

FISCAL NOTE

	FY 2020	FY 2021	FY 2022
NON-ADMINISTRATIVE IMPACT			
Anticipated Expenditure increase			
SCHOOL FOUNDATION PROGRAM ACCOUNT	\$8,000	\$8,000	\$8,000

Source of expenditure increase:

The bill has the potential to increase reimbursements to school districts for payments to national board certified teachers in Wyoming school districts. The fiscal impact in the form of an expenditure increase to the School Foundation Program Account is estimated at \$8,000 per year.

Assumptions:

The Department of Education indicates the amendment in this bill to include speech-language therapists within the definition of a teacher would increase the number of eligible recipients of the annual \$4,000 payment by two. It is also assumed there are sufficient appropriations within the Department of Education's budget to cover the anticipated expenditure increase.
