STATEMENT OF REASONS
2017 BIG GAME, WILD BISON, GAME BIRD, SMALL GAME AND MIGRATORY
GAME BIRD HUNTING SEASONS

W. S. § 23-1-302 directs and empowers the Commission to fix seasons and bag limits, open, shorten or close seasons on any species or sex of wildlife except predatory animals, predacious birds, protected animals and protected birds.

W. S. § 23-2-107 empowers the Commission to promulgate reasonable rules and regulations regulating wild bison licenses and the management of wild bison.

The Commission proposes to amend the Wyoming Game and Fish Commission Regulations listed below to establish annual hunting seasons, limitations and bag limits for the 2017 hunting seasons. The 2016 big game harvest information is not available at the time these draft regulations are being filed. Hunt area season dates, limitations and license quotas may be altered as a result of harvest data currently being evaluated. Any additional proposed changes to season dates, specific hunt area limitations, numbers of limited quota licenses, license types, hunt area boundaries or other hunting provisions will be made available for public comment during all public meetings held around the state. Chapter 43, Areas Closed to the Taking of Specified Wildlife is being repealed.

- Chapter 2, 2016 General Hunting Regulation
- Chapter 5, 2016 Antelope Hunting Seasons
- Chapter 6, 2016 Deer Hunting Seasons
- Chapter 7, 2016 Elk Hunting Seasons
- Chapter 8, 2016 Moose Hunting Seasons
- Chapter 9, 2016 Bighorn Sheep and Mountain Goat Hunting Seasons
- Chapter 11, 2016 Upland Game Bird and Small Game Hunting Seasons
- Chapter 14, Migratory Game Bird Hunting Seasons and Light Goose Conservation Order
- Chapter 15, 2016 Wild Bison Recreational Hunting Season
- Chapter 20, 2016 Fall and 2017 Spring Wild Turkey Hunting Seasons
- Chapter 43, Areas Closed to the Taking of Specified Wildlife (repeal)

In addition to amendments that generally address hunt areas, season dates, bag limits, and license quota changes discussed above, the following amendments are also being made:

Chapter 2, 2016 General Hunting Regulation. Definitions of several terms have been modified for clarity, but do not change the original intent of the definitions. The term “Off National Grasslands” is being deleted and is no longer needed as a hunt area boundary limitation. Section 15 has been edited for clarity concerning transportation and disposal of elk, deer and moose taken from Chronic Wasting Disease hunt areas within Wyoming. The Department is currently evaluating the number of reduced price doe/fawn and cow/calf licenses a person may apply for and receive for certain hunt areas. A new section is being added to incorporate regulatory provisions from Chapter 43 which is being repealed.

Chapter 5, 2016 Antelope Hunting Seasons. Hunt area boundaries for antelope Hunt Areas 31, 32, 69, 70, 73, 90, 93, and 96 are being modified. Portions of Hunt Areas 90 and 96 are being used to create new Hunt Area 101. A new boundary description is being provided for Hunt Area 101. In Section 4, edits have been made requiring hunters participating in a disabled hunter season extension to be in possession of a Disabled Hunter Season Extension Permit.

Chapter 6, 2016 Deer Hunting Seasons. Mule deer and white-tailed deer seasons may be separated in some hunt areas. Antler point restrictions may be added or removed from some hunt areas. Hunt area boundary descriptions have been modified for deer Hunt Areas 34, 66, 67, 88, 132 and 133. Deer Hunt Areas 141 and 162 are being combined into a new deer Hunt Area 141. A new hunt area boundary description is being provided for deer Hunt Area 141. In Section 4, edits have been made requiring hunters participating in a disabled hunter season extension to be in possession of a Disabled Hunter Season Extension Permit.

Chapter 7, 2016 Elk Hunting Seasons. Hunt area boundary descriptions have been modified for elk Hunt Areas 19, 23 and 120. Elk Hunt Area 113 will be open for the 2017 hunting season. In Section 4, edits have been made requiring hunters participating in a disabled hunter season extension to be in possession of a Disabled Hunter Season Extension Permit.

Chapter 8, 2016 Moose Hunting Seasons. Moose Hunt Areas 33 and 44 will be closed for the 2017 hunting season. Moose Hunt Areas 36 and 40 will not be combined for the 2017 hunting season.

Chapter 9, 2016 Bighorn Sheep and Mountain Goat Hunting Seasons. The boundary descriptions for bighorn sheep Hunt Areas 8 and 23 are being combined into a new Hunt Area 8. A new boundary description is being provided for bighorn sheep Hunt Area 8. Hunt Area 23 is being eliminated.

Chapter 14, Migratory Game Bird Hunting Seasons and Light Goose Conservation Order. Several existing regulatory provisions have been reformatted to new Sections within this regulation for a consistent flow of information. Additional edits to this regulation include: adding a light goose season in the Pacific Flyway, modifications to legal shooting hours for taking migratory game birds and for the light goose conservation order for consistency with other regulations, an increase in the bag limit for Dark Geese to 4 daily and 12 in possession, a reduction in the pintail internal bag restriction from 2 to 1 daily, the age limit to participate in the youth waterfowl hunting days is increased from 15 to 17 years old and a hunt area boundary description has been added for the Bump Sullivan Managed Goose Hunt. Limited quota sandhill crane season dates and quotas are currently being evaluated to increase hunter opportunity.

Chapter 43, Areas Closed to the Taking of Specified Wildlife is being repealed. Specific regulatory provisions from this regulation will be incorporated into Chapter 2, General Hunting Regulations.

For any of the regulations listed above, hunt areas and hunt area boundary descriptions may be modified, realigned or updated for clarity or management purposes. The realignment of

some hunt area boundary lines may move a portion of a hunt area from limited quota to general license hunting, or general license to limited quota license hunting. License types may be added or deleted and limitations imposed on a specific license or license type may be made more or less restrictive to meet management objectives.

Minor grammatical and formatting edits have also been incorporated in the above regulations that do not change the intent of these regulations.

CHAPTER 14

MIGRATORY GAME BIRD HUNTING SEASONS AND LIGHT GOOSE CONSERVATION ORDER

Section 1. Authority. This regulation is promulgated by authority of Wyoming Statutes § 3-1-302(a)(i) and § 23-2-105(d).

Section 2. Hunting Regulations.

