(II) If the tax list and warrant have been delivered to the county treasurer, taxes are immediately due if circumstances provided by subdivision (I) of this subparagraph are present, and the county treasurer may levy distress against the property;

(III) When acting pursuant to subdivision (I) of this subparagraph the county treasurer may seize property in any county of the state. When acting pursuant to subdivision (II) of this subparagraph the county treasurer may forward the tax claim to the county treasurer of any county in which the property may be found who shall proceed to collect the taxes as provided by subdivision (II) of this subparagraph.

(B) The following shall apply to the distraint of property for nonpayment:

(I) Annually, the county treasurer shall declare any taxes remaining unpaid on May 11 delinquent, and on or before May 21 shall certify a list of delinquent taxes and taxpayers, indicating the years for which payment is delinquent,

which constitutes the delinquent tax roll or list of the county for the years covered thereby. The county treasurer shall stamp upon each line of the delinquent tax roll "Delinquent May 11," but failure to do so does not invalidate subsequent collection proceedings;

(II) Following certification of the delinquent tax roll or list, the county treasurer shall demand payment of all delinquent taxes plus interest from the taxpayers listed therein;

(III) In the event of nonpayment of delinquent taxes and interest following demand therefor, the county treasurer shall proceed to collect the delinquent taxes, interest and costs provided by W.S. 39-13-108(b)(ii) and 39-13-108(e)(ix) by levying distress against the real or personal property of the delinquent taxpayer as may be most convenient except a homestead may only be sold for taxes due upon it exclusively. The county treasurer may distrain and sell personal property even if the delinquent taxpayer has real property in the county, or may sell real property even if the delinquent taxpayer has personal property in the county subject to the homestead exception stated above.

(iii) The following shall apply to the deferral of tax collection:

(A) On or before November 10 of the year taxes are levied and upon the filing of an affidavit demonstrating an adequate showing that he is qualified under subparagraph (N) of this paragraph and if his principal residence is located on a parcel of land not more than forty (40) acres, any person may apply to the board of county commissioners for deferral of the collection of not to exceed one-half (1/2) of any real estate ad valorem taxes owed by the property owner on his principal residence. The board of county commissioners of each county may promulgate rules and regulations necessary to administer the provisions of this paragraph including guidelines for a taxpayer to demonstrate qualification and provisions allowing or requiring annual payment of a portion of the taxes or interest on deferred taxes. All rules, regulations, guidelines, forms and other program information shall be submitted to the department prior to July 1 of the year the deferral program is implemented in the county. The board of county commissioners may implement the program unless disapproved in writing by the department within forty-five (45) days of submission. If at least ten (10) residents of a county who are qualified under subparagraph (N)

of this paragraph submit a petition to the board of county commissioners, the board of county commissioners shall hold a hearing within thirty (30) days on the issue of whether to promulgate rules to enable the qualified residents of the county to participate in the tax deferral program authorized under this paragraph;

(B) Any deferral of collection of taxes granted by the board of county commissioners shall constitute a perpetual tax lien against the property pursuant to W.S. 39-13-108(d)(i) with priority over any other lien. The taxpayer shall file an affidavit each year demonstrating qualification including any significant change to his financial status. If the board of county commissioners finds that the taxpayer's financial status to qualify under subdivision (N)(I) of this paragraph has significantly changed, the board of county commissioners shall, by written order, declare any taxes deferred due and payable on an earlier date. Unless declared to be due earlier, any taxes deferred shall be due and payable upon a significant change in the taxpayer's financial status as determined by the board of county commissioners, abandonment of the property, failure to file annually the affidavit required by this paragraph, the death of the property owner or the sale or transfer of the property, whichever occurs first. If the board of county commissioners finds at any time that the total taxes deferred exceeds one-half (1/2) of the fair market value of the property as estimated by the board of county commissioners, the board of county commissioners may declare, by written order, that all deferred taxes are immediately due and payable;

(C) Nothing in this paragraph shall be construed to prohibit or affect requirements for property to be listed, valued and assessed by the county assessor pursuant to law;

(D) Notwithstanding W.S. 39-13-108(b)(ii), interest shall accrue on any tax collection deferral granted by the board of county commissioners at a compounded rate of four percent (4%) per annum, except for persons who qualify solely under subdivision (N)(III) of this paragraph interest shall accrue at a rate equal to the average yield on ten (10) year United States treasury bonds for the previous three (3) calendar years, plus one and one-half percent (1.5%) as determined by the state treasurer for the calendar year preceding the year in which application is made. Any tax collection deferral may be prepaid at any time without prepayment penalty;

(E) Each year the county assessor shall publicize in a manner reasonably designed to notify all residents of the county the provisions of this section and the method by which eligible persons may obtain a deferral;

(F) Payment of deferred taxes shall be distributed pursuant to W.S. 39-13-111(a)(ii). Any taxes deferred under this paragraph which would be distributed pursuant to W.S. 39-13-111(a)(ii)(A) shall be paid from the county general fund subject to reimbursement when the deferred taxes are paid by the taxpayer or otherwise collected by the county;

(G) The deferral option shall not be available in any county which has not adopted rules as required by subparagraph (A) of this paragraph, or which has received disapproval of the county program by the department;

(H) If any residence is under mortgage, deed of trust or purchase contract whereby the explicit terms of the mortgage, deed or contract requires the accumulation of reserves out of which the holder of the mortgage, deed or contract is required to pay real property taxes, the holder or his authorized agent shall cosign the affidavit to defer either before a notarial officer or the county assessor or deputy in the county in which the real property is located;

(J) If any residence is under rental and the terms of the rental contract require the payment of taxes by the renter, the renter may apply for the deferral provided the property owner or authorized agent also cosigns the affidavit to defer either before a notarial officer or the county assessor or deputy in the county in which the real property is located;

(K) Consistent with generally accepted fiscal accounting standards, each county implementing the deferral program shall maintain adequate records pertaining to the deferral program, by legal description, owner, taxpayer, if different from owner, deferred taxes and interest, payments made against deferred taxes and interest, and any other information necessary to document and determine the status of deferred taxes and interest in the county. These records shall be updated annually or as needed, and a summary thereof shall be submitted annually to the department of revenue on or before August 10;

(M) As used in this paragraph, "limited income" means not to exceed a maximum gross monthly household income at

or below two hundred fifty percent (250%) of the federal poverty level for a household of four (4) as adjusted annually by the comparative cost-of-living index for the respective county as determined by the division of economic analysis, department of administration and information;

(N) An owner is qualified under this subparagraph for his primary residence if:

(I) The owner's affidavit adequately demonstrates limited income as defined in subparagraph (M) of this paragraph;

(II) The owner is a person over the age of sixty-two (62) years;

(III) The owner is a person with a disability as determined by the social security administration; or

(IV) The owner purchased the property at least ten (10) years prior to the beginning of the tax year for which he is applying for deferral of taxes.

Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. If the entire tax is paid on or before December 31, no interest or penalty is chargeable;

(ii) The balance of any tax not paid as provided by W.S. 39-13-113 or paragraph (i) of this subsection is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum until paid or collected;

(iii) Taxes are delinquent pursuant to paragraph (ii) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iv) Rail car companies. If the taxes levied and payable to the department under W.S. 39-13-104(g) are not paid on December 31 of the year levied, they shall become delinquent and shall bear interest at the rate of eleven percent (11%) per annum. If the taxes and interest due are not paid before February 1 following the levy, the department may collect them by distress and sale of any property belonging to the delinquent owner in the manner required of county treasurers, and the order of the department shall be sufficient authority therefor. The department may use any other remedy available for the collection of monies due.

(c) Offenses and penalties. The following shall apply:

(i) Offenses. The following shall apply:

(A) Any officer neglecting or refusing to comply with any requirement of this act for which no other penalty is provided, may be fined not to exceed one thousand dollars (\$1,000.00) to be recovered against him and his sureties;

(D) This paragraph does not preclude prosecution pursuant to any other applicable law.

(ii) Penalties. The following shall apply:

(A) Any person failing to file the statement provided by W.S. 39-13-107(a)(ii)(C) shall forfeit not less than one thousand dollars (\$1,000.00) nor more than five thousand dollars (\$5,000.00) to be recovered by an action in the name of the state of Wyoming;

(B) Any person failing to file the statement provided by W.S. 39-13-107(a)(ii)(A) or (B) is subject to a penalty of not more than five hundred dollars (\$500.00) plus not more than one hundred dollars (\$100.00) for each day's failure to file the statement, to be recovered by an action in the name of the state of Wyoming brought by the attorney general at the request of the department. The department may waive the penalties imposed by this subsection as part of a settlement or for any other good cause shown. Penalties collected shall be paid to the state treasurer and credited as provided in W.S. 8-1-109;

(C) If any person fails to file the reports for ad valorem purposes required by W.S. 39-13-113 or chapter 14 of this title by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well, mine or mining claim but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department other than those required by chapter 14 of this title, the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this subparagraph for good cause. Penalties imposed under this subparagraph may be appealed to the board.

