and transfer of the land and facility as provided in subsection (a) of this section, an environmental baseline survey pursuant to Air Force Instruction 32-7066 shall be completed. The survey shall identify the nature and magnitude of environmental contamination of the property. The survey shall include a search of all available historic and operational records and survey reports, collection of samples as appropriate and inspections. The state shall not accept transfer of the property unless all risks to the quality of the human environment are mitigated. Assurance of mitigation as provided in this subsection shall be provided to the joint travel, recreation, wildlife and cultural resources committee prior to transfer of ownership under this section."