(a) Federal Regulations. 50 CFR 10, 20 and 21 revised as of March 28, 2017, which do not include any later amendments or editions of the incorporated matter, governing the hunting, taking and possession of migratory birds and migratory game birds, the light goose conservation order, the requirement for a valid federal migratory bird hunting and conservation stamp and the requirement for state participation in the National Harvest Information Program, are adopted as regulations of the Wyoming Game and Fish Commission. Violations of these federal statutes and regulations shall be violations of the Commission regulations. A copy of Title 50 of the Code of Federal Regulations can be viewed at the Cheyenne Headquarters or Department Regional Offices.

(i) Shotgun Shell Capacity. Automatic loading, pump, or repeating shotguns shall be plugged to admit no more than one (1) shell in the chamber and two (2) shells in the magazine while hunting migratory game birds. This shell restriction does not apply during the light goose conservation order (refer to Section 7 of this regulation).

(ii) Federal Migratory Bird Hunting and Conservation Stamp (federal duck stamp). A federal duck stamp is required for persons sixteen (16) years of age and older to hunt ducks, geese and mergansers. A federal duck stamp is not required to hunt coots, sandhill cranes, crows, mourning doves, rail or snipe. Federal duck stamps shall be signed in ink across the face of the stamp and shall be in possession of the hunter while in the field. Hunters possessing an electronic federal duck stamp are exempted from this signature provision during the time their electronic federal duck stamp is valid.

(iii) HIP Permit. Each licensed hunter who hunts migratory game birds shall complete a current Wyoming validation for the National Harvest Information Program (HIP) and shall obtain a Wyoming HIP permit. This requirement also applies to holders of pioneer and lifetime hunting licenses. Each licensed hunter engaged in the act of hunting doves, ducks, geese, mergansers, coots, rails, cranes or snipe shall be in possession of a Wyoming HIP permit and shall immediately produce said permit upon request from any authorized Department representative. HIP permits shall be signed in ink across the face of the permit and shall be in possession of the hunter while in the field. HIP permits expire on June 30 each year. HIP permits are not transferrable to other states. A separate HIP permit is required from each state in which you hunt. Wyoming HIP permits shall be available only on the Department website. Youths under 14 are not required to obtain a HIP permit if they do not hold a valid game bird license.

(iv) Evidence of Species. One fully-feathered wing or the feathered head shall remain naturally attached to the carcass as a means of identification of migratory game birds, except mourning doves, in the field and while the birds are being transported.

(v) Nontoxic Shot. No person shall hunt ducks, geese, mergansers or coots while possessing shot other than nontoxic shot. A current list of federally-approved nontoxic shot is published at 50 CFR 20.21(j), revised as of March 28, 2017. Nontoxic shot is also required when using a shotgun to hunt any game bird on the Commission’s Table Mountain and Springer/Bump-Sullivan wildlife habitat management areas.

Section 2. Definitions. Definitions shall be as set forth in Title 23, Wyoming Statutes, Commission regulations and the Commission also adopts the following definitions:

(a) “Archery Equipment” means a bow of at least fifty (50) pounds draw weight. The crossbow hunter must be equipped with a crossbow of not less than ninety (90) pounds draw weight and a crossbow bolt of at least sixteen (16) inches in length. The broadhead of arrows or bolts shall have a minimum cutting width of one (1) inch.

(b) “Bull” means any male wild bison older than one (1) year of age.

(c) “Calf” means young of the year wild bison.

(d) “Edible portions” means the meat of the front quarters as far down as the knees, the meat of the hindquarters as far down as the hocks, and the meat along the backbone between the neck and hindquarters including the loins and tenderloins, excluding meat on the ribs and neck.

(e) “Female” means any female wild bison older than one (1) year of age.

(f) “Firearm” means any firearm which has a barrel bore diameter of at least twenty-seven hundredths (27/100) of an inch and is chambered to fire a center-fire cartridge not less than two (2) inches in overall length, including a soft or expanding point bullet of a minimum of one hundred fifty (150) grains, seated to a normal depth.

(g) “Hunter Information Card” means a survey form used by the Department to collect wild bison hunting and harvest information.

(h) “Muzzle-loading Firearm” means a muzzle-loading rifle having a barrel bore diameter of at least 50/100 of an inch and a charge of at least one hundred (100) grains of black powder or equivalent.

(i) “National Elk Refuge Permit” means a permit that allows a properly licensed wild bison hunter to access the National Elk Refuge to take a wild bison.

(j) “Site of kill” means the location where the harvested animal died.

(k) “Type” means a limitation on a wild bison license in a particular hunt area for the sex of animal, the length of season, the type of weapon or a portion of a hunt area in which the license shall be valid.

STATEMENT OF REASONS

CHAPTER 44

REGULATION FOR ISSUANCE OF LICENSES, PERMITS, STAMPS, TAGS, PREFERENCE POINTS, COMPETITIVE RAFFLE CHANCES AND COUPONS

W.S. § 23-1-302 empowers the Commission to prescribe the requirements and form, including electronic licensing format, for the licenses, stamps and tags provided in the Game and Fish Act.

Section 3, Definitions. The definitions of “Leftover Licenses, Party and Permit” have been modified for clarity. New definitions have been provided for “Issue-After License and Leftover Drawing” to address a leftover license drawing process.

Section 5, License Issuance. Numerous edits have been provided in this Section and throughout this regulation to address a leftover license draw process. A leftover license draw will take place after the initial drawing is completed. Any licenses remaining after the leftover drawing will be made available to the public on an as processed basis through the Department’s Electronic License Service.

Section 6, Permits. Edits have been incorporated to clarify the percentage of limited quota sandhill crane permits available to nonresidents. Changes were made to the title of Shoot from the Vehicle Permits.

Section 11, Governor Complimentary Licenses. Language has been added which indicates Complimentary Wild Bison licenses shall not be valid in any wild bison hunt area which has a total quota of ten (10) or less any wild bison licenses.

Section 14, Pioneer Licenses, Pioneer heritage Licenses, Honorable Discharged Pioneer Veteran’s Licenses, One Hundred Percent (100%) Disabled Resident Veterans Licenses, Resident Disabled Veterans Lifetime Fishing Licenses and Purple Heart Medal Recipients. A cut-off date has been included for pioneer applicants applying for certain licenses. The effective date is being removed from Subsection (g) since it has already passed.