(d) Liens. The following shall apply:

(i) Taxes upon real property are a perpetual lien thereon against all persons excluding the United States and the state of Wyoming. Taxes upon personal property are a lien upon all real property owned by the person against whom the tax was assessed subject to all prior existing valid liens. Taxes upon personal property are a lien upon the personal property until paid but if the personal property is transferred before payment the tax shall be collected from other real or personal property of the transferor but if the transferor has no other property from which the taxes can be collected then payment shall be enforced from the transferred property;

(ii) Any person, county, municipality or political subdivision holding a certificate of purchase or tax deed issued for delinquent taxes has a lien against the real property which is subject to the certificate of purchase or tax deed to the extent of taxes, costs and penalties accrued plus interest, accruing penalties and the value of improvements placed on the real property by the lienholder or his assigns while lawfully in possession of the premises. The lien is superior to all other liens except those created by junior tax sales or payment of subsequent taxes by another person. The lien may be enforced in the district court of the county in which the real property lies or in any district court in which an action is filed in which the lienholder is made a defendant. The action shall be conducted in a manner similar to foreclosures of mortgages and sales thereunder. The decree may contain an order of sale directing the sheriff to advertise and sell the real property without appraisal and make a return of the proceedings within sixty (60) days;

(iii) Pursuant to an order of sale under paragraph (ii) of this subsection, the sheriff shall advertise the property for sale, and sell the property at public auction, without appraisal, to the highest bidder for cash. The lienholder pursuant to a certificate of purchase or tax deed may bid on the property and if he is the highest bidder, he shall only pay to the sheriff the amount by which his bid exceeds the amount due him under the court's decree. Upon confirmation of the sale by the court, the sheriff shall execute a deed conveying title to the real property to the purchaser in fee simple subject only to the rights of lienholders from junior tax sales. Any person having an interest in the real property may redeem the property prior to confirmation by the court by paying into court a sum of money sufficient to pay all sums owing to the lienholder;

(iv) Upon confirmation of the sale, the proceeds of the sale shall be applied as follows:

(A) To pay the costs of the action and sale including an attorney's fee to the lienholder's attorney as allowed by the court;

(B) To pay all sums due the lienholder;

(C) The balance to be paid to persons holding prior interests in the real property as their interests may appear. The payment may be claimed within two (2) years from the date of confirmation of the sale, or in the case of a person under a legal disability within one (1) year from removal of the disability. If the payment is unclaimed within two (2) years the proceeds shall be credited to the county sinking fund. If a person under a legal disability claims the proceeds within one (1) year following removal of the disability and the proceeds have been credited to the county sinking fund, the person shall be paid out of the county sinking fund.

(v) No deficiency judgment shall be rendered against any party to an action pursuant to this subsection;

(vi) Liens on mineral production before January 1, 2021. The following shall apply:

(A) All taxes, fees, penalties and interest imposed upon mineral production under this article are an automatic and continuing lien in favor of the county in which the mineral was produced subject to all prior existing liens. The lien is on all property in the county, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any taxpayer to the extent permitted by W.S. 39-14-103(c)(i), 39-14-203(c)(i), 39-14-303(c)(i), 39-14-403(c)(i), 39-14-503(c)(i), 39-14-603(c)(i) and 39-14-703(c)(i);

(B) A lien under this paragraph is also a lien on all interests of the taxpayer in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral. A lien under this paragraph shall not apply to a royalty interest, overriding royalty or other interest carved out of the mineral estate of an owner who is not a delinquent taxpayer;

(C) Any lien arising under this paragraph is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind held by any person except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by subparagraph (E) of this paragraph if the county fails to:

(I) Not later than ninety (90) days after the date the tax became delinquent or was billed, whichever is later, provide notice of delinquent taxes due by certified mail to any bona fide creditor that holds a properly perfected, filed or recorded lien as set forth in subparagraph (C) of this paragraph and that provided a copy of its properly perfected, filed or recorded lien to the county treasurer; and

(II) Not later than one hundred twenty (120) days after the date the tax became delinquent or was billed, whichever is later, file its lien as provided by subparagraph (E) of this paragraph.

(D) The county may file a notice of lien at any time at its discretion, subject to the priorities in subparagraph (C), except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the county until such appeal has been exhausted or concluded;

(E) In order to perfect or bring an action to enforce or foreclose a tax lien under this paragraph, the county treasurer shall file a notice of the tax lien and a certified copy of the delinquent tax statement with the clerk and recorder of the real estate records in the county in which the mineral production occurred. A copy of the lien shall be filed with the secretary of state, but such filing is not required to perfect, enforce or foreclose the lien. Nothing in this subparagraph shall be deemed to require a county to perfect a lien that is perfected immediately under subparagraph (A) of this paragraph. The notice of the tax lien shall contain:

(I) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the delinquent taxpayer;

(II) The name and address of the county as the holder of the lien and the name of the contact person within the county;

(III) The amount of the tax, fees, penalties and interest owed;

(IV) A legal description of the premises of the mineral estate of the taxpayer from which the mineral was produced;

(V) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the delinquent taxpayer to the extent permitted by W.S. 39-14-103(c)(i), 39-14-203(c)(i), 39-14-303(c)(i), 39-14-403(c)(i), 39-14-503(c)(i), 39-14-603(c)(i) and 39-14-703(c)(i) and located within the county, as well as all interest of the delinquent taxpayer in the mineral estate from which the production was severed and any future production from the same mineral leasehold regardless of any change of ownership or change in the person extracting the mineral.

(F) No other action beyond that described in subparagraph (E) of this paragraph shall be required to perfect or bring an action to enforce or foreclose a tax lien;

(G) The filing of the notice of the tax lien as described in subparagraph (E) of this paragraph shall constitute record notice of the tax lien;

(H) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(J) Any tax lien created under this paragraph and duly filed shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the county;

(K) In the event of foreclosure, the county shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(M) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(N) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold to the extent permitted by W.S. 39-14-103(c)(i), 39-14-203(c)(i), 39-14-303(c)(i), 39-14-403(c)(i), 39-14-503(c)(i), 39-14-603(c)(i) and 39-14-703(c)(i), the county may for good cause shown, release the lien on all property in the county, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(O) As used in this paragraph, "delinquent taxpayer" means any person who has any responsibility to pay ad valorem taxes, fees, penalties or interest on mineral production and who has not made full payment as of the date due for payment of the taxes, fees, penalties or interest. A delinquent taxpayer may include a mineral lessee who is receiving production from the mineral interest; the mineral lessor to the extent of the lessor's retained interest; an owner of a royalty, overriding royalty or other interest carved out of the mineral estate; or a person severing the mineral. "Delinquent taxpayer" shall not include an owner of a royalty interest, overriding royalty or other interest carved out of the mineral estate if the person who is producing the mineral withholds a portion of the royalty, overriding royalty or other interest carved out of the mineral estate for the purpose of remitting taxes, fees, penalties or interest on behalf of the owner.

(vii) Liens on mineral production on or after January 1, 2021. The following shall apply:

(A) All taxes, fees, penalties and interest imposed upon mineral production under this article are an automatic and continuing lien in favor of the county in which the mineral was produced. The county lien is perpetual against all persons excluding the United States and the state of Wyoming and attaches and is perfected immediately upon production of the mineral. The lien is on all property in the county, real,

tangible and intangible, including all after acquired property rights, future production and rights to property, of any taxpayer to the extent permitted by W.S. 39-14-103(c)(i), 39-14-203(c)(i), 39-14-303(c)(i), 39-14-403(c)(i), 39-14-503(c)(i), 39-14-603(c)(i) and 39-14-703(c)(i);

(B) A lien under this paragraph is also a lien on all interests of the taxpayer in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral. A lien under this paragraph shall not apply to a royalty interest, overriding royalty or other interest carved out of the mineral estate of an owner who is not a delinquent taxpayer;

(C) A county lien arising under this paragraph is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except any superior lien existing before January 1, 2021 and the lien shall survive foreclosure actions until paid in full or until released by the lienholder;

(D) No lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the county until such appeal has been exhausted or concluded. Nothing in this subparagraph shall be deemed to relieve any taxpayer of the requirement to pay any tax when due under this title;

(E) In order to foreclose a tax lien under this paragraph, the county treasurer shall file a notice of the intent to foreclose and a certified copy of the delinquent tax statement with the clerk and recorder of the real estate records in the county in which the mineral production occurred. A copy of the intent to foreclose shall be provided to the person against whose property the lien is filed at the last known address of the person. The notice of the intent to foreclose shall contain:

(I) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the delinquent taxpayer;

(II) The name and address of the county as the holder of the lien and the name of the contact person within the county;

(III) The amount of the tax, fees, penalties and interest owed;

(IV) A legal description of the premises of the mineral estate of the taxpayer from which the mineral was produced, detailed to at least the township, range and section.

(F) No other action beyond that described in subparagraph (E) of this paragraph shall be required to foreclose a tax lien;

(G) One (1) notice of the intent to foreclose shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(H) Any tax lien created under this paragraph shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the county;

(J) In the event of foreclosure, the county shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(K) A notice of intent to foreclose shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(M) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold to the extent permitted by W.S. 39-14-103(c)(i), 39-14-203(c)(i), 39-14-303(c)(i), 39-14-403(c)(i), 39-14-503(c)(i), 39-14-603(c)(i) and 39-14-703(c)(i), the county may, for good cause shown, release the lien on all property in the county, real, tangible and intangible, and settle delinquent taxes,

interest and penalties to be collected against future production from that leasehold;

(N) As used in this paragraph, "delinquent taxpayer" means any person who has any responsibility to pay ad valorem taxes, fees, penalties or interest on mineral production and who has not made full payment as of the date due for payment of the taxes, fees, penalties or interest. A delinquent taxpayer may include a mineral lessee who is receiving production from the mineral interest; the mineral lessor to the extent of the lessor's retained interest; an owner of a royalty, overriding royalty or other interest carved out of the mineral estate; or a person severing the mineral. "Delinquent taxpayer" shall not include an owner of a royalty interest, overriding royalty or other interest carved out of the mineral estate if the person who is producing the mineral withholds a portion of the royalty, overriding royalty or other interest carved out of the mineral estate for the purpose of remitting taxes, fees, penalties or interest on behalf of the owner.

(e) Tax sales. The following shall apply:

(i) The following shall apply to the distraint and sale of personal property:

(A) If the county treasurer proceeds to collect delinquent taxes by distraint and sale of personal property the county treasurer:

(I) May keep the property at the expense of the owner;

(II) Shall give notice of the time and place of sale within five (5) days after the distraint in the manner required for notice of a sale of personal property under execution;

(III) Shall commence the sale within ten (10) days after the distraint;

(IV) May adjourn the sale from time to time, not exceeding three (3) days, shall adjourn the sale when there are no bidders, and shall put a notice of adjournment at the place of sale in the case of an adjournment;

(V) Shall return to the owner any surplus proceeds of sale after payment of taxes, interest, costs of

keeping and transporting the property and fees of sale including charges provided by paragraph (ix) of this subsection, and render an account in writing of the sale and charges upon demand by the owner.

