The Chief Clerk read a message from the Honorable Mark Gordon, Governor of Wyoming, to this Special Session of the 66<sup>th</sup> Legislature.

**MESSAGE FROM  
GOVERNOR MARK GORDEN  
SIXTY-SIXTH LEGISLATURE 2021 SPECIAL SESSION  
OCTOBER 26, 2021**

Pursuant to Article 4, Section 4: the Governor is obliged to communicate to the Legislature, at the beginning of each session, the condition of the state. This Special Session comes about in the middle of preparing the next biennium budget. That work is not yet complete. Since this Special Session does not concern itself with the regular business of the State, a routine state of the state seems unwarranted. For the record, Wyoming has done well over this past year. We are coming back. Companies are looking favorably to Wyoming as a friendly place to do business. News from several sectors has been encouraging, but our progress is precarious and we should be mindful about how best to nurture this recovery. This Special Session, though, is not about the regular business of the State.

It has been hard to stomach the increasingly aggressive license the Biden Administration has taken over the past few months to extend the federal government's overreach into our lives. This temerity is offensive to me, to you, to Wyoming citizens, and to the Constitution that enumerates our rights. It must be stopped. In Wyoming, we believe in small government closest to those it governs. One that is limited by the checks and balances enshrined in our Constitution and embodied in the very nature of our country as a republic. Regardless of whether overreach emanates from Washington or Cheyenne, we are opposed to its interference in our lives.

Wyoming citizens have not been shy in expressing their objections to government mandates. We value personal responsibility much higher than we do government edict. And we agree that Wyoming cannot let these federal transgressions stand.

From the start, my Administration has been active in defending our citizens' rights. You all know that I banned vaccine passports by Directive as soon as that notion surfaced and, you know that I have directed my staff and cabinet to spare no effort in forcefully opposing government mandates. I firmly believe that COVID-19 vaccination must be a personal choice.

As a conservative and a Republican, I believe in the individual rights every citizen is afforded under both our national Constitution and our state Constitution. That includes the right of any citizen to run their business as they see fit. Therefore, I am incensed that the Biden Administration would have the audacity to mandate that private employers require their employees be vaccinated against COVID-19, and find it unconscionable to threaten to withhold Medicare and Medicaid reimbursements unless mandates are enforced. Using taxpayer dollars in an attempt to coerce compliance is nothing more than blackmail.

Our Constitution was written and fought for to protect our liberties as Americans; not to become an instrument of oppression. The Biden Administration's pronouncements on these matters demonstrate its complete disregard for the rule of law and the freedoms that both individuals and private companies enjoy under our Constitution. Our founders recognized what we here in Wyoming hold dear -that government must be held in check and be limited in its authority.

These are heady times and it is clear we are all frustrated by the nonsense coming out of Washington, DC as well as the continuing disrespect this Administration shows for states' and citizens' rights. I empathize with this body's impatience to do something about it. In addition, as you know, my Administration has not been idle. So, as the work of this special session commences, I want to offer you an update on some of what the executive branch

has been up to as it prosecutes its responsibilities to protect Wyoming citizens from federal overreach.

As soon as President Biden threatened vaccine mandates, I instructed the Attorney General to be prepared to take all legal actions to oppose this unconstitutional overreach of federal executive power. Accordingly, General Hill has been busy strengthening alliances, refining potential arguments, and considering appropriate legal strategies to stop whatever harm comes from Washington on these points. She has already partnered 'with a coalition of Republican Attorneys General who are working together to craft effective legal action for when the time is right and a target presents itself. She and many of her colleagues have already penned a letter jointly to the President outlining their objections to mandates on private employers. That letter is attached. While General Hill has been working with her peers, I have also been in regular contact with other Republican Governors discussing strategies and preparing other responses to confront this federal menace.