Section 18, Party Applications. Clarification has been made to this Section to allow for residents and nonresidents to apply together in the same party for the leftover license drawing.

New Section 22, Leftover Licenses. This is a new section that outlines provisions for the leftover drawing.

New Section 23, Reservation of Full Price Licenses. Language has been added to allow an individual who has been granted a limited quota elk or limited quota deer license reservation the ability to purchase a general license or issue-after license, if eligible, for the same species during the current calendar year. Any person who has been granted a license reservation, for which preference points have been accumulated, shall not have preference points restored and

shall not be eligible to purchase a preference point for that species during the same year the original license was issued. Any person who has been granted a license reservation shall not be eligible to participate in the initial drawing the following year for the same species and license type.

New Section 24, Applicant Disqualification. A provision has been added which indicates any person who has an application disqualified under this section shall be in violation of this regulation and punishable as provided by Title 23, Wyoming Statutes, for violation of a Commission regulation.

New Section 26, Withdrawal or Modification of Application, Refund of License Fees and Reissuance of Certain Licenses. Edits have been provided which allow for a license refund in the case of the death a licensee's sibling or incapacitating illness or injury of the licensee's sibling.

New Section 29, Super Tag Licenses and Super Tag Trifecta Licenses. A Super Tag License or a Super Tag Trifecta license for wild bison shall not be valid in any wild bison hunt area which has a total quota of ten (10) or less any wild bison licenses.

Minor grammatical and formatting edits have been incorporated into this regulation but does not change the intent of the regulation.

Section 21. Drawing Advantage. The Department shall develop and maintain a license issue system that allows qualified persons, as prescribed below, who have either purchased a preference point or were unsuccessful in the preference point drawing for a full price bighorn sheep or moose license, or purchased a preference point for nonresident antelope, deer or elk, a drawing advantage in future years as prescribed in Wyoming statutes. All applicants participate in the preference point drawing regardless of their preference point balance.

(a) All preference points accumulated through methods not authorized by this regulation or statute shall be subject to deletion.

(b) Preference points shall be assigned to persons who apply to receive preference points during authorized application periods. The following provisions apply to the issuance of preference points.

(i) No person shall apply for or receive a preference point during any calendar year in which the person's privilege to obtain a license has been revoked or suspended by a court or the Wildlife Violator Compact.

(ii) Preference points are not transferable from one person to another or from one species to another.

(iii) No person may apply for more than one (1) preference point per species in the same calendar year. If the applicant applies for a preference point during the initial license drawing period and is either awarded a preference point or receives their first choice license in the initial drawing, they shall not apply for a preference point for the same species during the preference point only application period in the same calendar year. Any preference point awarded in a calendar year shall not be considered for advantage in any license drawings during the same calendar year in which it was awarded.

(iv) A person shall not apply for or receive a separate preference point in the same calendar year in which the person receives a full price bighorn sheep or moose license or a first choice license in the initial drawing for nonresident antelope, deer or elk.

(v) A person eleven (11) years of age may apply for a preference point if the person shall become twelve (12) years of age in the same calendar year as the application for a preference point is made.

(vi) For the purpose of assigning preference points in this Section, any unsuccessful full price bighorn sheep or moose license applicant failing to apply for a license or preference point during a second consecutive calendar year shall lose all accumulated preference points and shall be considered as a first year applicant for any subsequent calendar year in which the applicant submits an application for a license or a preference point for that particular species.

(vii) For the purpose of retaining nonresident antelope, elk or deer preference points in this Section, any sportsperson failing to purchase a preference point within two (2) consecutive calendar years shall lose all accumulated preference points for that species and shall be considered as a first year applicant for any subsequent calendar year in which the applicant submits an application for a license.

(viii) For the purpose of retaining bighorn sheep and moose preference points in this Section, any sportsperson whose residency status changes and who has accumulated preference points will retain those points as long as the sportsperson applies for a license for that particular species within two (2) consecutive calendar years. Failing to apply for a license or preference point within two (2) consecutive calendar years, the sportsperson shall lose all accumulated preference points for that particular species.

(ix) A person may only request to contest their preference point values to the License Review Board for the five (5) year period immediately preceding their request.

(c) If a person desires to apply for a preference point only and not receive a license, the person shall apply for and receive a preference point by paying the proper fee and making application during the preference point only application period specified in Section 20 of this regulation.

(d) If an applicant's preference points have been deleted because the applicant caused more than one (1) customer record to be generated then those preference points shall not be restored. The Fiscal Division Chief may make an exception in the case of name changes because of marriage, divorce, adoption, or legal name change.

(e) The preference points associated with a sportsperson identification number provided on an application shall be the only preference points considered for an individual applicant participating in a preference point drawing.

(f) Upon drawing a full price bighorn sheep or moose license, all accumulated preference points by the applicant for that species shall be deleted. No person shall apply for or receive a full price bighorn sheep license or preference point for full price bighorn sheep within any consecutive five (5) year period of having received a full price bighorn sheep license through the drawing. No person shall apply for or receive a moose license or preference point for moose within any consecutive five (5) year period of having received a moose license through the drawing.

(i) Preference points are assigned to residents and nonresidents who are unsuccessful in either the full price bighorn sheep or moose drawings. The nonresident preference point fee, in addition to the statutorily prescribed application fee, shall be retained from the license fee remitted. The preference point fee for nonresidents shall be one hundred dollars (\$100) for full price bighorn sheep and seventy-five dollars (\$75) for moose.

(ii) In lieu of applying for a full price bighorn sheep or moose license, a person may elect to purchase a preference point for each species. The preference point fee for residents shall be seven dollars (\$7) per species and the fee for nonresidents shall be one hundred dollars (\$100) for full price bighorn sheep, and seventy-five dollars (\$75) for moose. The applicant is not required to pay the statutorily prescribed application fee.

(g) A preference point shall only be assigned to nonresident antelope, deer or elk applicants who participate in the initial drawing for full price licenses and who have remitted the proper preference point fee and who are unsuccessful in drawing their first choice license. The preference point fee, in addition to the statutorily prescribed application fee, shall be retained from the total amount remitted. The preference point fee for nonresidents shall be thirty dollars (\$30) for antelope, forty dollars (\$40) for deer, fifty dollars (\$50) for elk and ten dollars (\$10) per species for nonresident youth.

