ADDRESS BY PRESIDENT OF THE SENATE
OGDEN DRISKILL

Good afternoon.

Current and newly elected senators, distinguished guests and all those joining us today — it is my great privilege to welcome you to the 67th Session of the Wyoming Legislature.

Standing in these hallowed chambers today, I am struck by the same sense of reverence that I was when I first stepped into the Capitol as a freshman senator more than a decade ago. We inherit a noble legacy of servant leadership — and a solemn charge to continue to build upon it.

First and foremost, I want to thank my family, who is here today. They say behind every public servant is a spouse back home working double duty. That's sure true — probably the kids, too. Thank you, Zannie, for your unwavering support. And to my children, Andrea, Katerie and Lincoln for your steady counsel.

My parents and grandparents were bedrock republicans for their entire lives. I am saddened that they aren't here to celebrate the day with all of us.

But truly, I am honored to be here representing the hardworking people of Wyoming, and I am humbled to serve as your President of the Senate.

There are several lawmakers here today who deserve special recognition for their dedicated leadership, which has helped set the course of our state.

- Senator Charles Scott (43 years);
- Senator Cale Case (30 years);
- Senator Dan Dockstader (16 years); and
- Senator Bill Landen (16 years)

Thank you, gentlemen, for your friendship and tireless service.

There are other champions of the legislature that played a huge role in my tenure as a Senator, who are no longer with us, whose absence we mourn:

- Senator Leland Christensen;
- Senator Henry (Hank) Coe;
- Senator Jerry Geis; and
- Senator John Schiffer

Their leadership set an example of decency and decorum that each of us can aspire to.

To our new members:

- Senator Evie Brennan
- Senator Stacy Jones
- Senator Bob Ide

Welcome.

And not new to the Legislative body, but new to the Senate:

- Senator Barlow-Past speaker of the House
- Senator Laursen

Thank you for stepping up to serve our great state.

I look forward to working with my legislative leadership team—Vice President Kinskey and Majority Floor Leader Larry Hicks—strong leaders for Wyoming's future.

And an extra special thanks to Past President Dockstader for his steady hands through a rough time.

What makes this citizen legislature so effective is the diversity of views its members bring. And we all know the Minority party is not short on views. Senator Rothfuss, Senator Gierau – I look forward to working with you and each of the members of your party.

As always, I look forward to working with Governor Gordon and applaud his wise choice of past Senator Drew Perkins as his chief of staff—truly a great choice.

As we consider the work before us, I am reminded of what Abraham Lincoln said in his first Inaugural Address – invoking the "better angels of our nature" –

"We are not enemies, but friends. We must not be enemies."

Nationally, and even here at home in Wyoming, the political discourse has become dug in and personal. I believe there is more common ground that unites us than differences that divide us. Our constituents sent us here to tackle the big issues facing our state—not to settle political scores.

We are a citizen legislature. Our members bring a diversity of backgrounds, experience and perspectives – all of which will help forge our path forward.

As your leader, I pledge to lead by example—to conduct the Senate's business with the utmost decorum and respect; to build up, mentor and empower leaders at every level; and to trust in the rules, processes and tradition of this institution to ensure fairness and civility.

Our great state has weathered a lot of ups and downs. Over just the past several years, we have faced down some of the largest budget cuts in history and enjoyed major surpluses.

Throughout the highs and lows, a commitment to fiscal prudence and long-term planning has kept us on the path to pay our bills, serve our taxpayers and save for the future.

In relatively short order, we have begun to diversify our economy and our revenue models. A little over a decade ago Wyoming generated 20 percent more from mineral extraction as a percent of the general operating budget than it does today.

Thanks largely to the work of this Legislature, Wyoming has become a model and global leader in the innovative technology cryptocurrency and its regulation. Our state is attracting new investment, manufacturing, and creating an environment where small businesses can succeed.