(B) The following fees, costs and charges shall be collected by the county treasurer to be credited to the county treasury:

(I) Twenty-three cents (\$.23) per mile for necessary travel; and

(II) Not to exceed twenty dollars (\$20.00) for advertising in the case of sale of personal property.

(ii) The following shall apply to sales of real property:

(A) If the county treasurer proceeds to collect delinquent taxes by sale of real property, he shall advertise notice of all sales of real property by publication thereof, once a week for three (3) weeks in a legal newspaper in the county, the first publication to be at least four (4) weeks prior to the day of sale and prior to the first week in September. If there is no legal newspaper published in the county, the county treasurer shall post a written notice of the sale at least thirty (30) days prior to the date of the sale within and near the front door of the courthouse and in three (3) public places in the county in which the major portion of the real property to be sold is situated;

(B) Notices of sale of real property for payment of delinquent taxes shall:

(I) Describe the real property to be sold, by providing the legal description and the street address for the property used by the United States postal service when available, or the street address used by the county or municipality if available;

(2) A person who occupies a homestead as a vendee in possession under a contract of sale;

(3) A person who occupies a homestead owned by a corporation primarily formed for the purpose of farming or ranching if the person is a shareholder or is related to a shareholder of the corporation; or

(4) A person who occupies a homestead owned by a partnership primarily formed for the purpose of farming or ranching if the person is a partner or is related to a partner in the partnership.

(II) "Dwelling" means a house, trailer house, mobile home, transportable home or other dwelling place.

(G) Every person or entity holding an escrow for the payment of taxes on property owned by another shall notify the owner of the property of the amount of home owner's tax credit allowed to the owner under this paragraph annually on or before October 1;

(H) The home owner's tax credit authorized by this paragraph is allowed during a fiscal year only if the legislature has appropriated monies that the department determines to be necessary to reimburse all local governments for tax losses created by this paragraph during that fiscal year. When it appears to the state treasurer that the monies appropriated are insufficient to reimburse the counties as provided herein, the money available shall be prorated among the counties at an amount less than one hundred percent (100%);

(J) The purpose of this paragraph is to provide general property tax relief for certain persons who own their residences through a system of tax credits and general fund appropriations. The relief provided is to offset in part the general tax burden. Thus, the tax relief provided is determined by reference to property tax assessment and collection mechanisms but is not limited to property tax relief nor formulated upon legislative power to relieve such taxes. It is

for the general relief of taxes and grounded upon general legislative power. In adopting this method of reimbursement of property taxes and providing that no local government shall incur any loss of property tax revenue under subparagraph (H) of this paragraph, any bond issues or other matters relying upon the assessed value of a local government for computation shall be predicated upon the assessed value of the local government before computation of tax credits under this paragraph.

(e) Redemption. The following shall apply:

(i) Real property sold for delinquent taxes may be redeemed by the legal owner after the date of sale but before a valid tax deed application has been filed and accepted by the county treasurer pursuant to W.S. 39-13-108(e)(v)(A), by paying to the county treasurer to be held subject to order of the holder of the certificate of purchase, the amounts provided by paragraph (iv) or (v) of this subsection. The county treasurer, if satisfied the person has a right to redeem the property, shall issue to the legal owner or his assigns a certificate of redemption stating the facts of the sale substantially as contained in the certificate of purchase, the date of redemption, the amount paid and the name of the person redeeming the property. The county treasurer shall note the redemption in his records and notify the holder of the certificate of purchase;

(ii) A mortgagee of real property, or a purchaser of real property at a mortgage foreclosure sale, shall have the right to partially redeem a certificate of purchase as to that portion of real property in which the mortgagee or purchaser holds an interest. The procedure for partial redemption of certificates of purchase shall be the same as provided in paragraph (i) of this subsection, except that the certificate of redemption shall state the appropriate facts of the partial redemption. A partial redemption under this subsection shall not affect the legal status of a certificate of purchase to the extent of any real property remaining unredeemed;

(iii) An amount not to exceed twenty dollars (\$20.00) shall be collected by the county treasurer to be credited to the county treasury for the issuance of a certificate of redemption;

(iv) A person redeeming real property from a person holding a certificate of purchase shall pay the following amounts, excluding attorney's fees, before being entitled to a certificate of redemption:

(A) The amount for which the property was sold at the tax sale, or in the case of a partial redemption, the amount allocated by the county assessor to the portion being redeemed, including the charges provided by W.S. 39-13-108(e)(ix)(A) and (B) plus:

(I) Three percent (3%); plus

(II) Interest at eight percent (8%) per annum since the date of sale except fifteen percent (15%) per annum on all property sold at date of 1982 tax sale and thereafter.

(B) The amount of taxes accruing since the date of sale plus eight percent (8%) per annum if the subsequent taxes were paid by the holder of the certificate of purchase dated before 1982 tax sale. Commencing at date of 1982 tax sale, interest on subsequent taxes if paid by the holder of the certificate of purchase shall be fifteen percent (15%) per annum;

(C) Actual expenses, not to exceed two hundred fifty dollars (\$250.00) incurred by the holder of the certificate of purchase if redemption occurs after the holder has given notice of his intent to apply for a treasurer's deed, upon filing a sworn statement of the expense with the county treasurer.

(v) A person redeeming real property from a county holding a certificate of purchase shall pay the amounts provided by subdivision (iv)(A)(II) and subparagraph (iv)(B) of this subsection before being entitled to a certificate of redemption.

(f) Escrow. If taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution under W.S. 39-13-111 until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided under W.S. 39-13-111.

39-13-110. Statute of limitations.

(a) All personal property taxes not collected within ten (10) years from the time the taxes were levied shall be cancelled and are thereafter uncollectible.

(b) Property omitted from prior year tax lists discovered by the county assessor shall be added to the assessment roll and taxes computed and collected for the period the property was omitted not exceeding five (5) prior years or since the last change in ownership, whichever is less.

(c) Any person, county, municipality or political subdivision holding a certificate of purchase or tax deed issued for delinquent taxes has a lien against the real property which is subject to the certificate of purchase or tax deed to the extent of taxes, costs and penalties accrued plus interest, accruing penalties and the value of improvements placed on the real property by the lienholder or his assigns while lawfully in possession of the premises. The lien is superior to all other liens except those created by junior tax sales or payment of subsequent taxes by another person. The lien may be enforced in the district court of the county in which the real property lies or in any district court in which an action is filed in which the lienholder is made a defendant. The action shall be conducted in a manner similar to foreclosures of mortgages and sales thereunder. The decree may contain an order of sale directing the sheriff to advertise and sell the real property without appraisal and make a return of the proceedings within sixty (60) days. No action provided by this section may be commenced less than four (4) years nor more than ten (10) years from the date of the original tax sale.

(d) Any person entitled to sales proceeds under W.S. 39-13-108(d)(iv)(C) may claim those amounts within two (2) years from the date of confirmation of the sale, or in the case of a person under a legal disability within one (1) year from removal of the disability. If the payment is unclaimed within two (2) years the proceeds shall be credited to the county sinking fund. If a person under a legal disability claims the proceeds within one (1) year following removal of the disability and the proceeds have been credited to the county sinking fund, the person shall be paid out of the county sinking fund.

(e) No action for the recovery of real property sold for the nonpayment of taxes shall be maintained unless commenced within six (6) years after the date of sale for taxes.

39-13-111. Distribution.

(a) The following shall apply to the distribution of tax collections:

(i) The county treasurer shall keep accurate records of taxes collected for each governmental entity for which a tax levy is made pursuant to W.S. 39-13-104(k) and shall pay the taxes collected to the treasurer of each governmental unit or settle accounts with the county commissioners as hereafter provided. Prior to any payment, the county may deduct and credit to the county treasury any extraordinary costs including out of county court costs and associated attorney fees, as certified by the board of county commissioners, that the county incurred in order to collect any portion of the tax:

(A) On the first day of each month in the case of cities, towns, irrigation districts, drainage districts, county libraries and the state and statewide levies. One-half percent (.5%) shall be deducted from payments to cities and towns and credited to the county treasury as reimbursement for county expenses in collecting taxes for the city or town;

(B) On November 25, May 25 and when the board of county commissioners requires, settle county accounts with the board of county commissioners;

(C) To school districts as provided by W.S. 21-13-207;

(D) On the second Monday of each month including all interest received in the case of community colleges;

(E) On November 10, January 10 and May 10 for all other governmental entities.

(ii) Upon sale of property for the nonpayment of taxes, the proceeds thereof shall be distributed as follows:

(A) The portion attributable to school district levies is payable to the proper school district;

(B) The portion attributable to a levy by a city or town is payable to the proper city or town;

(C) The balance is payable to the county general fund.

(iii) The county treasurer shall credit all taxes collected from rail car companies to a separate account and after the regular state, county and school district levies are made, distribute them in the same manner property taxes are distributed. To determine the entitlement to the state, county and school districts the county treasurer shall apportion the taxes to the various school districts through which the rail cars may have operated on the ratio that main track mileage in each school district bears to the total main track mileage within the county.

(b) If taxes are paid under protest to the extent of and due to an appeal pending before the board or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law.

(c) If a county is unable to collect some or all of the tax due because of nonpayment by a taxpayer, through bankruptcy or otherwise, the county shall not be liable to any other governmental entity for any amount of the tax that is not collected from the taxpayer.

(d) Taxes collected pursuant to W.S. 39-13-113 shall be distributed by the county treasurer on or before the tenth day of the month following the month of receipt, except as otherwise provided in this subsection. Taxes collected following final reconciliation of the taxes under W.S. 39-13-113(b) shall be distributed by the county treasurer on or before the tenth day of the month following the month of collection. The county treasurer shall not distribute taxes collected under W.S. 39-13-113 to governmental entities that do not levy or are not authorized to levy taxes under W.S. 39-13-104(k) for the applicable tax year, and any taxes collected on behalf of a

governmental entity that are not authorized or imposed under W.S. 39-13-104(k) shall be held by the county treasurer pending the final reconciliation of the taxes under W.S. 39-13-113(b) for distribution in accordance with this section.

39-13-112. Property taxation of certain helium.