(i) In lieu of applying for a nonresident antelope, deer or elk license, a nonresident applicant may elect to purchase a preference point for each species. The preference point fee for nonresidents shall be thirty dollars (\$30) for antelope, forty dollars (\$40) for deer, fifty dollars (\$50) for elk and ten dollars (\$10) per species for nonresident youth. The applicant, when only applying for preference points, is not required to pay the statutorily prescribed application fee. Individuals who have drawn their first choice license in the initial draw are prohibited from purchasing or receiving a preference point in the same calendar year.

(ii) Upon drawing a license for the applicant's first choice in the initial draw for nonresident antelope, deer or elk, all accumulated preference points by the applicant for that species shall be deleted and the applicant shall be prohibited from purchasing a preference point for that species in the same calendar year.

Section 22. Leftover Drawing. Limited quota licenses that were not issued through the initial drawings shall be offered in a competitive leftover drawing.

(a) A leftover drawing shall be conducted for antelope, bighorn sheep, deer, elk, moose, wild bison and mountain goat licenses remaining after the initial drawings.

(c) Any person who has been granted a limited quota elk or limited quota deer license reservation from the License Review Board related to being unable to use the license for good cause may subsequently purchase a general license, if eligible, for the same species during the current calendar year.

(d) Prior to the respective drawing, license quotas in the subsequent year for areas where licenses have been reserved may be adjusted to reflect reservations as provided by Wyoming statute and this Chapter.

(e) In circumstances where related season, quota or sex limitation of the hunt area for the unused license changes in the subsequent year, the following options shall be offered:

(v) If in the next year, the entire state has been closed to hunting of the species listed on the unused license, the licensee shall not be issued another license to hunt that species. Under this circumstance, the licensee shall be issued a refund of the fee paid for the unused license.

(f) Applicants requesting the reservation of a limited quota, full price big or trophy game license shall submit the administrative fee of ten dollars (\$10) prior to the reissuance of the license.

(g) Any limited quota, full price big or trophy game license that is reissued to a qualified applicant shall count toward the total number of licenses a person may apply for and receive during any one calendar year.

(h) Any person who has been granted a license reservation under this section, for which preference points have been accumulated, shall not have preference points restored and may not be eligible to purchase a preference point for that species during the same year the original license was issued.

(j) Any person who has been granted a license reservation under this section shall not be eligible to participate in the initial drawing the following year for the same species and license type.

Section 24. Applicant Disqualification. The applicant(s) is solely responsible for the veracity of information on the completed application submitted through the ELS. Applications shall be disqualified from participating in drawings for the following reasons:

The request to withdraw an application shall be initiated through the ELS by the date indicated in Section 20(d) and (e) for the initial drawing, and by the application closing date for the leftover drawing. The five dollar (\$5) processing fee shall be waived in the case of pioneer license applicants, but not in the case of pioneer heritage license applicants and in the case of the death of an applicant as evidenced by a copy of the death certificate. (c) To request a refund of a license fee in this subsection, the licensee shall submit the request for a refund in writing along with the license unaltered and with all coupons intact to the Department during the calendar year for which the license is valid. The licensee shall also execute and submit at the time of a refund request a Department affidavit describing the reason(s) the licensee was not able to exercise the license privileges which includes a sworn statement that the licensee did not exercise any hunting privileges granted by the license including any or all seasons for the designated species as specified in Commission regulation during the calendar year for which the license was valid. If the license is destroyed, lost or illegible, the licensee shall state on the Department affidavit to that effect and timely submit with the written request for refund in the calendar year for which the license is valid. If the licensee is granted a refund for a license, the individual may apply for and receive any remaining issue-after license for the same species in accordance with state statutes and Commission regulations. Application fees and any applicable preference point fees will not be refunded. All license refund requests shall be reviewed and determined by the License Review Board.

(d) To qualify for a refund of a license fee in accordance with this section, the licensee shall meet one (1) of the following provisions:

(i) In the case of the death of the licensee, a written request for a license refund supported by a copy of the respective death certificate shall be submitted to the Department. The date of death on such certificate shall have resulted in the licensee not being able to participate in the majority of the regular or special archery season. All refunds issued under this subsection shall be made payable to the estate of the decedent.

(ii) In the case of the death of the licensee's spouse, parents, grandparents, siblings, lineal descendants and their spouses, step-parent, step-sibling, step-children, father-in-law, mother-in-law, brother-in-law, sister-in-law, step-son-in-law or step-daughter-in-law, the licensee shall submit a written request for a license refund supported by the respective death certificate. or step-daughter-in-law, supported by a physician's sworn statement on a Department form that the licensee is incapable of performing tasks necessary to exercise the privileges of the license;

(iv) Military personnel who receive permanent change of station (PCS) orders and military personnel who are assigned away from their home duty station on temporary orders (TDY) for the majority of the regular season, all of this being supported by a copy of official military orders from the Armed Forces of the United States, and such orders require the affected personnel to move away from their home duty station, shall accompany the written request for the license refund;

(v) Individuals who are not able to participate in the majority of the regular season for the species specified in Commission rules and regulations during the year for which the license is issued as a result of a court subpoena, jury duty, Grand Jury investigation or attorneys required to attend criminal cases. A certified copy of the court document shall accompany the written request for the license refund;

All decisions of the License Review Board shall abide by provisions of state and federal statutes and Commission regulations.

(f) There shall be no right of appeal to the Commission for any decision rendered by the License Review Board or the Department for any provision of this section.

(g) Restoration of preference points. In any case where a license may be obtained by the accumulation of preference points, or preference points may be obtained in lieu of application for a license and a license refund is granted by the Department, all accumulated preference points, including any preference point that may have been earned for the year the license is issued, shall be restored to the applicant.

(h) In the case of the death of a licensee who has been issued an any wild bison license or a mountain goat license, a written request for the license to be surrendered to the Department and reissued to an immediate family member of the decedent shall be made to the License Review Board. The request shall be supported by a copy of the respective death certificate, and the date of death on such certificate shall have resulted in the licensee not being able to participate in the majority of the regular or special archery hunting season.

(i) The license shall be reissued to a qualified immediate family member of the decedent at no fee.