In 2014, the Wyoming State Legislature allocated $15 million in funding, with a required $5 million private industry match to advance carbon capture technology. Now known as the Wyoming Integrated Test Center – that facility is recognized internationally and is the largest of its kind in North America. It was the Legislature's vision that led to over $100 million in projects that will be coming into the ITC over the next two years. I am proud to spearhead an effort to bring another X Prize to Wyoming and hopefully extend our states leadership in innovation. Stay tuned for details.

With the Governor and the Department of Veterans Affairs, The Wyoming Legislature provided funding to open the Veterans Home, the first veterans skilled nursing facility in Wyoming.

A true citizen legislature - with live streaming and access to proceedings, the Legislature is more open, accessible, and transparent than ever.

Together, we navigated a global pandemic, and kept Wyoming open for business.

As we enter this session, we will have to decide how to allocate nearly $2 billion in budget surpluses. As this institution has in the past, we will prioritize savings – with the goal of putting a quarter to 30% of this one-time windfall into long-term savings to benefit future generations.

Because, as we know, it's not a question of whether the good times will last – but rather when they will run out.

Legislative Priorities

It is with that eye to the future that we prioritize the issues that we will address in this session.

With the support of committee chairs, the Governor's office and individual members, we have identified several policy priorities, which I would like to talk a little more about.

As I just noted, we are fortunate to now have a significant surplus, which owes to a surge in oil and gas prices, a robust investment policy and the allocation of federal funds. We must remember much of this is a one-time bump, not a wholesale change to our economic outlook.

It is my hope that we will invest a bulk of these resources into long-term savings, so that our state will continue to be well-positioned to answer the needs of tomorrow. And there seems to be strong consensus behind stewarding this wealth for future generations. Many thanks to our predecessors who started the Permanent Mineral Trust fund—Investing much of our one-time mineral wealth in a permanent fund that lets future generations share in our one-time mineral wealth for eternity.

We will continue to support the historic drivers of our economy—namely, traditional energy production. At the same time, we will lean into new technologies, like carbon capture and sequestration, and opportunities to make Wyoming a destination for new businesses and investments.

I will strive and work hard to find a way to cap or rollback our personal property taxes without crippling our education and local government spending. We cannot make housing unaffordable to our elderly and underserved populations. As always, I will work for keeping our taxes low and our spending lean. I have cosponsored a bill that will even diversify our tax base. This bill will lower sales tax by nearly 1/2 while eliminating exemptions to our sales tax, making our taxes fairer and spread in a fair way. We must strive for the lowest possible taxes spread fairly among taxpayers.

Wyoming's economy has evolved significantly over the past decade—with much of the change happening in past several years. This is not by coincidence; it's the result of pragmatic policy-making that is fostering investment and business growth across every corner of our state.

We can and must continue to build on these gains—by supporting policies that foster growth and investment, removing bureaucratic hurdles and costly red tape, and creating an economic climate where businesses of all sizes can succeed.

I am a huge believer that government does not create jobs—It creates an environment that attracts private industry to locate in our great state.

There are many recent examples where the Legislature has gotten it right — from Food Freedom bills that make it easier for small business owners to market and sell their products, blockchain laws and attracting firearms industries and data centers to the newly proposed regional hydrogen hub to create hydrogen fuel out of natural gas in southwest Wyoming. Wyoming will do all that it can to move that project forward.

- Education:

Funding an education system that provides a high-quality education to our young people is one of the highest duties of the Legislature.

Wyoming has made steady progress in improving education quality and outcomes—which has come even against the backdrop of tough spending reductions in recent years.

While our state's economic outlook has improved, we must continue to keep an eye on long-term funding for our schools and teachers.

I will continue to drive dollars into teaching staff and classrooms as a priority of our educational spending.

We have an opportunity to embrace school choice, which provides families with more options to ensure their children receive an education that will prepare them to succeed in tomorrow's workforce.

I will continue to strengthen and enhance our charter school laws—last year's bill has attracted 3 new charter schools to Wyoming that will educate thousands of Wyoming students in coming years.

These issues are just the tip of the iceberg. We as the Legislature have our work cut out for us over the next 37 days—and the people of Wyoming are counting on us.

