24 "(A) Calculate the per capita distribution of
25 sales and use tax revenues for the fiscal year beginning July 1,
26 2014 and ending June 30, 2015 to each county, including
27 distributions to each city and town within that county, under
28 W.S. 39-15-111 and 39-16-111, but excluding the distribution
29 exclusively to counties under W.S. 39-15-111(b)(iii) made from
30 an amount equivalent to one percent (1%) of the tax collected
31 under W.S. 39-15-104, and excluding the distribution exclusively
32 to counties under W.S. 39-16-111(b)(iii) made from an amount
33 equivalent to one percent (1%) of the tax collected under W.S.
34 39-16-104;
35
36 (B) Arrange the counties in ascending order by
37 the per capita distribution calculated;
38
39 (C) Following the arrangement of counties in
40 subparagraph (B) of this paragraph, list the population of each
41 city and town within the county;
42

1 (D) Apply the appropriate adjustment factor
2 determined in subdivisions (I) through (V) of this subparagraph
3 for a county to each city and town within that county:
4

5 (I) Beginning with the county with the
6 lowest per capita distribution, an adjustment factor of one and
7 one-half (1.5) shall be applied to each county listed under
8 subparagraph (B) of this paragraph, so long as its incorporated
9 population plus the incorporated population of each county with
10 a lower per capita distribution is within the lowest tenth
11 percentile. The adjustment factor shall be applied for each of
12 these counties by multiplying the incorporated population of the
13 county by one hundred fifty percent (150%);
14

15 (II) An adjustment factor determined under
16 this subdivision shall be applied to the county with the next
17 higher per capita distribution not qualifying for the adjustment
18 factor under subdivision (I) of this subparagraph. The
19 adjustment factor for this county shall be determined by:
20

21 (1) Multiplying by one hundred fifty
22 percent (150%) that portion of the incorporated population of
23 that county which is within the lowest tenth percentile;
24

25 (2) Multiplying by one hundred
26 twenty-five percent (125%) the incorporated population of that
27 county which is within the lowest twentieth percentile and at or
28 above the tenth percentile;
29

30 (3) If applicable, multiplying by one
31 hundred percent (100%) the incorporated population of that
32 county, which is at or above the twentieth percentile;
33

34 (4) Dividing the sum of the products
35 of subdivisions (II)(1) through (3) of this subparagraph by the
36 incorporated population of that county.
37

38 (III) If an adjustment factor has not been
39 applied under subdivision (I) or (II) of this subparagraph, an
40 adjustment factor of one and one-quarter (1.25) shall be applied
41 to each county listed under subparagraph (B) of this paragraph,
42 so long as its incorporated population plus the incorporated
43 population of each county with a lower per capita distribution
44 does not exceed the twentieth percentile. The adjustment factor
45 shall be applied for each of these counties by multiplying the
46 incorporated population of the county by one hundred twenty-five
47 percent (125%);

1
2 (IV) An adjustment factor determined under
3 this subdivision shall be applied to the next higher listed
4 county not qualifying for the adjustment factor under
5 subdivision (III) of this subparagraph. The adjustment factor
6 for this county shall be determined by:

7
8 (1) Multiplying by one hundred
9 twenty-five percent (125%) that portion of the incorporated
10 population of that county which is within the lowest twentieth
11 percentile;

12
13 (2) Multiplying by one hundred percent
14 (100%) the incorporated population of that county which is at or
15 above the lowest twentieth percentile;

16
17 (3) Dividing the sum of the products
18 of subdivisions (IV)(1) and (2) of this subparagraph by the
19 incorporated population of that county.

20
21 (V) An adjustment factor of one (1) shall
22 be applied to the remaining counties.

23
24 (E) Distribute the remainder of the revenues
25 under this paragraph on a per capita basis using the total
26 adjusted population for all cities and towns and the adjusted
27 population for each city or town as calculated under
28 subparagraph (D) of this paragraph;

29
30 (F) As used in this paragraph:

31
32 (I) A county's "incorporated population"
33 means the population of all cities and towns within the county;

34
35 (II) "Percentile" means that portion of the
36 incorporated population as listed in the arrangement of cities
37 and towns under subparagraphs (B) and (C) of this paragraph."

