Chapter No.: 25
Prime Sponsor: Brennan
Catch Title: Charter school funding-amendments.
Has Report: No
Subject: Charter school funding amendments.

Summary/Major Elements:

- Under current law, central office resources generated within the K-12 education resource block grant model, including central office personnel and central office nonpersonnel, are not required to be allocated to charter schools under W.S. 21-3-314(c)(i) by school districts.
- This act amends W.S. 21-3-314(c)(i) to allocate central office nonpersonnel resources to charter schools based upon the average daily membership of the charter school. This act also creates W.S. 21-3-314(c)(vi) to allocate central office personnel resources in a proportionate amount calculated by dividing the charter school's average daily membership by the total average daily membership of the charter school's respective school district and multiplying that percentage by the central office personnel resources generated from the K-12 education resource block grant model.