(a) As used in this section:

(i) "Helium" means helium which is a component of a natural gas stream leased by the United States to any lessee pursuant to the Mineral Leasing Act of 1920, 30 U.S.C. section 181. All other helium shall be subject to ad valorem taxation pursuant to the provisions of this chapter;

(ii) All other definitions in W.S. 39-13-101 and 39-14-201 are incorporated herein by reference to the extent that they may apply.

(b) Administration; confidentiality: The department shall annually value and assess helium production at its fair market value for taxation in accordance with the applicable provisions of W.S. 39-13-102.

(c) Taxable event: There is levied an ad valorem tax on the value of the gross product produced, as provided in article 15, section 3 of the Wyoming constitution, on the helium produced in this state. The tax imposed by this subsection shall be in addition to all other taxes imposed by law.

(d) Basis of tax: Helium shall be valued for taxation as natural gas as provided in W.S. 39-14-203(b).

(e) Taxpayer: Any person producing helium; or, to the extent of his interest ownership, any person owning or producing an interest in the helium, by lease or other contract right, is liable for the payment of the ad valorem taxes together with any penalties and interest, provided however, that helium shall be subject to the ad valorem tax only once.

(f) Tax rate: Helium shall be subject to the ad valorem tax rate as provided in W.S. 39-13-104.

(g) Exemptions: The exemptions from taxation provided by W.S. 39-13-105 shall apply to helium.

(h) Compliance; collection procedures: The ad valorem tax related provisions of W.S. 39-13-107 shall apply to helium production.

(j) Enforcement: All ad valorem tax related provisions of W.S. 39-13-108 shall apply to helium production.

(k) Taxpayer remedies: All ad valorem tax related provisions of W.S. 39-13-109 shall apply to helium production.

(m) Distribution: Ad valorem tax revenues from helium production shall be distributed as provided by W.S. 39-13-111.

39-13-113. Monthly payment of ad valorem tax on gross product of mineral production.

(a) Commencing with mineral and mine production on January 1, 2020, this section shall govern the payment of all ad valorem taxes on the value of the gross product of minerals and mine products, hereafter referred to as the "ad valorem tax on mineral production". Any provisions of this title related to the ad valorem tax on mineral production that do not conform to the processes and procedures set forth in this section are superseded by this section to the extent the procedures conflict with this section.

(b) Except as provided in this section, all mineral and mine producers in the state shall report ad valorem mineral production to the department on or before the twenty-fifth day of the second month following the month of production and shall pay the ad valorem tax on mineral production for each county on a monthly basis as indicated on an invoice sent by the department. The department shall invoice each producer on or before the tenth day of the month following the report. Payments shall be due and payable to the department on or before the twenty-fifth day of the third month following the month of production. Payments under this subsection shall not be less than the amount calculated by the department by applying the mill levy rate established by the county in the immediately preceding year to the value of the gross product of minerals and mine products produced each month. Annually, on or before September 20, the county treasurer shall send a written statement to each taxpayer by mail at his last known address or, if offered by the county and upon request of the taxpayer, by electronic transmission, of any tax due or overpayment received after applying the amount the county has received from that taxpayer through monthly payments under this section by

reconciling those payments with the applicable mill levy rate for that production year, itemized as to property description, assessed value and applicable mill levies. Failure to send notice, or to demand payment of taxes, does not invalidate any taxes due. The taxpayer shall reconcile the amount indicated on the notice as follows:

(i) If the statement provided by the county indicates additional taxes are due, the taxpayer shall pay the additional amount due not later than December 20 of that year;

(ii) If the statement by the county indicates that the monthly payments resulted in an overpayment of the taxes, the county treasurer shall refund taxes that were overpaid under this section by December 20 of that year. The taxpayer may elect to have the county treasurer retain any overpayment amount and apply that amount towards other ad valorem taxes due.

(c) Collection and distribution. Monthly and annual payments of the ad valorem tax on mineral production shall be collected by the department on behalf of each county. The department shall properly account for the payments received and distribute the payments monthly to the county treasurer. Upon distribution of funds to counties under this subsection the amount shall be proportionally distributed by the county treasurer to each taxing entity within the county as provided in W.S. 39-13-111.

(d) If a taxpayer's liability for severance tax as imposed under chapter 14 of this title is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, the monthly payment requirements for the ad valorem tax on mineral production under this chapter are waived and the taxpayer shall report to the department on or before the twenty-fifth day of February of the year following the production year and shall pay the ad valorem tax on mineral production annually as indicated on an invoice sent by the department. The department shall invoice each producer on or before the tenth day of the month following the report. The payment shall be due and payable on March 25 of the year following the year of production. Annual payments shall be calculated by the department by applying the mill levy rate established by the county commissioners in the production year to the value of the gross product of minerals and mine products produced in the applicable year. Annual payments made under this subsection shall be paid to the department and deposited with the applicable county treasurer as

provided in subsection (c) of this section and reconciled as provided in subsection (b) of this section.

(e) Failure to make payments at the time they are due and payable under this section shall subject the taxpayer to the enforcement provisions of W.S. 30-5-104(d)(x) and 39-13-108 and shall also be subject to enforcement as follows:

(i) If the report and payment of tax required under this section is not provided, the department shall value the property from the best information available to determine the fair market value of the property;

(ii) If a taxpayer producing valuable deposits fails to pay the taxes when due, the department shall file a notice of lien on behalf of the applicable county pursuant to W.S. 39-13-108(d)(vi);

(iii) Taxes due together with interest, penalties and costs shall be collectible by the department or county by appropriate judicial proceedings.

(f) Notwithstanding subsection (a) of this section or any other provision of law, upon receiving an application from a taxpayer a county may enter into an agreement with the taxpayer to accept payments for the ad valorem tax on mineral production under the processes and procedures in place prior to the effective date of this section, subject to the following:

(i) Prior to entering into any agreement under this subsection, the county shall:

(A) Establish uniform eligibility criteria and an application process;

(B) Conduct at least one (1) public meeting related to the proposed agreement. The county shall notify all taxing authorities that receive any taxes that may be impacted by the agreement of the meeting at least fourteen (14) days prior to the meeting.

(ii) Upon entering into any agreement under this subsection, the county shall notify the department;

(iii) Upon receipt of notice from a county under this subsection, the department shall exempt the taxpayer from the provisions of this section and the taxpayer shall be subject to

all processes, procedures and requirements in place prior to the effective date of this section;

(iv) No taxpayer shall be eligible for an agreement under this subsection for mineral production from any property acquired on or after the effective date of this section.

(g) Notwithstanding subsection (a) of this section and except as otherwise provided in subsections (d) and (f) of this section, estimated monthly ad valorem tax payments shall first be due under this section beginning with production on January 1, 2022. The ad valorem tax on mineral production from calendar years 2020 and 2021 shall be paid as provided in this subsection. Fifty percent (50%) of taxes due for production from calendar year 2020 shall be due on and after September 1, 2021 and payable to the counties on and after November 10, 2021. The remaining fifty percent (50%) of the taxes due for production from calendar year 2020, unless the entire tax due for production from calendar year 2020 is paid by December 31, 2021, and all taxes due from production in calendar year 2021 shall be paid through deferred payments as provided in this subsection. The total amount of deferred taxes due under this subsection shall be calculated by the department and the applicable counties. The taxpayer shall make an additional payment for deferred taxes under this subsection on December 1 of each year beginning in 2023 equal to eight percent (8%) of the total amount calculated under this subsection until the total amount has been paid. Each county shall track payments due under this subsection and shall send an invoice to each taxpayer not later than October 1 of each year beginning in 2023 of the deferred payment due under this subsection for that year. Timely deferred payments made in accordance with this subsection shall not be subject to penalties or interest. The following shall apply to deferred payments under this subsection:

(i) If a taxpayer fails to make one (1) deferred payment by December 1 of the year the payment is due under this subsection, all applicable penalties and interest shall be calculated from the date of the missed payment;

(ii) If a taxpayer fails to make a second deferred payment under this subsection, the total remaining amount of deferred taxes due under this subsection shall be immediately due and payable with penalties and interest calculated from the date of the second missed payment;

(iii) If a taxpayer subject to deferred payments under this subsection sells, divests or liquidates its producing mineral assets in a county or counties such that the taxpayer is no longer required to file a monthly severance tax report with the department pursuant to chapter 14 of this title, the total remaining amount of deferred taxes due under this subsection for that county or counties shall be due and payable to the applicable county treasurer on or before the twenty-fifth day of the third month following the month the taxpayer sold, divested, or liquidated its producing mineral assets. If a taxpayer fails to make a deferred payment under this paragraph, all applicable penalties and interest shall be calculated from the date of the missed payment;

(iv) Nothing in this subsection shall prohibit a taxpayer from voluntarily remitting to the counties any remaining portion of nondelinquent deferred taxes without penalty.

(b) Based upon the information received or procured pursuant to W.S. 39-14-107(a) or 39-14-108(a) and except as otherwise provided, the department shall annually value the gross product for the preceding calendar year, in appropriate unit measures of all mines and mining claims from which valuable deposits are produced.

(c) Except as otherwise provided, in the event the product as defined in W.S. 39-14-103(b)(iii) is not sold at the mouth of the mine by bona fide arms-length sale, or if the product of the mine is used without sale, the department shall determine the fair market value by application of recognized appraisal techniques.

(d) Annually, on or before June 1, or as soon thereafter as the fair market value is determined, the department shall certify the valuation determined by the department to the county assessor of the county in which the property is located, to be entered upon the assessment rolls of the county.

(e) All taxpayer returns and return information shall be confidential and, except as authorized below, no current or former official, officer, employee or agent of the state of Wyoming or any political subdivision thereof shall disclose any such information obtained by him in connection with his service as an officer or employee.

(f) As used in this section, taxpayer returns and return information shall include, but not be limited to, all statements, reports, summaries and all other data and documents under audit or provided by the taxpayer in accordance with the provisions of W.S. 39-14-107(a) and related provision.

(g) Without written authorization from the taxpayer, no current or former official, officer, employee or agent of the state of Wyoming or any political subdivision thereof shall release taxpayer returns and return information pertaining to taxes imposed by this article, except:

upon conviction shall be fined not less than one thousand dollars (\$1,000.00), but not more than five thousand dollars (\$5,000.00) and imprisoned for not more than one (1) year.

