Description of Appropriation and Source of Expenditure Increase:

This bill appropriates \$100,000 from the SCHOOL FOUNDATION PROGRAM ACCOUNT for the fiscal year (FY) 2025-2026 biennium to the FIREARMS ON SCHOOL PROPERTY ACCOUNT, as created by this bill. This bill continuously appropriates funds from the FIREARMS ON SCHOOL PROPERTY ACCOUNT to the Department of Education to reimburse school districts for costs related to the possession of firearms on school property under W.S. 21-3-132(c)(iii)(A) and (B) and for costs related to the rules adopted by each school district under W.S. 21-3-132.

The anticipated expenditure increase for FY 2027, estimates the annual ongoing cost of this bill and the requirement in Section 3 to have the Department of Education include the SCHOOL FOUNDATION PROGRAM ACCOUNT appropriation to the FIREARMS ON SCHOOL PROPERTY ACCOUNT in its standard budget.

Assumptions:

The Department of Education assumes it will reimburse school districts \$50,000 each year for costs eligible for reimbursement under W.S. 21-3-135(b), as created by this bill.