Our success will depend on our ability to work together—to put aside personal differences, to focus on common ground and the common good, and to work in good faith to reach the best outcomes.

Thank you for your confidence and faith in me as your President of the Senate. I pledge to abide by the Golden Rule – to treat each of you with the respect and decency that I expect you will treat each other. Together, I am confident we can and will continue to build on the great legacy of this institution and deliver results for the hardworking men and women of Wyoming.

God bless Wyoming, and God bless the United States.

President Driskill welcomed the Gillette Chamber Singers, under the direction of Paul Ormseth.

Section 333.

(a) There is appropriated twenty-eight million four hundred thousand dollars ($28,400,000.00) from the general fund to the department of revenue for the purpose of providing reimbursement to cities, towns, counties, political subdivisions and school districts for property tax reductions as a result of the implementation of Senate File 0136 for fiscal years 2024, 2025 and 2026 in accordance with this section.

(b) For fiscal year 2024, each city, town, county and school district may apply to the department for reimbursement based on the difference in the assessed valuation of the all other property classification from 2022 to 2023 using the mill levies assessed in 2022 and the reduced assessment rate as specified in 2023 Senate File 0136. For fiscal years 2025 and 2026, each city, town, county and school district may apply to the department for reimbursement based on the difference in the assessed valuation of the all other property classification from the previous tax year to the applicable tax year using the mill levies assessed in the previous tax year and the reduced assessment rate as specified in the applicable tax year in Senate File 0136.

"(a) All contracts for any type of public improvement, excluding contracts for professional services or where the primary purpose is emergency work or maintenance, for any city or town or joint powers board wherein at least one (1) member is a municipality shall be advertised for bid or for response if a request for proposal or qualification for construction manager agent, construction manager at risk or design-builder is used, if the estimated cost, including all related costs, exceeds a bid threshold of ~~thirty-five thousand dollars ($35,000.00)~~ seventy-five thousand dollars ($75,000.00), except that a contract for the purchase or lease of a new automobile or truck shall be advertised regardless of cost and if there is an automobile or truck for trade-in, it shall be included as a part of the advertisement and bid. The requirements of W.S. 15-1-112(a) do not apply to any city or town trading in an automobile or truck on the purchase of a new automobile or truck.

(d) Every contract shall be executed by the mayor or in his absence or disability, by the president or other presiding officer of the governing body and by the clerk or designee of the governing body. The successful bidder or respondent shall furnish to the city, town or joint powers board a bond or other form of guarantee in accordance with W.S. 16-6-112. A successful bidder shall not be required to furnish a bond or other form of guarantee if the contract is for the purchase or lease of a new automobile or truck that costs less than one hundred thousand dollars ($100,000.00).

(f) In advertising for any bid, the forms of guarantee required under this section and approved by the city, town or joint powers board shall be specified. In addition, bidders shall be required to accompany each bid with a bid bond or if the bid is one hundred fifty thousand dollars ($150,000.00) or less, any other form of bid guarantee approved by the city, town or joint powers board, equal to at least five percent (5%) of the total bid amount, with sufficient surety and payable to the city, town or joint powers board. Bidders shall not be required to accompany a bid with a bid bond or other form of bid guarantee if the bid is for the purchase or lease of a new automobile or truck that costs less than one hundred thousand dollars ($100,000.00). The bid guarantee shall be forfeited as liquidated damages if the bidder, upon the letting of the contract to him, fails to enter into the contract within thirty (30) days after it is presented to him for that purpose or fails to proceed with the performance of the contract. The bid guarantee shall be retained by the city, town or joint powers board until proper bond or other form of security satisfactory to the city, town or joint powers board to secure performance of the contract has been filed and approved. The right to reject any bid is reserved in all bid advertisements. All bids shall be numbered consecutively

before they are opened and no further bids may be received after the advertised time of opening bids and any bid is publicly opened. The city, town or joint powers board shall give all persons who desire an opportunity to inspect all bids when they are opened. No bid may be considered unless accompanied by a bid guarantee in the required amount.