Section 21. Drawing Advantage. The Department shall develop and maintain a license issue system that allows qualified persons, as prescribed below, who have either purchased a preference point or were unsuccessful in the preference point drawing for a full price bighorn sheep or moose license, or purchased a preference point for nonresident antelope, deer or elk, a drawing advantage in future years as prescribed in Wyoming statutes. All applicants participate in the preference point drawing regardless of their preference point balance.

(a) All preference points accumulated through methods not authorized by this regulation or statute shall be subject to deletion.

(b) Preference points shall be assigned to persons who apply to receive preference points during authorized application periods. The following provisions apply to the issuance of preference points.

(i) No person shall apply for or receive a preference point during any calendar year in which the person's privilege to obtain a license has been revoked or suspended by a court or the Wildlife Violator Compact.

(ii) Preference points are not transferable from one person to another or from one species to another.

(iii) No person may apply for more than one (1) preference point per species in the same calendar year. If the applicant applies for a preference point during the initial license

drawing period and is either awarded a preference point or receives their first choice license in the initial drawing, they shall not apply for a preference point for the same species during the preference point only application period in the same calendar year. Any preference point awarded in a calendar year shall not be considered for advantage in any license drawings during the same calendar year in which it was awarded.

(iv) A person shall not apply for or receive a separate preference point in the same calendar year in which the person receives a full price bighorn sheep or moose license or a first choice license in the initial drawing for nonresident antelope, deer or elk.

(v) A person eleven (11) years of age may apply for a preference point if the person shall become twelve (12) years of age in the same calendar year as the application for a preference point is made.

(vi) For the purpose of assigning preference points in this Section, any unsuccessful full price bighorn sheep or moose license applicant failing to apply for a license or preference point during a second consecutive calendar year shall lose all accumulated preference points and shall be considered as a first year applicant for any subsequent calendar year in which the applicant submits an application for a license or a preference point for that particular species.

(vii) For the purpose of retaining nonresident antelope, elk or deer preference points in this Section, any sportsperson failing to purchase a preference point within two (2) consecutive calendar years shall lose all accumulated preference points for that species and shall be considered as a first year applicant for any subsequent calendar year in which the applicant submits an application for a license.

(viii) For the purpose of retaining bighorn sheep and moose preference points in this Section, any sportsperson whose residency status changes and who has accumulated preference points will retain those points as long as the sportsperson applies for a license for that particular species within two (2) consecutive calendar years. Failing to apply for a license or preference point within two (2) consecutive calendar years, the sportsperson shall lose all accumulated preference points for that particular species.

(ix) A person may only request to contest their preference point values to the License Review Board for the five (5) year period immediately preceding their request.

(c) If a person desires to apply for a preference point only and not receive a license, the person shall apply for and receive a preference point by paying the proper fee and making application during the preference point only application period specified in Section 20 of this regulation.

(d) If an applicant's preference points have been deleted because the applicant caused more than one (1) customer record to be generated then those preference points shall not be restored. The Fiscal Division Chief may make an exception in the case of name changes because of marriage, divorce, adoption, or legal name change.

(e) The preference points associated with a sportsperson identification number provided on an application shall be the only preference points considered for an individual applicant participating in a preference point drawing.

(f) Upon drawing a full price bighorn sheep or moose license, all accumulated preference points by the applicant for that species shall be deleted. No person shall apply for or receive a full price bighorn sheep license or preference point for full price bighorn sheep within any consecutive five (5) year period of having received a full price bighorn sheep license through the drawing. No person shall apply for or receive a moose license or preference point for moose within any consecutive five (5) year period of having received a moose license through the drawing.

(i) Preference points are assigned to residents and nonresidents who are unsuccessful in either the full price bighorn sheep or moose drawings. The nonresident preference point fee, in addition to the statutorily prescribed application fee, shall be retained from the license fee remitted. The preference point fee for nonresidents shall be one hundred dollars (\$100) for full price bighorn sheep and seventy-five dollars (\$75) for moose.

(ii) In lieu of applying for a full price bighorn sheep or moose license, a person may elect to purchase a preference point for each species. The preference point fee for residents shall be seven dollars (\$7) per species and the fee for nonresidents shall be one hundred dollars (\$100) for full price bighorn sheep, and seventy-five dollars (\$75) for moose. The applicant is not required to pay the statutorily prescribed application fee.

(g) A preference point shall only be assigned to nonresident antelope, deer or elk applicants who participate in the initial drawing for full price licenses and who have remitted the proper preference point fee and who are unsuccessful in drawing their first choice license. The preference point fee, in addition to the statutorily prescribed application fee, shall be retained from the total amount remitted. The preference point fee for nonresidents shall be thirty dollars (\$30) for antelope, forty dollars (\$40) for deer, fifty dollars (\$50) for elk and ten dollars (\$10) per species for nonresident youth.

(i) In lieu of applying for a nonresident antelope, deer or elk license, a nonresident applicant may elect to purchase a preference point for each species. The preference point fee for nonresidents shall be thirty dollars (\$30) for antelope, forty dollars (\$40) for deer, fifty dollars (\$50) for elk and ten dollars (\$10) per species for nonresident youth. The applicant, when only applying for preference points, is not required to pay the statutorily prescribed application fee. Individuals who have drawn their first choice license in the initial draw are prohibited from purchasing or receiving a preference point in the same calendar year.

(ii) Upon drawing a license for the applicant's first choice in the initial draw for nonresident antelope, deer or elk, all accumulated preference points by the applicant for that species shall be deleted and the applicant shall be prohibited from purchasing a preference point for that species in the same calendar year.

Section 22. Leftover Drawing. Limited quota licenses that were not issued through the initial drawings shall be offered in a competitive leftover drawing.

(a) A leftover drawing shall be conducted for antelope, bighorn sheep, deer, elk, moose, wild bison and mountain goat licenses remaining after the initial drawings.

(b) The application period shall be determined on an annual basis by the Fiscal Division Chief. Completed applications and license fees must be submitted during the application period.

(c) Both residents and nonresidents shall draw against the same quota.

(d) The maximum allowable number of applications in a party shall be six (6). Residents and nonresidents may apply together in the same party. Party applicants are required to submit their applications for the same species, hunt area and type in the same order of preference. All members of a party may either receive licenses or refunds on their license fees.