We believe federal vaccine regulations are imminent, and -- just to be clear -- as I had indicated before, I stand ready to call you all back into special session should that need arise. We are a conservative state with a Republican majority in the Legislature, and a Republican Governor. We strive always to work for the best interests of the citizens of our state. I swore an oath to uphold and defend the Constitutions of the United States and that of Wyoming. I have done that to the best of my ability. I believe in liberty for individuals and that those liberties extend to how individuals choose to run their businesses. These principles cannot be decoupled for political expediency. To do so, as Hamilton and Madison argued in Federalist Papers #9 and #10, would risk the populist demise that has doomed earlier republics. We have seen the same "vibration between elsewhere in the world. Our Constitution is truly original and remarkable in the way its checks and balances have saved us from the worst excesses of power and ambition. We have been blessed since our inception with leaders such as George Washington, who rejected calls to replace one form of tyranny with another.

I appreciate the challenges you have ahead of you to be both thoughtful and to act urgently with purpose and merit. I look forward to seeing the fruits of your labor and will review them carefully and without prejudice, as is customary. I imagine many of you are also keenly aware of the other pressing work of the State -- to craft a budget in these distressing times and to finalize the Constitutionally-mandated redistricting. We have a lot to do in the few months before the budget session.

Wyoming's is a citizen Legislature made up of committed people who in addition to personal lives have other full-time jobs and businesses. It is because our legislators are not professional politicians that they bring the practical experience to bear on lawmaking which has eluded so many other states. Indeed, our U.S. Congress sometimes seems to have forgotten what it means to legislate and falling instead into the temptation to grandstand. I thank you for taking the time away from families, jobs, and businesses to address all of the important issues, which confront our state and her people in these troubling times.

The Honorable Mark Gordon  
33<sup>rd</sup> Governor of the State of Wyoming

#### **NOTICE TO GOVERNOR**

President Dockstader directed the Chief Clerk to notify His Excellency, the Governor, that the 2021 Special Session of the Senate, 66th Wyoming State Legislature, is organized and ready to receive any communications he may desire to submit.

**NOTICE TO HOUSE**

President Dockstader directed the Chief Clerk to notify the House of Representatives that the 2021 Special Session of the Senate, 66th Wyoming State Legislature, is organized and ready to receive any communications they may desire to submit.

President Dockstader: We are at the order of business, Amending and Adoption of the Rules.

Majority Floor Leader Driskill moved JR0001 proposing the Permanent and Joint Rules for the Senate of the 66th Wyoming State Legislature be amended by creating Joint Rule 24, Special Session Rules.

**JR0001/FAILED**

Amend the Joint Rules of the House and Senate by creating new Joint Rule 24 to read:

24. SPECIAL SESSION RULES

- 24-1 (a) During a special session of the 66th Legislature held in October or November of 2021, bills on a list first proposed by the respective majority floor leaders and receiving a majority vote of the elected members of the Senate and House voting separately shall be introduced as identical or "mirror" bills in the Senate and the House. Subject to paragraph (e) (ii) of this rule, the list of bills first proposed by the majority floor leader is debatable and may be amended. **Any bill placed on the list under this subsection shall be published on the legislative website by 5:00 p.m. of the day no less than five (5) days prior to introduction of the bill.** Following introduction:
- (i) Mirror bills on the list receiving a majority vote of the elected members of the Senate and House voting separately shall be referred to standing committees by the respective presiding officers of the Senate and House;
  - (ii) Any other bill shall be referred to the respective Senate or House rules committee.
- (b) As to each pair of mirror bills identified in subsection (a) of this rule, only one (1) of the introduced mirror bills shall be enacted into law.
- (c) Except for an amendment from a standing committee to which a mirror bill was referred, it shall be out of order to propose an amendment to a mirror bill identified in subsection (a) of this rule during committee of the whole consideration in the first house.
- (d) Following committee of the whole consideration in the house of origin of a mirror bill identified in subsection (a) of this rule, the mirror bill shall be immediately accelerated for consideration on second reading and third reading and final passage. Second and third reading will be conducted on the same legislative day as committee of the whole consideration of the mirror bill unless the second or third reading is extended to a subsequent legislative day. Second and third reading on the mirror bill shall commence at least ninety (90) minutes after the conclusion of committee of the whole and second reading on the mirror bills, respectively.
- (e) The following shall govern speaking during a special session held in October or November of 2021:
- (i) No member shall speak more than twice on the same question or amendment on the same day without leave of the Senate or House;
  - (ii) No member shall occupy the floor more than five (5) minutes each time the member speaks and there shall be no extensions of time under this rule. This limitation shall not apply to:

- (A) Explanation of a mirror bill identified in subsection (a) of this rule during committee of the whole in the first house or explanation of amendments to a mirror bill under subsections (c) or paragraph (g)(ii) of this rule;
  - (B) Explanation of the report of a conference committee under subsection (h) of this rule.
- (f) Notwithstanding House Rule 7-11 or Joint Rule 4-1, upon passage by the house of origin, a mirror bill identified in subsection (a) of this rule shall be delivered directly to the second house for action without engrossing but shall be accompanied by amendments adopted by the first house. A bill so delivered to, and in the possession of, the second house shall not be recalled for further action by the first house without the consent of the second house.
- (g) Notwithstanding Senate Rule 6-1 and House Rule 6-1 and any other rule to the contrary:
  - (i) Upon introduction in the second house, a mirror bill identified in subsection (a) of this rule passed by the house of origin shall be placed and considered by the second house on third reading;
  - (ii) During third reading debate in the second house on a mirror bill identified in subsection (a) of this rule, each amendment adopted by the house of origin to its mirror bill which is not identical to an amendment adopted by the second house on its own corresponding mirror bill shall be explained on the floor by a member of the standing committee to which the mirror bill was referred.
- (h) After explanation of amendments adopted by the house of origin as provided in paragraph (g)(ii) of this rule, no third reading vote will be taken on a mirror bill in the second house, and the bill shall not be sent back to the house of origin for concurrence. Rather, both mirror bills will be immediately referred to the same joint conference committee appointed by the presiding officers of both houses.
- (j) Notwithstanding Senate Rule 2-9, House Rule 2-5 and Joint Rules 2-1 through 2-3, the following rules shall govern joint conference committee action on mirror bills identified in subsection (a) of this rule:
  - (i) Both mirror bills shall be referred to a single joint conference committee as soon as third reading in the second house is completed;
  - (ii) The presiding officers of each house shall, in accordance with these rules and "Mason's Manual of Legislative Procedure," appoint a conference committee of three (3) to confer on the two mirror bills. A majority of each conference committee shall be appointed from the prevailing side on the vote for third reading and final passage of the mirror bill originating in that house;
  - (iii) The chairmanship for conference committees on mirror bills shall alternate as follows:
    - (A) The Senate shall have the chairmanship on the first meeting day for the first mirror bill referred to joint conference under this rule. The House shall have the chairmanship on the first meeting day for the second mirror bill referred to joint conference under this rule. The initial chairmanship for each additional mirror bill referred to joint conference shall continue to alternate in the same manner.
    - (B) After the first day a conference committee meets on a mirror bill assigned to joint conference under this rule the chairmanship shall alternate between the

Senate and House for each additional day the joint conference committee meets.