(m) Repealed By Laws 2000, Ch. 68, § 1.

39-14-103. Imposition.

(a) Taxable event. The following shall apply:

(i) There is levied a severance tax on the value of the gross product for the privilege of severing or extracting both surface and underground coal in the state. The severance tax imposed by this article may be in addition to other taxes, including but not limited to the ad valorem taxes imposed by W.S. 39-13-104.

(b) Basis of tax (valuation). The following shall apply:

(i) Coal shall be valued for taxation as provided in this subsection;

(ii) The value of the gross product shall be the fair market value of the product at the mouth of the mine where produced, after the mining or production process is completed;

(iii) Except as otherwise provided, the mining or production process is deemed completed when the mineral product reaches the mouth of the mine. In no event shall the value of the mineral product include any processing functions or operations regardless of where the processing is performed;

(iv) Except as otherwise provided, if the product as defined in paragraph (iii) of this subsection is sold at the mouth of the mine, the fair market value shall be deemed to be the price established by bona fide arms-length sale;

(v) In the event the product as defined in paragraph (iii) of this subsection is sold at the mouth of the mine without further movement or processing, the fair market value shall be the price established by bona fide arms-length sale less exempt royalties;

(vi) In the event the product as defined in paragraph (iii) of this subsection is not sold at the mouth of the mine by bona fide arms-length sale, or, except as otherwise provided, if the product of the mine is used without sale, the department

shall determine the fair market value of coal in accordance with paragraph (vii), (viii), (ix) or (x) of this subsection;

(vii) For coal sold away from the mouth of the mine pursuant to a bona fide arms-length sale, the department shall calculate the fair market value of coal by multiplying the sales value of extracted coal, less transportation to market provided by a third party to the extent included in sales value, all royalties, ad valorem production taxes, severance taxes, black lung excise taxes and abandoned mine lands fees, by the ratio of direct mining costs to total direct costs. Nonexempt royalties, ad valorem production taxes, severance taxes, black lung excise taxes and abandoned mine lands fees shall then be added to determine fair market value. For purposes of this paragraph:

(A) The sales value of extracted coal shall be the selling price pursuant to an arms-length contract. To the extent not included in the selling price pursuant to an arms-length contract, and to the extent that the following represent partial consideration for the value of the coal, sales value shall include the value per ton attributable to the extracted coal for any consideration provided to the seller in the form of heat content adjustments, price escalations or de-escalations, expense reimbursements, capital, facilities or equipment, services for mining, handling, processing or transporting the coal at or near the mine site, or any payment received for the current or past sale of extracted coal, by or on behalf of the purchaser. Sales value per ton shall include consideration provided for the deferral of extraction and sale in the taxable period in which the purchaser receives credit for the payment as a result of subsequent extraction and sale of the deferred production;

(B) Direct mining costs include mining labor including mine foremen and supervisory personnel whose primary responsibility is extraction of coal, supplies used for mining, mining equipment depreciation, fuel, power and other utilities used for mining, maintenance of mining equipment, coal transportation from the point of severance to the mouth of the mine, and any other direct costs incurred prior to the mouth of the mine that are specifically attributable to the mining operation;

(C) Total direct costs include direct mining costs determined under subparagraph (B) of this paragraph plus mineral processing labor including plant foremen and supervisory personnel whose primary responsibility is processing coal,

supplies used for processing, processing plant and equipment depreciation, fuel, power and other utilities used for processing, maintenance of processing equipment, coal transportation from the mouth of the mine to the point of shipment, coal transportation to market to the extent included in the price and provided by the producer, and any other direct costs incurred that are specifically attributable to the mining, processing or transportation of coal up to the point of loading for shipment to market;

(D) Indirect costs, royalties, ad valorem production taxes, severance taxes, black lung excise taxes and abandoned mine lands fees shall not be included in the computation of the ratio set forth in this paragraph. Indirect costs include but are not limited to allocations of corporate overhead, data processing costs, accounting, legal and clerical costs, and other general and administrative costs which cannot be specifically attributed to an operational function without allocation.

(B) If subparagraph (A) of this paragraph is not applicable, then the sales value for coal used as a feedstock shall be the total arms-length selling price of the enhanced coal sold during the reporting period multiplied by the total of the enhanced tons sold.

(x) In the event that unique or unusual circumstances exist such that the department or the taxpayer is unable to determine the value of the gross product of coal from a mine or mining claim by application of the methods provided in this subsection, the taxpayer may petition the department for approval to use an alternate valuation method. The department shall approve or deny the use of an alternate valuation method and shall so inform the parties within forty-five (45) days of the date the petition is filed.

In addition to the information required by this subsection, Wyoming coal producers shall provide to the department a summary of each new coal sales agreement for total sales in excess of ten thousand (10,000) tons and any amendment to an existing agreement for total sales in excess of ten thousand (10,000) tons signed during each calendar quarter no later than the last day of the month following the end of the calendar quarter. Each summary shall be on a form prescribed by the department and shall contain the date the agreement or amendment was executed, term of the agreement or amendment, annual volume or total volume if the agreement or amendment is for less than one (1) year, heat content requirements, quality specifications, nature and extent of enhancement if any,

If the agreement is not yet publicly available, the producer shall, in lieu of providing a copy of the agreement, notify the department in writing that the agreement is not yet publicly available and when the producer believes the agreement will be publicly available. It will thereafter be the responsibility of the producer to ascertain if and when the agreement does become publicly available and to provide a copy to the department within thirty (30) days from the date the agreement becomes publicly available. The producer may be relieved of the responsibility of ascertaining the date the agreement becomes publicly available by supplying a copy to the department. The coal sales agreements, amendments and summaries shall not be considered public records and shall not be open to public inspection. The coal sales agreements, amendments and summaries shall be considered taxpayer return information and shall be made available in accordance with applicable confidentiality statutes to the extent needed to carry out official duties under this section and W.S. 39-14-102(e) through (k). Proprietary information derived from the agreements and summaries shall be aggregated by the department on a calendar year basis prior to disclosure to any person not authorized by law to have access to the information. Any producer complying with this section shall not be required to provide subsequent summaries or copies of the same agreement or amendments to any of the agencies or officials identified by this section and W.S. 39-14-102(e) through (k). Any producer complying with this section shall not be required to provide other state agencies authorized by law to have access to the information, additional copies of sales agreements, amendments or summaries except as required through formal discovery in a contested case.

(ii) All information and reports shall be notarized and signed by a person who has legal authority to bind the taxpayer;

(iii) For mines and mining claims, the department may presume that the property is located in the county in which production is reported by the taxpayer. The department shall not direct any county to provide relief for taxes paid on taxable valuation which was erroneously reported and certified to the wrong county unless the taxpayer files or is directed to

file amended returns within two (2) years of the date of the original certification of the production. Unless there is evidence of bad faith or willful disregard of production circumstances, no taxpayer shall be required to pay taxes on production which was erroneously reported and certified to the wrong county if relief for taxes paid is not allowed under this provision;

(iv) Except as provided in paragraph (v) of this subsection, each taxpayer liable for severance taxes under W.S. 39-14-103 shall report monthly to the department. The monthly tax reports are due on or before the twenty-fifth day of the second month following the month of production. Reports shall be filed on forms prescribed by the department. The department may allow extensions for filing returns by regulation;

(v) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly reporting requirements are waived and the taxpayer shall report annually. The annual report is due on February 25 of the year following the year in which production occurred. If a taxpayer who reports and pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence reporting monthly as provided in paragraph (iv) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly reporting requirements or from monthly to annual reporting;

(vi) For mines and mining claims, the taxpayer shall report the location of the production to the county and tax district in which the mine or mining claim is located, based upon the actual taxable production produced by the mine in each county or tax district. Other reasonable methods of reporting the location of production may be approved by the department upon written request of the taxpayer or taxing jurisdiction.

(b) Payment. The following shall apply:

(i) Annually, on or before October 10 the county treasurer shall send a written statement in sealed envelopes of total tax due, itemized as to property description, assessed value and mill levies, to each taxpayer at his last known

address. Failure to send notice, or to demand payment of taxes, does not invalidate any taxes due;

(ii) Ad valorem taxes provided by this act are due and payable:

(A) For the 2019 tax year and all preceding tax years, at the office of the county treasurer of the county in which the taxes are levied. Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. If the entire tax is paid on or before December 31, no interest or penalty is chargeable;

(B) Effective January 1, 2020 for tax year 2020 and each year thereafter, ad valorem taxes are due as provided in W.S. 39-13-113.

(iii) Except as provided in paragraph (iv) of this subsection, each taxpayer liable for a severance tax under W.S. 39-14-103 shall pay monthly tax payments to the department. The payment shall be determined by the taxpayer based on the value of the gross product produced and saved during the second preceding month, and tax computed on value at rates prescribed in this chapter. The monthly tax payments are due on or before the twenty-fifth day of the second month following the month of production. If the report the taxpayer is required to file shows tax due, the taxpayer shall pay the tax due when the report is filed. The department may allow extensions for paying taxes by regulation. The department may, if an extension is granted, request the payment of the reasonable estimate of ninety percent (90%) of the tax by the statutory due date, with the remaining tax remitted with the extended return;

(iv) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly payment requirements are waived and the taxpayer shall pay the tax annually. The annual payment is due on February 25 of the year following the year in which production occurred. If a taxpayer who pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence remitting tax payments as provided in paragraph (iii) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand

dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly payment requirements or from monthly to annual payment.

(c) Timelines. Except as otherwise provided, there are no specific applicable provisions for timelines for this article.

39-14-108. Enforcement.