(e) All applicants shall participate in the respective random leftover drawing, giving no advantage to applicants with preference points.

(f) Nonresidents shall not submit an application for general elk or general deer licenses.

Section 2223. Reservation of Full Price Licenses. Individuals who have been issued a Governor's Complimentary License for a full price big game animal and who have been unable to use the license for good cause, may reserve a license for the same species for the immediately succeeding calendar year only. Individuals who have been issued a limited quota, full price big or trophy game license and who have been unable to use the license for good cause may reserve a license for the same species, hunt area, and season type for the immediately succeeding calendar year only. Conditions of this reservation are set forth in subsections (a), (b), (c) and (d) of this Section.

(a) To qualify for consideration of reservation of a limited quota, full price big or trophy game license due to a natural disaster, the licensee shall request the reservation on a form provided by the Department. The request, along with the unused and unaltered license with all coupons intact, shall be received by the Department before the earliest opening date of the season for the designated species, including the special archery season, as specified in Commission rules and regulations during the year for which the initial license is issued. All requests for the reservation of licenses shall be reviewed and determined by the License Review Board.

(b) For reasons related to being unable to use the license for good cause, other than natural disaster and military deployment, the licensee shall request the reservation on a form provided by the Department.

(i) The licensee shall fully complete the license reservation request form. This form, and the unused and unaltered license with all coupons intact, shall be submitted to the Department by the deadline date listed on the License Reservation Information sheet.

(ii) A Physician Certification for License Reservation Form and a written “Restriction from Hunting Activity” statement, written on the physician’s official prescription slip or physician’s letterhead, shall be submitted to the Department within thirty (30) days from the date an applicant’s completed License Reservation Request Form is received by the Department.

(iii) For reasons related to being unable to use the license for good cause, other than natural disaster and disabling injury or illness, military personnel who receive permanent change of station (PCS) orders or are assigned away from their home duty station on temporary orders (TDY) for the majority of the regular season, shall provide to Headquarters a copy of official military orders from the Armed Forces of the United States along with the unused and unaltered license with all coupons intact.

(iv) In no case shall a person be allowed to reserve any license if the person fails to submit the unused and unaltered license with all coupons intact to the Department before the earliest opening date of the season, including special archery seasons, for the designated species as specified in Commission rules and regulations during the year for which the license is issued.

(c) Any person who has been granted a limited quota elk or limited quota deer license reservation from the License Review Board related to being unable to use the license for good cause may subsequently purchase a general license, if eligible, for the same species during the current calendar year.

(ed) Prior to the respective drawing, license quotas in the subsequent year for areas where licenses have been reserved may be adjusted to reflect reservations as provided by Wyoming statute and this Chapter.

(de) In circumstances where related season, quota or sex limitation of the hunt area for the unused license changes in the subsequent year, the following options shall be offered:

(i) If the unused license allowed taking either sex of animal, but that type no longer exists, the licensee shall be given a choice of a license for an antlered (male) or antlerless (female) animal in the subsequent year.

(ii) If the unused license was limited to taking an antlerless or female animal, but that license type no longer exists, the licensee shall be given either an any or an antlered or male only license at the Department’s discretion in the subsequent year.

(iii) If the license was limited to taking an antlered or male animal, but that type no longer exists, the licensee shall be given either an any or an antlerless or female only license at the Department's discretion in the subsequent year.

(iv) If in the subsequent year, the entire hunt area is closed to hunting of the species listed on the unused license, the licensee shall be offered a license for the same species and sex limitations in another area of the licensee's choice.

(v) If in the next year, the entire state has been closed to hunting of the species listed on the unused license, the licensee shall not be issued another license to hunt that species. Under this circumstance, the licensee shall be issued a refund of the fee paid for the unused license.

(ef) Applicants requesting the reservation of a limited quota, full price big or trophy game license shall submit the administrative fee of ten dollars (\$10) prior to the reissuance of the license.

(g) Any limited quota, full price big or trophy game license that is reissued to a qualified applicant shall count toward the total number of licenses a person may apply for and receive during any one calendar year.

(h) Any person who has been granted a license reservation under this section, for which preference points have been accumulated, shall not have preference points restored and may not be eligible to purchase a preference point for that species during the same year the original license was issued.

(j) Any person who has been granted a license reservation under this section shall not be eligible to participate in the initial drawing the following year for the same species and license type.

Section 2324. Applicant Disqualification. The applicant(s) is solely responsible for the veracity of information on the completed application submitted through the ELS. Applications shall be disqualified from participating in drawings for the following reasons:

(a) The applicant's privilege to purchase or receive any hunting license or preference points has been suspended by a court order or the Wildlife Violator Compact;

(b) The applicant causes more than one (1) sportsperson identification number to have been assigned;

(c) Submission by an individual of more than one (1) completed application for a license for the same big or trophy game species, wild turkey or wild bison unless authorized by Commission regulation;

(d) Applying for a license the applicant is not eligible to receive by Rule and Regulation or Statute;

(e) The applicant will not reach twelve (12) years of age by December 31 of the year the application is made for the purchase of a preference point. An applicant less than twelve (12) years of age may apply for and receive a big or trophy game hunting license provided the applicant will reach twelve (12) years of age during the season for the designated species as specified in Commission Rules and Regulations during the year for which the license is valid.

(f) The applicant attempts to manipulate or circumvent Department licensing security procedures in the ELS system in order to submit or modify an application.

(g) Any person who has an application disqualified under this section shall be in violation of this regulation and such violation shall be punishable as provided by Title 23, Wyoming Statutes, for violation of Commission regulations.

Section 2425. Suspension or Revocation of License.

(a) Non-Payment of Child Support.

(i) Upon receipt from the Department of Family Services of a certified copy of an order from a Court to withhold, suspend, or otherwise restrict a license or preference point issued by the Commission, the Game and Fish Department shall notify the party named in the court order by first-class mail of the withholding, suspension, or restriction in accordance with the court order. The Game and Fish Department shall mail this notice by first-class mail to the party named and to the address provided by the Department of Family Services.