- (iv) The first joint conference committee appointed is not a free committee, however, Joint Rule 2-1(b) shall apply and in addition, the conference committee may propose amendments to make language changes in the mirror bill necessary to incorporate amendments adopted by either house. Each successive committee appointed thereafter shall be a free conference committee as defined in Section 773 of "Mason's Manual of Legislative Procedure";
  - (v) The joint conference committee shall consider and dispose of each adopted Senate amendment to the Senate mirror bill and each adopted House amendment to the House mirror bill. Only one (1) report shall be submitted for both mirror bills and only one (1) of the two (2) mirror bills referred to the committee shall be reported back to both houses. The mirror bill not reported back to both houses shall be regarded as automatically tabled;
  - (vi) The signed joint conference committee report shall be simultaneously referred to both houses for concurrence.
- (k) Notwithstanding Senate Rule 12-10, House Rule 12-11 or Part II (3) of the Wyoming Manual of Legislative Procedures, a motion for reconsideration of a vote on a mirror bill identified in subsection (a) of this rule shall be in order only on the same day that the original vote was taken and only if the bill is still in the possession of that house. The vote on the motion to reconsider shall be taken no later than the last item of business on the day of the original vote. If a vote to reconsider has passed or failed on a motion under this subsection, it shall not be in order to move to rescind the vote on that motion.
- (m) The following rules shall not apply to a mirror bill identified in subsection (a) of this rule: Senate Rules 4-8, 5-2(b), 6-5(c), 7-1, 7-3, 7-4, 7-8 and House Rules 4-8, 5-2, 6-6(a), 7-1, 7-3, 7-4, 7-7 and 7-9. A requirement to distribute or sign under any Senate, House or Joint Rule is satisfied by electronic means.
- (n) Members who attend a special session remotely with the prior approval of their respective presiding officer shall be considered present in person and within the bar of the respective Senate or House, shall be permitted to vote and shall be counted for purposes of determining whether a quorum is present. All actions heretofore undertaken and performed by the Senate and House for members to attend a special session remotely and be considered present are hereby ratified and approved. The presiding officers and chairmen while in committee of the whole or standing committee meetings may determine the appropriate means of voting for remote participants, including but not limited to the showing of hands or roll call. During a special session held in October or November of 2021, a requirement to print, distribute, deliver or sign under any Senate, House or joint rule may be satisfied by electronic means.
- (o) To the extent this rule is inconsistent with the Wyoming Manual of Legislative Procedures, the Legislative Handbook, Management Council Policies or other like authority, this rule shall supersede all such inconsistent provisions and shall govern during a special session held in October or November of 2021.

All funds within the account shall be invested by the state treasurer as authorized under W.S. 9-4-715(a), (d), (e) and (r) and all investment earnings from the account shall be credited to the account. Beginning July 1, 2021 for fiscal year 2022 and each fiscal year thereafter, to the extent funds are available, the state treasurer shall transfer unobligated funds from this account to the general fund on a

quarterly, pro-rata basis as necessary to ensure that an amount equal to two and one-half percent (2.5%) of the previous five (5) year average market value of the permanent Wyoming mineral trust fund, calculated on the first day of the fiscal year, is available for expenditure during each fiscal year. (q) The earnings from the permanent Wyoming mineral trust fund under W.S. 9-4-204(u)(iii) during each fiscal year beginning July 1, 2016, which are less than the spending policy established in subsection (d) of this section are appropriated from the general fund subject to subsection (s) of this section and the following:

(i) Except as otherwise provided in this paragraph, any earnings in excess of two and one-half percent (2.5%) of the previous five (5) year average market value of the trust fund, calculated from the first day of the fiscal year and less than or equal to the spending policy amount specified in subsection (d) of this section shall be credited to the legislative stabilization reserve account created by W.S. 9-4-219 and the strategic investments and projects account created by W.S. 9-4-220 in equal amounts. " (d) The state superintendent of public instruction shall appoint an appeals board to hear appeals pursuant to this subsection and subsections (e) and (f) of this section. Appeals shall only be heard on the issue of whether a student is being properly denied or should be denied participation on a team or in a sport designated for females in accordance with this chapter. At the request of an appealing student, the board shall deem the student's medical information confidential and shall not disclose that information. If the appeals board finds that a student does not possess in a sufficient quantity the normal male physical capabilities to present a threat of unfair competition to a normal female who wishes to participate on the team or in the sport, the appeals board shall grant permission for the student to participate on the team or in the sport.  
(e) The appeals board shall consist of either three (3) or five (5) members, as determined by the state superintendent. Members on the appeals board shall serve two (2) year terms. The appeals board shall include at least one (1) member with experience coaching a team or individual sport and shall include at least one (1) member who is a health care professional whose professional training or experience gives the professional an understanding of the normal comparative physical capabilities of males and females related to athletic performance. Board members who are not state employees, employees of the University of Wyoming or employees of a school district or community college shall receive travel expenses, per diem and mileage expenses in the same manner and amount as state legislators.

