LSO No.: 20LSO-0002

Enrolled Act No.: HEA No. 0005

Chapter No.: 7

Prime Sponsor: Joint Education Interim Committee

Catch Title: **Remote education within a school district.**

Subject: Remote education within a school district.

Summary/Major Elements:

- Current law provides that certain virtual education courses taught to Wyoming public school students are subject to rules promulgated by the State Superintendent. The rules, among other things, provide a process for the State Superintendent to establish, approve, facilitate and monitor a state network of virtual education courses. The State Superintendent must annually publish a course catalog identifying the courses available and the tuition to be assessed for each virtual education course.
- The act creates an exception to State Superintendent rules for virtual education courses. It provides that a teacher who teaches a course in-person, in a physical classroom setting in the teacher's district of employment may teach the course remotely to other students in the same district without that course being subject to state virtual education oversight.