(ii) Upon receipt of a notice from the Department of Family Services that the obligor is in compliance with the court order, the Game and Fish Department shall immediately reinstate the license unless the license has been suspended or revoked for other reasons. The Department shall by first-class mail notify the party named and to the address provided by the Department of Family Services that the individual's license privileges have been reinstated. The Department shall also mail by first-class mail to the obligor any licenses in the Game and Fish Department's possession at the time of reinstatement.

(iii) The Department shall maintain a written record indicating to whom the notice was mailed and the address to which the notice was mailed.

(b) Wildlife Violator Compact. The Department may suspend license privileges in accordance with Commission Regulation, Chapter 54, Home State Suspension Procedures for the Wildlife Violator Compact dated July 10, 2015, and which does not include any later amendments or editions of the incorporated matter.

Section 2526. Withdrawal or Modification of Application, Refund of License Fees and Reissuance of Certain Licenses. Licenses, permits, stamps, tags, preference points or

competitive raffle chances issued under Title 23, Wyoming Statutes or this regulation become the permanent property of the licensee and shall not be canceled or any fee refunded after the license, permit, stamp, tag, preference point or competitive raffle chance(s) has been issued, except as specified in this section or otherwise as set forth in Commission regulation.

(a) A request for a voluntary withdrawal of an application before a drawing shall be accepted subject to a five dollar (\$5) processing fee to cover the Department's administrative cost of the transaction. The request to withdraw an application shall be initiated through the ELS by the date indicated in Section 20(d) and (e) ~~of this regulation~~ for the initial drawing, and by the application closing date for the leftover drawing. The five dollar (\$5) processing fee shall be waived in the case of pioneer license applicants, but not in the case of pioneer heritage license applicants and in the case of the death of an applicant as evidenced by a copy of the death certificate. The processing fee for withdrawal of an application shall be deducted from the license fee refund.

(i) Applicants may not submit a voluntary withdrawal form for the purchase of a preference point only, Super Tag or Super Tag Trifecta competitive raffle chance.

(b) A modification of an application must be completed through the ELS by the date indicated in Section 20(d) and (e) ~~of this regulation through the ELS~~ for the initial drawing, and by the application closing date for the leftover drawing.

(i) An applicant may only request changes to hunt area and type or change their withdrawal flag indicator on their reduced price application for the initial drawing through the ELS.

(c) To request a refund of a license fee in this subsection, the licensee shall submit the request for a refund in writing along with the license unaltered and with all coupons intact to the Department during the calendar year for which the license is valid. The licensee shall also execute and submit at the time of a refund request a Department affidavit describing the reason(s) the licensee was not able to exercise the license privileges which includes a sworn statement that the licensee did not exercise any hunting privileges granted by the license including any or all seasons for the designated species as specified in Commission regulation during the calendar year for which the license was valid. If the license is destroyed, lost or illegible, the licensee shall state on the Department affidavit to that effect and timely submit with the written request for refund in the calendar year for which the license is valid. If the licensee is granted a refund for a license, the individual may apply for and receive any remaining ~~leftover~~ issue-after license for the same species in accordance with state statutes and Commission regulations. Application fees and any applicable preference point fees will not be refunded. All license refund requests shall be reviewed and determined by the License Review Board.

(d) To qualify for a refund of a license fee in accordance with this section, the licensee shall meet one (1) of the following provisions:

(i) In the case of the death of the licensee, a written request for a license refund supported by a copy of the respective death certificate shall be submitted to the Department. The date of death on such certificate shall have resulted in the licensee not being able to participate in the majority of the regular or special archery season. All refunds issued under this subsection shall be made payable to the estate of the decedent.

(ii) In the case of the death of the licensee's spouse, parents, grandparents, siblings, lineal descendants and their spouses, step-parent, step-sibling, step-children, father-in-law, mother-in-law, brother-in-law, sister-in-law, step-son-in-law or step-daughter-in-law, the licensee shall submit a written request for a license refund supported by the respective death certificate. The date of death shall have resulted in the licensee not being able to participate in the majority of the regular or special archery season.

(iii) In the case of incapacitating illness or injury of the licensee, the licensee's spouse, parents, grandparents, siblings, lineal descendants and their spouses, step-parent, step-sibling, step-children, father-in-law, mother-in-law, brother-in-law, sister-in-law, step-son-in-law or step-daughter-in-law, supported by a physician's sworn statement on a Department form that the licensee is incapable of performing tasks necessary to exercise the privileges of the license;

(iv) ~~Military~~ Military personnel who receive permanent change of station (PCS) orders—~~Military~~ and military personnel who are assigned away from their home duty station on temporary orders (TDY) for the majority of the regular season, all of this being supported by a copy of official military orders from the Armed Forces of the United States, and such orders require the affected personnel to move away from their home duty station, shall accompany the written request for the license refund;

(v) Individuals who are not able to participate in the majority of the regular season for the species specified in Commission rules and regulations during the year for which the license is issued as a result of a court subpoena, jury duty, Grand Jury investigation or attorneys required to attend criminal cases. A certified copy of the court document shall accompany the written request for the license refund;

(vi) When the Department determines fifty percent (50%) or more of the hunting opportunity and access to the public land within an individual hunt area outside of designated wilderness has been closed due to administrative actions of the state or federal government in closing of the public access to public lands, or due to a natural disaster, including but not necessarily limited to, wildland fires, the licensee of a limited quota antelope, full price bighorn sheep, limited quota deer, limited quota elk, moose or mountain goat license may request a license fee refund;

(A) When the Department determines one hundred percent (100%) of all the hunt areas are closed or the hunting season is prevented from occurring due to administrative actions of the state or federal government, a black bear, gray wolf, mountain lion or wild bison licensee may request a license fee refund. The closing of hunt areas due to harvest quotas being met does not qualify a licensee for a license fee refund.

(vii) An error on the part of the Department or its authorized agent where the applicant has been issued a license not requested. An applicant may request in writing to the License Review Board to review a decision made by a Department employee or an agent of the Department in the handling of the application for, or the issuance of a license, permit, or preference point if the decision is contrary to statute or rule and regulation promulgated by the Commission. All decisions of the License Review Board shall abide by provisions of state and federal statutes and Commission regulations.