(g) No contract for which a bond or other form of financial guarantee approved by the city, town or joint powers board is required or for the purchase or lease of a new automobile or truck that is subject to the advertising requirements of subsection (a) of this section may be assigned or transferred in any manner except by operation of law or consent of the governing body endorsed on the contract. Assignment by any other means renders the contract null and void as to any further performance by the contractor or the assignee, without any act on the part of the city, town or joint powers board. The city, town or joint powers board may at once proceed to relet the contract or may at its discretion proceed to complete the contract as agent at the expense of the contractor and his sureties.

(t) If a city, town or joint powers board is unsuccessful in acquiring a bid as provided by this section, the city, town or joint powers board may proceed to acquire a vehicle or equipment for which the bid was sought through a solicitation process, provided that the cost of vehicle or equipment to be obtained under this subsection shall not exceed two hundred fifty thousand dollars ($250,000.00).". (i) Gross production of minerals and mine products in lieu of taxes on the land where produced;

(ii) Property used for industrial purposes as defined by the legislature; ~~and~~

(iii) Residential real property; and

(iv) All other property, real and personal.

(b) The legislature shall prescribe the percentage of value which shall be assessed within each designated class. All taxable property shall be valued at its full value as defined by the legislature except agricultural and grazing lands which shall be valued according to the capability of the land to produce agricultural products under normal conditions. The percentage of value prescribed for industrial property shall not be more than forty percent (40%) higher nor more than four (4) percentage points more than the percentage prescribed for residential real property or more than forty percent (40%) higher nor more than four (4) percentage points more than the percentage prescribed for all other property other than minerals.

(c) Except as provided in this subsection the legislature shall not create new classes or subclasses or authorize any property to be assessed at a rate other than the rates set for authorized classes. The legislature may create a subclass of residential real property for owner occupied primary residences.

(d) All taxation shall be equal and uniform within each class and subclass of property. The legislature shall prescribe such regulations as shall secure a just valuation for taxation of all property, real and personal.

Section 2. That the Secretary of State shall endorse the following statement on the proposed amendment:

The adoption of this amendment would separate residential real property into its own class of property for purposes of property tax assessments. The amendment would authorize the legislature to create a subclass of owner occupied primary residences.". STORER, ALLRED, LARSEN, L, OAKLEY

SESSION OVERVIEW BY SENATE MINORITY FLOOR LEADER CHRIS ROTHFUSS

Oh the Things We Have Did!
A Session Overview

by Senator Chris Rothfuss
March 2, 2023

Oh the things we have did!
Oh the fun we did had!
Some worse for the better,
Some better for bad.

But for 36 omelets and 36 days,
We counted the ayes and discounted the nays.
We battled on, rattled on, mustn'ts and mays.
We prattled on, saddled on cattle a' graze.

Some actions were taken, I'll mention a few.
Things we did,
things we didn't,

things we don't,
things we do.

To savings, we saved 1 billion and three.
Four ways we did split it,
Four ways you will see,
To reserve,
Or preserve,
For posterity.

One share to the permanent mineral trust fund.
Could we fund, should we fund?
Oh yes we must fund!

One share to the corpus
Of the school program foundation,
For our kids and their kids' kids' kids' education.

Each share split two ways–half corpus, half cash,
To maximize yield without being too rash.
We saved, how we saved, as we braved for a crash.

We tended towards tenancy in the entirety,
The Beer Freedom Act failed a test of sobriety,
Ballots will no longer cause much anxiety,
Underage marriage is deemed impropriety.

Easements for water shall now be prescriptive,
Trespassing signs somewhat more descriptive,
New opiate antagonists for the fentanyl addictive,
And chancery courts less jurisdiction restrictive.

More compensation for wolf depredation,
While twelve months postpartum avoids cancellation,
With vehicle idling-decriminalization,
And methods for museum board disintegration.

But now near the end, exhausted, exhorted,
Our sanity questioned, our amity thwarted,
Pitchers and catchers have long since reported...

As the black helicopters land,
There's just one last thing to say...
Only 140 days left until Moon Landing Day!
