10 "(f) Each airport governing body provided notice of a permit  
11 application pursuant to W.S. 18-5-503(a)(i) shall consider  
12 potential impacts of the proposed facility on safety of flight.  
13 The governing body shall only consider impacts to the published  
14 boundary of class B, class C, class D or class E airspace as  
15 depicted by a current federal aviation administration navigation  
16 chart, approach plate or other federal aviation administration  
17 publication for navigation or for impacts within five (5) nautical  
18 miles of the geographical center of the airport to an aircraft  
19 traffic pattern established pursuant to 14 CFR Part 93. No permit  
20 shall be granted for a facility under this article unless the  
21 airport governing body provides a written opinion that the facility  
22 will not impact safety of flight in areas specified by this  
23 subsection. The written opinion shall not be unreasonably  
24 withheld.". MACGUIRE