(a) General. The following shall apply:

(i) If the statement provided by W.S. 39-14-107(a)(i) is not filed, the department shall value the property from the best information available. The department may use information other than contained in the statement provided by W.S. 39-14-107(a)(i) to determine the fair market value of the property provided by W.S. 39-14-102(a);

(ii) When a taxpayer producing valuable deposits fails to pay the taxes imposed by this article when due, the purchaser of the produced valuable deposit shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced valuable deposit acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-107(b)(iii);

(B) The department shall notify the purchaser in writing of the proper rates for calculating taxes due and the percentage of the produced valuable deposit subject to taxation by this article;

(C) The amount of tax paid by a purchaser to the department, as required by this paragraph, shall offset and satisfy all claims for payments for the purchase of produced valuable deposits to the extent of the tax payment;

(D) This paragraph shall not apply under circumstances where the purchaser is required to continue payments due to legal proceedings;

(E) This paragraph shall not apply until after the purchaser has been notified in writing that subsequent accruing taxes will be payable by the purchaser.

(iii) Severance taxes due together with interest, penalties and costs shall be collectible by the department by appropriate judicial proceedings.

(b) Audits. The following shall apply:

(i) The department may employ examiners and obtain other technical services, to investigate and examine the books and records of any person paying taxes imposed under W.S. 39-13-101 through 39-13-111. The department shall notify the county assessor of any change in valuation as determined by audits, examinations or investigations establishing:

(A) Taxable volumes or values were not accurately reported;

(B) Clerical errors were made in determining taxable volumes or values;

(C) Taxable volumes or values for the year that production occurred were not calculated in compliance with Wyoming statutes or rules governing the determinations; or

(D) Additional payment for production was received and not reported whether such payment was received in the year of production or in subsequent years.

(ii) Repealed By Laws 2012, Ch. 84, § 102.

(iii) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to certify mine product valuation amendments to the county assessor of the county in which the property is located, to be entered upon the assessment rolls of the county and taxes computed and collected thereon subject to appeal under W.S. 39-14-109(b)(ii), provided that the return is filed within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-107(a)(i), and that the audit or review commenced within the time period as required by paragraph (vii) of this subsection. Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period

specified herein, and the amended returns may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(v) All audits or department reviews, as applicable, pursuant to paragraphs (ii), (iii) and (iv) of this subsection are subject to the following conditions:

(A) Audits are commenced when the taxpayer receives written notice of the intended action;

(B) Prior to entering the premises of a taxpayer or third party, the taxpayer or third party shall be provided at least fourteen (14) days written notice;

(C) Audits are completed when the final findings are issued to the taxpayer by the department of audit;

(D) Unless otherwise agreed to in writing, audits shall be completed and the final audit findings issued to the taxpayer not later than the end of the month two (2) years after the audit is commenced and not sooner than one (1) year following the reporting date for ad valorem taxes;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This section shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits provided by this article shall commence within three (3) years and six (6) months immediately following

the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-103(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. If the examination discloses evidence of gross negligence by the taxpayer in reporting and paying the tax, the department may examine all pertinent records for any reporting period without regard to the limitations set forth in paragraphs (vii) and (viii) of this subsection;

(viii) In order to examine relevant books or records of a taxpayer subject to a tax imposed by this article or to secure any information related to enforcement of this article, authorized representatives of the department may at any time during normal business hours enter premises of a taxpayer liable for a tax imposed by this article or the premises of any third party having information regarding that taxpayer's liability. Prior to entering the premises of a taxpayer or third party, the department shall provide fourteen (14) days written notice to the taxpayer and third party;

(ix) The state may employ auditors and obtain other technical assistance necessary to determine if the tax imposed by this article has been properly reported and paid.

(c) Interest. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-107(b)(ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-107(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit

period, without regard to the limitation period for requesting refunds. In calculating penalty, the department or board of county commissioners shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any penalty due;

(ii) If any person fails to file the report required by W.S. 39-14-107(a) (i) (A) by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well, mine or mining claim but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-107(a) (iv) or 39-14-107(a) (i) (A), the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this paragraph for good cause. Penalties imposed under this paragraph may be appealed to the state board of equalization;

(iii) If any person fails to make or file a return and remit the tax as required by W.S. 39-14-107, the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by paragraph (c) (iv) of this subsection. The taxes, penalty and interest

shall be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause.

(e) Liens. The following shall apply:

(i) Repealed by Laws 2002, Ch. 50, § 2.

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property

to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection,

payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-109. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the

department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Following determination of the fair market value of property the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the board within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon

application of any interested person adversely affected, including boards of county commissioners for the purposes of this paragraph, under the contested case procedures of the Wyoming Administrative Procedure Act. Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S. 16-3-103(a) shall be afforded an opportunity for a hearing before the board;

(v) Any person including the state of Wyoming aggrieved by any order issued by the board, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the board to the district court of the county in which the property or some part thereof is situated.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-107(a) (i). Any refund granted shall be subject to modification or revocation upon audit;

Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the

state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

The rules and criteria shall provide that wildcat wells are wells outside known fields or new wells which are determined by the commission to have discovered crude oil or natural gas in a pool not previously proven productive;

(xxxii) "Workover" means any downhole operation that is designed to sustain, restore or increase the production rate or the ultimate recovery in the geologic interval in which an oil or gas well or group of wells is currently completed and producing and approved as a workover by the Wyoming oil and gas conservation commission;

(xxxiii) For the purposes of W.S. 39-14-203(b)(vi)(E), "rate of return" means the weighted average cost of capital (hereafter referred to as the "capitalization rate") as calculated under this paragraph for the ten (10) largest natural gas producers in this state on a production volume basis during the preceding production year for which the appropriate data is publicly available (hereafter referred to as the "representative companies"). The following shall apply:

(A) The capitalization rate is any rate used to convert an income stream into a present worth of future benefits. The rate reflects the relationship between one (1) year's income or an annual average of several years' income and

the corresponding value. The department shall annually calculate the capitalization rate based upon the band of investment method as defined by this paragraph. The primary components of the capitalization rate shall include capital structure and cost of capital (debt, preferred and equity capital) as developed in appropriate money markets for the representative companies;

(B) "Band of investment method" means that the capitalization rate is equal to the weighted average cost of the debt and equity portions of the capital investment. The following shall apply:

(I) Proper development and application of the band of investment shall require obtaining and analyzing data for the percent of debt and equity which makes up the capital structure as determined from published financial sources such as Moody's bond record, Moody's bond survey, Value Line, Moody's public utility or transportation manuals, regulatory reports or other recognized financial materials. The determination shall be done by the corporate bonds' rating of the representative companies or other means if bond ratings are not available;

(II) Debt rate estimates used in the band of investment method shall reflect the average current cost of yield to maturity of outstanding issues of debt financing for the year ending closest to the date of the calculation of the capitalization rate required by this paragraph. The rates shall be taken from published financial sources such as Moody's public utility news reports or other recognized financial materials. The determination shall be done by corporate bond rating of the representative companies;

(III) Preferred rate estimates used in the band of investment method shall reflect the average current cost of market yield of outstanding issues of preferred stock financing for the year ending closest to the date of the calculation of the capitalization rate required by this paragraph. The rates shall be taken from published financial sources such as Moody's public utility news reports or other recognized financial materials. The determination shall be done by corporate bond rating of the representative companies;

(IV) The current cost of equity shall be based on data from the capital markets of the representative companies. Equity rates shall reflect the representative cost

of equity financing for the representative companies by corporate bond rating as of the date of the calculation of the capitalization rate under this paragraph. The current cost of equity shall be developed by accepted models in the appraisal and financial communities. These models shall include, but are not limited to, equity risk premium, capital asset pricing model and the discounted cash flow model. The sources of required data shall be taken from published financial sources such as Value Line, Ibbotson Associates, Wall Street Journal, regulatory filings and other recognized financial materials. Not later than March 15 of each year, the department shall conduct a public meeting for presentation of the capitalization rate to be used to value production in the same calendar year in which the rate is determined. Notice of the date and time of the meeting shall be provided to all interested parties at least thirty (30) days prior to the meeting. Interested parties may present written or oral comments on the proposed capitalization rate or within five (5) business days thereafter. A final determination of the capitalization rate shall be made available on or before March 31 or as soon thereafter as possible;

(V) Within thirty (30) days of the final capitalization rate determination under this paragraph, the taxpayer shall file amended returns and remit any severance tax due for that portion of the year for which the capitalization rate had yet to be determined and no interest or penalty shall be due as a result of the application of the new capitalization rate.

(xxxiv) For the purposes of W.S. 39-14-203(b)(vi)(E), "return on investment" means the product of the rate of return multiplied by the gross capital investment in all processing and transportation facilities used by the taxpayer to process or transport natural gas from the point of valuation to the point of arms-length sale as maintained on the taxpayer's books and records under generally accepted accounting principles;

(xxxv) For the purposes of W.S. 39-14-203(b)(vi)(E), "total direct processing and transportation costs" means all costs incurred by the taxpayer to operate all processing or transportation facilities from the point of valuation to the point of arms-length sale as maintained on the taxpayer's books and records. The costs shall include salaries and benefits; contract labor; repairs and maintenance including processing facility turnarounds; fuel, power and utilities; chemicals; processing facility premise lease costs to nonaffiliated parties; waste water treatment; disposal of byproduct and waste

products; safety; costs of environmental permitting and monitoring, federal and state environmental compliance fees and costs, excluding compensatory and punitive damages and governmental penalties; laboratory; distributive control system; and ad valorem taxes on real and tangible personal property excluding the gross products tax. The taxpayer shall be entitled to its proportionate share of the total direct processing and transportation costs as measured by its percentage of inlet volumes;

(xxxvi) For the purposes of paragraph (xxxiv) of this subsection, "gross capital investment" means the total gross capitalized investment in the processing and transportation facilities from the point of valuation to the point of arms-length sale as maintained on the taxpayer's books and records under generally accepted accounting principles. The gross capital investment shall be calculated based on the company's books and records as of January 1 plus December 31 of the production year, divided by two (2). For purposes of this paragraph, gross capital investment shall not include any investment in equipment that is considered permanently abandoned under generally accepted accounting principles. Gross capital investment shall include items which are not in continuous operation if they remain on the company's books and records under generally accepted accounting principles;

(xxxvii) "Qualifying well" means a well in which:

(A) A well site is already connected to a pipeline, pipeline capacity is unavailable on the existing pipeline and the producer and the pipeline operator jointly have filed an application with the Wyoming oil and gas conservation commission attesting to the lack of existing pipeline takeaway capacity;

(B) A producer's well is not connected to an existing pipeline but the producer's lands, leases, wells or gas are contractually dedicated to a pipeline operator and the producer and the pipeline operator to which the lands, leases, well, or gas are dedicated jointly have filed an application with the Wyoming oil and gas conservation commission attesting that it is either technically or commercially unfeasible to connect a pipeline to the producer's well; or

(C) A producer's well is not already connected to an existing pipeline and the producer's lands, leases, wells or gas are not contractually dedicated but the producer

unilaterally has filed an application with the Wyoming oil and gas conservation commission attesting to these facts.