(viii) Any youth licensee may be granted a license refund if the youth licensee's opportunity to hunt is jeopardized as a result of any license refund granted by the Department as specified in sections (i), (ii), (iii), (iv), (v), (vi), or (vii) of this subsection;

(ix) A sponsoring organization of a person with a life-threatening illness that has received a license under Section 13 may be granted a license refund if the licensee's opportunity to hunt is jeopardized as a result of incapacitating illness or injury supported by a physician's sworn statement on forms provided by the Department that the licensee is incapable of performing tasks necessary to exercise the privileges of the license.

(e) Refunds shall not be allowed under the following circumstances:

(i) The licensee illegally purchased more licenses than what was authorized for purchase by Commission regulation or Wyoming statute;

(ii) For any license, permit, stamp or tag in which the privilege to use the license, permit, stamp or tag expires on December 31 in the year issued, the deadline to submit a written request for a refund shall be December 31 of that year.

(iii) For any license in which the hunting season to use that license has been extended into January of the succeeding calendar year, the deadline to submit a written request for a refund of that license shall be January 31 of the year in which the hunting season expires.

(iv) Refunds shall be denied in any circumstance where the licensee hunted on the license for the designated species as specified in Commission rules and regulations, including special archery seasons, during the year for which the license is issued.

(f) There shall be no right of appeal to the Commission for any decision rendered by the License Review Board or the Department for any provision of this section.

(g) Restoration of preference points. In any case where a license may be obtained by the accumulation of preference points, or preference points may be obtained in lieu of application for a license and a license refund is granted by the Department, all accumulated preference points, including any preference point that may have been earned for the year the license is issued, shall be restored to the applicant.

(h) In the case of the death of a licensee who has been issued an any wild bison license or a mountain goat license, a written request for the license to be surrendered to the Department and reissued to an immediate family member of the decedent shall be made to the License Review Board. The request shall be supported by a copy of the respective death certificate, and the date of death on such certificate shall have resulted in the licensee not being able to participate in the majority of the regular or special archery hunting season.

(i) The license shall be reissued to a qualified immediate family member of the decedent at no fee.

(ii) The license shall be reissued for the same species, hunt area and license type as the license surrendered.

(iii) A license reissued to an immediate family member of a decedent shall count against the maximum number of licenses a person may otherwise apply for and receive as a condition of Commission regulations.

Section 2627. Alteration or Transfer of Licenses, Permits, Stamps, Tags, Preference Points, Competitive Raffle Chances or Coupons to Another Person Prohibited; Use by Another Person Prohibited; Invalidation by Improper Fees. Department licenses, permits, stamps, tags or coupons shall not be altered by anyone other than authorized Department personnel.

(a) No license, permit, stamp, tag, preference point, competitive raffle chances or coupons shall be transferred, or used for the purpose of taking wildlife, except by the individual to whom it was issued and therein named and while in that individual's possession. No individual shall take or attempt to take any wildlife using another individual's license, permit, stamp, tag or coupon. Any license, permit, stamp, tag, preference point, competitive raffle chances or coupons shall not be valid unless the proper fees have been received by the Department.

(b) Licenses, excluding lifetime licenses, shall only become valid when signed by the person in whose name the license is issued in the space provided on the license for the owner's signature, and where applicable, co-signed by a parent or legal guardian.

(c) Any Department enforcement officer may seize as evidence any license, permit, stamp, tag, or coupon that was obtained in violation of Commission regulations or Wyoming statute.

Section 2728. License Expiration. All licenses, excluding licenses to operate game bird farms, shall expire on the last day of the calendar year in which issued except, the Commission by regulation provides that big game licenses and wild bison licenses issued in one (1) calendar year are valid through the closing date established in January of the next succeeding calendar year when the Commission establishes a hunting season for big game animals or wild bison for which the licenses are valid that opens in one (1) calendar year and closes in January of the next

succeeding calendar year. All daily hunting and fishing licenses shall only be valid for the calendar day(s) delineated on the license.

Section 2829. Super Tag Licenses and Super Tag Trifecta Licenses. Wyoming statutes provide for the issuance of big game, trophy game and wild bison licenses to be issued through a competitive raffle process. Big game, trophy game and wild bison licenses authorized under this section shall be valid for the species for which the license has been issued.

(a) These licenses shall be valid in any hunt area in accordance with Commission regulations, except for the following:

(i) A Super Tag License or a Super Tag Trifecta License for moose shall not be valid in any moose hunt area which has a total quota of ten (10) or less antlered or any moose licenses.

(ii) A Super Tag License or a Super Tag Trifecta License for full price bighorn sheep shall not be valid in any bighorn sheep hunt area which has a total quota of eight (8) or less full price bighorn sheep licenses.

(iii) Super Tag and Super Tag Trifecta Licenses shall not be valid within Grand Teton National Park.

(iv) A Super Tag License or a Super Tag Trifecta License for wild bison shall not be valid in any wild bison hunt area which has a total quota of ten (10) or less any wild bison licenses.

(b) Recipients of Super Tag Licenses and Super Tag Trifecta Licenses shall be exempt from the provisions in this Chapter limiting the number of big game, trophy game or wild bison licenses an individual may possess in any one (1) calendar year. An individual is eligible to receive a Super Tag License or Super Tag Trifecta Licenses for big game, trophy game or wild bison annually. Recipients shall be exempt from the five (5) year waiting period and preference points shall not be lost if an individual receives a Super Tag License or Super Tag Trifecta Licenses for moose or a full price bighorn sheep and shall be exempt from the once in a lifetime license restriction for mountain goat and wild bison licenses. Preference points shall not be lost if an individual receives a Super Tag License or Super Tag Trifecta Licenses for antelope, deer or elk.

(c) There shall be up to eleven (11) successful recipients of licenses from all the individuals that purchased a Super Tag License or Super Tag Trifecta Licenses competitive raffle chance. Up to ten (10) individual recipients shall be issued one Super Tag License as follows: one (1) antelope license, or one (1) bighorn sheep license, or one (1) black bear license, or one (1) deer license, or one (1) elk license, or one (1) gray wolf license, or one (1) moose license, or one (1) mountain goat license, or one (1) mountain lion license or one (1) wild bison license. The successful recipient of a Super Tag License ~~will~~shall be based on what species of big game, trophy game or wild bison license was randomly drawn for the participating recipient. One (1) successful applicant ~~will~~shall be issued Super Tag Trifecta Licenses, in which that individual

may choose, at their discretion, no more than three (3) different species of big game, trophy game and wild bison licenses.
