3  
4 Page 2-line 11 After "legislature." insert "The legislature  
5 finds that successful student outcomes are not  
6 necessarily positively correlated with an  
7 increase in the amount of money expended on  
8 education and that there are other states that  
9 expend less money per pupil than Wyoming but  
10 have equal or better student academic  
11 outcomes. Accordingly, to the extent that the  
12 legislature makes reductions to the amount of  
13 resources allocated under the education  
14 resource block grant model, it is the intent  
15 of the legislature to achieve efficiencies in  
16 the pursuit of its constitutional mandate to  
17 provide for a thorough and efficient system of  
18 public schools.". STITH