"22. (a) This appropriation to the Wyoming business council is for purposes of increasing broadband connectivity to improve access to and meet the increased need for reliable high-speed internet service. In administering funds distributed and expended under this footnote, the Wyoming business council shall:

(i) Include performance requirements in its contracts with grant recipients, which performance requirements shall, at a minimum, require the grant recipient and any successor in interest to offer and provide continuous service to broadband customers during at least the first seven (7) years after substantial completion of the relevant project for which grant funds were expended;

(ii) Strive to increase the availability of broadband services available in Wyoming rural, unserved and underserved areas and in Wyoming cities, towns and counties that lack competition in broadband services;

(iii) For middle-mile broadband projects as defined by W.S. 9-12-1501(h) (ii) that receive or expend funds from this appropriation, require project recipients to allow last-mile broadband providers access to those middle-mile conduits at a reasonable rate as determined by the council. Equitable rates shall be determined by the council by comparing the maintenance costs, investment and any subsidy involved in the particular middle-mile conduit at issue;

(iv) For any projects that receive or expend funds from this appropriation, implement buildout requirements that include milestones and network performance testing requirements, as determined by the council.

(b) Of the appropriation in subsection (a) of this footnote, expenditure of fifteen million dollars (\$15,000,000.00) ARPD is conditioned upon a match of funds in the ratio of one dollar (\$1.00) of appropriated funds to not less than fifty cents (\$0.50) of private sector matching funds from project participants. Private sector matching funds provided under this subsection shall be accounted for in the aggregate of appropriated funds expended and not on a per project basis. Private sector matching funds provided under this subsection shall include future maintenance commitments that will be expended within the first three (3) years of the life of the project and any other allowable expense authorized by the Infrastructure Investment and Jobs Act, P.L. 117-58.

(c) It is the intent of the legislature that the appropriation in subsection (a) of this footnote leverage additional federal funds for broadband connectivity under the Infrastructure Investment and Jobs Act, P.L. 117-58 to the maximum extent possible and not less than one dollar (\$1.00) of appropriated funds to four dollars (\$4.00) of federal matching funds."

The following conditions shall apply to all grants provided under this footnote:

(i) The maximum grant awarded for any single eligible project shall not exceed eighty-five percent (85%) of the estimated project costs or seven million five-hundred thousand dollars (\$7,500,000.00), whichever is less;

(ii) Subject to federal law, a grant awarded under this footnote shall be conditioned upon the recipient agreeing to be responsible for:

(A) Compliance with all applicable requirements of the American Rescue Plan Act of 2021, P.L. No. 117-2;

(B) The operation and maintenance of the project;

(C) All project expenditures in excess of the total project grant award amount;

(D) Repaying the entirety, or a portion, of the grant award if the recipient abandons completion of the project, or if a portion of the project is ultimately determined to be ineligible for American Rescue Plan Act funds;

(E) Any additional consideration deemed necessary by the Wyoming water development office to protect the use of public funds;

(F) Expending grant funds before December 1, 2026.

(iii) Decisions of the Wyoming water development commission, Wyoming water development office, office of state lands and investments and department of environmental quality relating to determinations of project eligibility and prioritization, including recommendations relating to grant award amounts, are specifically exempt from all provisions of the Wyoming Administrative Procedure Act including provisions for judicial review under W.S. 16-3-114 and 16-3-115;

The physician assistant program may allow students to participate remotely from any Wyoming community college as practicable.

30. This appropriation to the supreme court is for purposes of assisting with the provision of civil legal needs of low-income individuals, clients with special needs and other vulnerable populations and improving access to legal services during the COVID-19 pandemic through equal justice Wyoming. This appropriation shall be used by the supreme court to implement a common case management system for nonprofit civil legal aid providers, create an online triage portal for low-income individuals allowing for increased access to civil legal services, broaden access for limited English proficient individuals to the court system through remote interpretation and upgrade the equal justice Wyoming website, which serves as the central information repository for clients seeking legal assistance."