47 "[CITY AND TOWN REVENUE CHALLENGED ALLOCATIONS]

1 (d) Funds appropriated in paragraph (a)(iii) of this
2 section are to be distributed to eligible cities and towns in
3 two (2) equal distributions on August 15, 2016 and on August 15,
4 2017, subject to the following:

5
6 (i) Each eligible city and town shall receive amounts
7 in accordance with a municipal supplemental funding formula as
8 provided in this paragraph. The municipal supplemental funding
9 formula shall be calculated by the office of state lands and
10 investments as follows:

11
12 (A) Calculate the per capita distribution of
13 sales and use tax revenues for the period beginning July 1, 2014
14 and ending June 30, 2015 to each county, including distributions
15 to each city and town within that county, under W.S. 39-15-111
16 and 39-16-111, but excluding the distribution exclusively to
17 counties under W.S. 39-15-111(b)(iii) made from an amount
18 equivalent to one percent (1%) of the tax collected under W.S.
19 39-15-104, and excluding the distribution exclusively to
20 counties under W.S. 39-16-111(b)(iii) made from an amount
21 equivalent to one percent (1%) of the tax collected under W.S.
22 39-16-104;

23
24 (B) Arrange the counties in ascending order by
25 the per capita distribution calculated;

26
27 (C) Following the arrangement of counties in
28 subparagraph (B) of this paragraph, list the population of each
29 city and town within the county;

30
31 (D) Apply the appropriate adjustment factor
32 determined in subdivisions (I) through (V) of this subparagraph
33 for a county to each city and town within that county;

34
35 (I) Beginning with the county with the
36 lowest per capita distribution, an adjustment factor of one and
37 one-half (1.5) shall be applied to each county listed under
38 subparagraph (B) of this paragraph, so long as its incorporated
39 population plus the incorporated population of each county with
40 a lower per capita distribution is within the lowest tenth
41 percentile. The adjustment factor shall be applied for each of
42 these counties by multiplying the incorporated population of the
43 county by one hundred fifty percent (150%);

44
45 (II) An adjustment factor determined under
46 this subdivision shall be applied to the county with the next
47 higher per capita distribution not qualifying for the adjustment

1 factor under subdivision (I) of this subparagraph. The
2 adjustment factor for this county shall be determined by:

3
4 (1) Multiplying by one hundred fifty
5 percent (150%) that portion of the incorporated population of
6 that county which is within the lowest tenth percentile;

7
8 (2) Multiplying by one hundred
9 twenty-five percent (125%) the incorporated population of that
10 county which is within the lowest twentieth percentile and at or
11 above the tenth percentile;

12
13 (3) If applicable, multiplying by one
14 hundred percent (100%) the incorporated population of that
15 county which is at or above the twentieth percentile;

16
17 (4) Dividing the sum of the products
18 of subdivisions (II)(1) through (3) of this subparagraph by the
19 incorporated population of that county.

20
21 (III) If an adjustment factor has not been
22 applied under subdivision (I) or (II) of this subparagraph, an
23 adjustment factor of one and one-quarter (1.25) shall be applied
24 to each county listed under subparagraph (B) of this paragraph,
25 so long as its incorporated population plus the incorporated
26 population of each county with a lower per capita distribution
27 does not exceed the twentieth percentile. The adjustment factor
28 shall be applied for each of these counties by multiplying the
29 incorporated population of the county by one hundred twenty-five
30 percent (125%);

31
32 (IV) An adjustment factor determined under
33 this subdivision shall be applied to the next higher listed
34 county not qualifying for the adjustment factor under
35 subdivision (III) of this subparagraph. The adjustment factor
36 for this county shall be determined by:

37
38 (1) Multiplying by one hundred
39 twenty-five percent (125%) that portion of the incorporated
40 population of that county which is within the lowest twentieth
41 percentile;

42
43 (2) Multiplying by one hundred percent
44 (100%) the incorporated population of that county which is at or
45 above the lowest twentieth percentile;

1 (3) Dividing the sum of the products
2 of subdivisions (IV)(1) and (2) of this subparagraph by the
3 incorporated population of that county.
4

5 (V) An adjustment factor of one (1) shall
6 be applied to the remaining counties.
7

8 (E) From the adjusted population of a city or
9 town as calculated in subparagraphs (A) through (D) of this
10 paragraph, subtract the actual population of the city or town to
11 determine the resulting population adjustment. Distribute the
12 funding under this paragraph in the proportion which the
13 population adjustment of the city or town bears to the
14 population adjustments of all cities and towns in Wyoming as
15 calculated under subparagraph (D) of this paragraph;
16

17 (F) As used in this paragraph:
18

19 (I) A county's "incorporated population"
20 means the population of all cities and towns within the county;
21

22 (II) "Percentile" means that portion of the
23 incorporated population as listed in the arrangement of cities
24 and towns under subparagraphs (B) and (C) of this paragraph."