39-14-202. Administration; confidentiality.

(a) Administration. The following shall apply:

(i) The department shall annually value and assess crude oil, lease condensate or natural gas production at its fair market value for taxation;

(ii) Based upon the information received or procured pursuant to W.S. 39-14-207(a) or 39-14-208(a), the department shall annually value crude oil, lease condensate and natural gas for the preceding calendar year in appropriate unit measures at the fair market value of the product, after the mining or production process is completed;

(iii) Annually, on or before June 1, or as soon thereafter as the fair market value is determined, the department shall certify the valuation determined by the department to the county assessor of the county from which the crude oil, lease condensate or natural gas was produced to be entered upon the assessment rolls of the county;

(x) Repealed by Laws 2009, Ch. 168, § 207.

(xi) Repealed By Laws 2000, Ch. 68, § 1.

(b) Confidentiality. The following shall apply:

(i) All taxpayer returns and return information shall be confidential and, except as authorized below, no current or former official, officer, employee or agent of the state of Wyoming or any political subdivision thereof shall disclose any

such information obtained by him in connection with his service as an officer or employee;

(ii) As used in this subsection, taxpayer returns and return information shall include, but not be limited to, all statements, reports, summaries and all other data and documents under audit or provided by the taxpayer in accordance with the provisions of W.S. 39-14-207(a) and related provision;

(iii) Without written authorization from the taxpayer, no current or former official, officer, employee or agent of the state of Wyoming or any political subdivision thereof shall release taxpayer returns and return information pertaining to taxes imposed by this article, except:

(A) Information may be released to the governor or his designee, members of the board, to employees of the department of audit, the department of revenue, the consensus revenue estimating group and to the attorney general;

(B) Upon prior notice to the taxpayer, information may be released by the department, upon written application, to any other governmental entity if the governmental entity shows sufficient reason to obtain the information for official business;

(C) Information is admissible in court or administrative proceedings related to mineral taxes or government royalties.

(iv) Any person receiving information pursuant to subparagraph (iii)(B) of this subsection shall sign an agreement with the department to keep the information confidential;

Any person who intentionally violates this subsection is guilty of a misdemeanor and upon conviction shall be fined not less than one thousand dollars (\$1,000.00), but not more than five thousand dollars (\$5,000.00) and imprisoned for not more than one (1) year.

39-14-203. Imposition.

(a) Taxable event. The following shall apply:

(i) There is levied a severance tax on the value of the gross product extracted for the privilege of severing or extracting crude oil, lease condensate or natural gas in the state. The tax imposed by this subsection shall be in addition to all other taxes imposed by law including, but not limited to, ad valorem taxes imposed by W.S. 39-13-101 through 39-13-111.

(b) Basis of tax. The following shall apply:

(i) Crude oil, lease condensate and natural gas shall be valued for taxation as provided in this subsection;

(ii) The fair market value for crude oil, lease condensate and natural gas shall be determined after the production process is completed. Notwithstanding paragraph (x) of this subsection, expenses incurred by the producer prior to the point of valuation are not deductible in determining the fair market value of the mineral;

(iii) The production process for crude oil or lease condensate is completed after extracting from the well, gathering, heating and treating, separating, injecting for enhanced recovery, and any other activity which occurs before the outlet of the initial storage facility or lease automatic custody transfer (LACT) unit;

(iv) The production process for natural gas is completed after extracting from the well, gathering, separating, injecting and any other activity which occurs before the outlet of the initial dehydrator. When no dehydration is performed, other than within a processing facility, the production process is completed at the inlet to the initial transportation related compressor, custody transfer meter or processing facility, whichever occurs first;

(v) If the crude oil, lease condensate or natural gas production as provided by paragraphs (iii) and (iv) of this subsection are consumed as defined by W.S. 39-14-201(a)(xv)(B), processed or transported, sold to a third party or processed or transported by a third party, at or prior to the point of valuation provided in paragraphs (iii) and (iv) of this subsection, the fair market value shall be the value established by bona fide arms-length transaction;

(vi) In the event the crude oil, lease condensate or natural gas production as provided by paragraphs (iii) and (iv) of this subsection is not sold at or prior to the point of valuation by bona fide arms-length sale, or, except as otherwise provided, if the production is used without sale, the department shall identify the method it intends to apply under this paragraph to determine the fair market value and notify the taxpayer of that method on or before September 1 of the year preceding the year for which the method shall be employed. The department shall determine the fair market value by application of one (1) of the following methods:

(A) Comparable sales-The fair market value is the representative arms-length market price for minerals of like quality and quantity used or sold at the point of valuation provided in paragraphs (iii) and (iv) of this subsection taking into consideration the location, terms and conditions under which the minerals are being used or sold;

(B) Comparable value-The fair market value is the arms-length sales price less processing and transportation fees charged to other parties for minerals of like quantity, taking into consideration the quality, terms and conditions under which the minerals are being processed or transported;

(C) Netback-The fair market value is the sales price minus expenses incurred by the producer for transporting produced minerals to the point of sale and third party processing fees. The netback method shall not be utilized in determining the taxable value of natural gas which is processed by the producer of the natural gas;

(D) Proportionate profits - The proportionate profits method shall only be used as a method in conjunction with the provisions of the modified netback method in subparagraph (E) of this paragraph. The fair market value is:

(I) The total amount received from the sale of the minerals minus exempt royalties, nonexempt royalties and production taxes times the quotient of the direct cost of producing the minerals divided by the direct cost of producing, processing and transporting the minerals; plus

(II) Nonexempt royalties and production taxes.

(E) Modified netback - The fair market value is:

(I) The total amount received from the sale of the natural gas minus the total direct processing and transportation costs, any arms-length transportation fees from the point of valuation to the point of arms-length sale, overhead costs directly related to facility operations not to exceed ten percent (10%) of the total direct processing and transportation costs, exempt royalties and return on investment incurred by the taxpayer from the point of valuation to the point of arms-length sale;

(II) There shall be one (1) point of valuation for all interest owners of the processing facility;

(III) Any producer utilizing the modified netback method set forth in this subparagraph shall be required to calculate the taxable value for the tax year under the methods of both this subparagraph and subparagraph (D) of this paragraph (hereafter referred to as the "annual floor test"). The taxable value for the year shall be the higher of the two (2) taxable values determined under the annual floor test. If the valuation method is changed as a result of the provision in this subparagraph, no interest or penalties shall be due if the taxpayer files the amended returns and remits the additional severance tax due under this subparagraph not later than May 25 of that calendar year. After the first year of applicability of this subparagraph, for each succeeding year the taxpayer's monthly severance tax returns shall be filed using the valuation method determined under the annual floor test for the immediately preceding calendar year.

(vii) When the taxpayer and department jointly agree, that the application of one (1) of the methods listed in paragraph (vi) of this subsection does not produce a representative fair market value for the crude oil, lease condensate or natural gas production, a mutually acceptable alternative method may be applied;

(viii) If the fair market value of the crude oil, lease condensate or natural gas production as provided by paragraphs (iii) and (iv) of this subsection is determined pursuant to paragraph (vi) of this subsection, the method employed shall be used in computing taxes for three (3) years including the year in which it is first applied or until changed by mutual agreement between the department and taxpayer. If the taxpayer believes the valuation method selected by the

department does not accurately reflect the fair market value of the crude oil, lease condensate or natural gas, the taxpayer may appeal to the board of equalization for a change of methods within one (1) year from the date the department notified the taxpayer of the method selected;

(ix) If the department fails to notify the taxpayer of the method selected pursuant to paragraph (vi) of this subsection, the taxpayer shall select a method and inform the department. The method selected by the taxpayer shall be used in computing taxes for three (3) years including the year in which it is first applied or until changed by mutual agreement between the taxpayer and the department. If the department believes the valuation technique selected by the taxpayer does not accurately reflect the fair market value of the crude oil, lease condensate or natural gas, the department may appeal to the board of equalization for a change of methods within one (1) year from the date the taxpayer notified the department of the method selected;

(x) If crude oil is enhanced prior to the point of valuation as defined in paragraph (iii) of this subsection by either a blending process with a higher grade hydrocarbon or through a refining process such as cracking, then the fair market value shall be the fair market value of the crude oil absent the blending or refining process;

(xi) For natural gas, the total of all actual transportation costs from the point where the production process is completed to the inlet of the processing facility or main transmission line shall not exceed fifty percent (50%) of the value of the gross product without approval of the department based on documentation that the costs are due to environmental, public health or safety considerations, or other unusual circumstances.

(c) Taxpayer. The following shall apply:

(i) In the case of ad valorem taxes on crude oil, lease condensate or natural gas produced under lease, the lessor is liable for the payment of ad valorem taxes on crude oil, lease condensate or natural gas production removed only to the extent of the lessor's retained interest under the lease, whether royalty or otherwise, and the lessee or his assignee is liable for all other ad valorem taxes due on production under the lease;

(ii) In the case of severance taxes, any person extracting crude oil, lease condensate or natural gas and any person owning an interest in the crude oil, lease condensate or natural gas production to the extent of their interest ownership are liable for the payment of the severance taxes together with any penalties and interest;

(iii) Any taxpayer paying severance taxes on any crude oil, lease condensate or natural gas production may deduct the taxes paid from any amounts due or to become due to the interest owners of such production in proportion to the interest ownership.

39-14-204. Tax rate.

