"(j) Notwithstanding any other provision of law, the school facilities division of the state construction department and the school facilities commission shall study whether the state construction department should direct expenditures for all major building and facility repair and replacement under W.S. 21-15-109, including authorizing and supervising the major maintenance projects for all K-12 public school facilities across Wyoming. As part of this study, the school facilities division of the state construction department shall

analyze the potential impacts on the agency and school districts that received funding for construction for any building and facility projects for the period beginning July 1, 2022, and ending June 30, 2026. Not later than October 1, 2025, and each October 1 thereafter until October 1, 2031, the school facilities division of the state construction department and the school facilities commission shall report to the joint appropriations committee and the select committee on school facilities any findings and recommendations as a result of this study and shall include any proposed statutory amendments necessary to operationalize direct expenditures by the state construction department for major building and facility repair and replacement for all K-12 public school facilities.".