(a) Except as otherwise provided by this section and W.S. 39-14-205, the total severance tax on crude oil, lease condensate or natural gas shall be six percent (6%), comprising one and one-half percent (1.5%) imposed by the Wyoming constitution article 15, section 19 and the remaining amount imposed by Wyoming statute. The tax shall be distributed as provided in W.S. 39-14-211 and is imposed as follows:

(i) One and one-half percent (1.5%); plus

(ii) One-half percent (.5%); plus

(iii) Two percent (2%); plus

(e) Repealed by Laws 2016, ch. 16, § 2.

(f) Repealed by Laws 2016, ch. 16, § 2.

(g) Repealed by Laws 2016, ch. 16, § 2.

(j) Natural gas which is vented or flared under the authority of the Wyoming oil and gas conservation commission and natural gas which is reinjected or consumed prior to sale for the purpose of maintaining, stimulating, treating, transporting or producing crude oil or natural gas on the same lease or unit from which it was produced has no value and is exempt from taxation.

If the exemption under this subsection is applicable to a new well based upon the oil or gas price at the time of first production, the exemption shall be an exemption of the full two percent (2%) tax rate under W.S. 39-

14-204(a) (iv) for the first six (6) months of production and shall reduce the rate under W.S. 39-14-204(a) (iv) to one percent (1%) for the next six (6) months of production.

39-14-206. Licenses; permits.

There are no specific applicable provisions for licenses and permits for this article.

39-14-207. Compliance; collection procedures.

(a) Returns and reports. The following shall apply:

(i) Annually, on or before February 25 of the year following the year of production any person whose crude oil, lease condensate or natural gas production is subject to W.S. 39-14-202(a) shall sign under oath and submit a statement listing the information relative to the production and affairs of the company as the department may require to assess the production;

(ii) All information and reports shall be notarized and signed by a person who has legal authority to bind the taxpayer;

(iii) For crude oil, lease condensate or natural gas, the taxpayer shall report the location of the production to the county and tax district in which the well or property is located, based upon the actual taxable production produced by the well or property in each county or tax district. Other reasonable methods of reporting the location of production may be approved by the department upon written request of the taxpayer or taxing jurisdiction;

(iv) For crude oil, lease condensate or natural gas, the department may presume that the production is located in the county in which production is reported by the taxpayer pursuant to paragraph (iii) of this subsection. The department shall not direct any county to provide relief for taxes paid on taxable valuation which was erroneously reported and certified to the wrong county unless the taxpayer files or is directed to file amended returns within two (2) years of the date of the original certification of the production. Unless there is evidence of bad faith or willful disregard of production circumstances, no taxpayer shall be required to pay taxes on production which was erroneously reported and certified to the wrong county if relief for taxes paid is not allowed under this provision;

(v) Except as provided in paragraph (vi) of this subsection, each taxpayer liable for severance taxes under W.S. 39-14-203(a) shall report monthly to the department. The monthly tax reports are due on or before the twenty-fifth day of the second month following the month of production. Reports shall be filed on forms prescribed by the department. The department may allow extensions for filing returns by regulation;

(vi) If a taxpayer's liability for severance taxes is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly reporting requirements are waived and the taxpayer shall report annually. The annual report is due on February 25 of the year following the year in which production occurred. If a taxpayer who reports annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence reporting monthly as provided in paragraph (v) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly reporting requirements or from monthly to annual reporting.

(b) Payment. The following shall apply:

(i) Annually, on or before October 10 the county treasurer shall send a written statement in sealed envelopes of total ad valorem tax due, itemized as to production description, assessed value and mill levies, to each taxpayer at his last known address. Failure to send notice, or to demand payment of taxes, does not invalidate any taxes due;

(ii) Ad valorem taxes are due and payable:

(A) For the 2019 tax year and all preceding tax years, at the office of the county treasurer of the county in which the taxes are levied. Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. If the entire tax is paid on or before December 31, no interest or penalty is chargeable;

(B) Effective January 1, 2020 for tax year 2020 and each year thereafter, ad valorem taxes are due as provided in W.S. 39-13-113.

(iii) Except as provided in paragraph (iv) of this subsection, each taxpayer liable for severance taxes under W.S. 39-14-203(a) shall pay monthly tax payments to the department. The payment shall be determined by the taxpayer based on the value of the gross product of the crude oil, lease condensate or natural gas produced and saved during the second preceding month, and tax computed on value at rates prescribed by W.S. 39-14-204(a). The monthly tax payments are due on or before the twenty-fifth day of the second month following the month of production. If the report the taxpayer is required to file shows tax due, the taxpayer shall pay the tax due when the report is filed. The department may allow extensions for paying taxes by regulation. The department may, if an extension is granted, request the payment of the reasonable estimate of ninety percent (90%) of the tax by the statutory due date, with the remaining tax remitted with the extended return;

(iv) If a taxpayer's liability for severance taxes is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly payment requirements are waived and the taxpayer shall pay the tax annually. The annual report and payment are due on February 25 of the year following the year in

which production occurred. If a taxpayer who pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence remitting tax payments as provided in paragraph (iii) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly payment requirements or from monthly to annual payment.

(c) Timelines. Except as otherwise specifically provided, there are no general applicable provisions for timelines for this article.

39-14-208. Enforcement.

(a) General. The following shall apply:

(i) If the statement provided by W.S. 39-14-207(a)(i) is not filed, the department shall value the crude oil, lease condensate or natural gas production from the best information available. The department may use information other than contained in the statement provided by W.S. 39-14-207(a)(i) to determine the fair market value of the production provided by W.S. 39-14-202(a);

(ii) When a taxpayer producing crude oil, lease condensate or natural gas fails to pay the severance taxes when due, the purchaser of the produced crude oil, lease condensate or natural gas shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced crude oil, lease condensate or natural gas acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-207(b)(iii);

(B) The department shall notify the purchaser in writing of the proper rates for calculating taxes due and the percentage of the produced crude oil, lease condensate or natural gas subject to taxation;

(C) The amount of tax paid by a purchaser to the department, as required by this paragraph, shall offset and

satisfy all claims for payments for the purchase of produced crude oil, lease condensate or natural gas to the extent of the tax payment;

(D) This paragraph shall not apply under circumstances where the purchaser is required to continue payments due to legal proceedings;

(E) This paragraph shall not apply until after the purchaser has been notified in writing that subsequent accruing taxes will be payable by the purchaser.

(iii) Severance taxes due together with interest, penalties and costs shall be collectible by the department by appropriate judicial proceedings.

(b) Audits. The following shall apply:

(i) The department may employ examiners and obtain other technical services, to investigate and examine the books and records of any person paying ad valorem taxes under W.S. 39-13-101 through 39-13-111. The department shall notify the county assessor of any change in valuation as determined by audits, examinations or investigations establishing:

(A) Taxable volumes or values were not accurately reported;

(B) Clerical errors were made in determining taxable volumes or values;

(C) Taxable volumes or values for the year that production occurred were not calculated in compliance with Wyoming statutes or rules governing the determinations; or

(D) Additional payment for production was received and not reported whether such payment was received in the year of production or in subsequent years.

(ii) Repealed By Laws 2012, Ch. 84, § 102.

(iii) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to certify mine product valuation amendments to the county assessor of the county from which the crude oil, lease condensate or natural gas was produced, to be entered upon the assessment rolls of the county and taxes computed and collected

thereon subject to appeal under W.S. 39-14-209(b) (v), provided that the return is filed within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-207(a) (i), and that the audit or review commenced within the time period as required by paragraph (vii) of this subsection. Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period specified herein, and the amended returns may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(v) All audits or department reviews, as applicable, pursuant to paragraphs (ii), (iii) and (iv) of this subsection are subject to the following conditions:

(A) Audits are commenced when the taxpayer receives written notice of the intended action;

(B) Prior to entering the premises of a taxpayer or third party, the taxpayer or third party shall be provided at least fourteen (14) days written notice;

(C) Audits are completed when the final findings are issued to the taxpayer by the department of audit;

(D) Unless otherwise agreed to in writing, audits shall be completed and the final audit findings issued to the taxpayer not later than the end of the month two (2) years after the audit is commenced and not sooner than one (1) year following the reporting date for ad valorem taxes;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This subsection shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits provided by this article shall commence within three (3) years and six (6) months immediately following the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to severance taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-103(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. If the examination discloses evidence of gross negligence by the taxpayer in reporting and paying the tax, the department may examine all pertinent records for any reporting period without regard to the limitations set forth in paragraphs (vii) and (viii) of this subsection;

(viii) In order to examine relevant books or records of a taxpayer subject to severance taxes imposed by this article or to secure any information related to enforcement of this article, authorized representatives of the department may at any time during normal business hours enter premises of a taxpayer liable for a severance tax imposed by this article or the premises of any third party having information regarding that taxpayer's liability. Prior to entering the premises of a taxpayer or third party, the department shall provide fourteen (14) days written notice to the taxpayer and third party;

(ix) The state may employ auditors and obtain other technical assistance necessary to determine if the severance tax imposed by this article has been properly reported and paid;

(x) Audits of mineral production are subject to the authority and procedures set forth in W.S. 9-2-2003.

(c) Interest. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting

refunds. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-207(b)(ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-207(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent crude oil, lease condensate or natural gas

severance and ad valorem tax from any crude oil, lease condensate or natural gas produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating penalty, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any penalty due;

(ii) If any person fails to file the ad valorem report required by W.S. 39-14-207(a)(i) by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well or property but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-207(a)(v) or 39-14-207(a)(i) the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this subsection for good cause. Penalties imposed under this subsection may be appealed to the state board of equalization;

(iii) If any person fails to make or file a severance tax return and remit the tax as required by W.S. 39-14-207(a)(v) and (b)(iii), the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a severance tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by W.S. 39-14-208(c)(iv). The taxes, penalty and interest shall be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause;

(vi) Failure to make severance tax payments at the time they are due and payable under W.S. 39-14-207(a)(iv) and (v) shall subject the taxpayer to enforcement by the oil and gas conservation commission under W.S. 30-5-104(d)(x).

(e) Liens. The following shall apply:

(i) Repealed By Laws 2002, Ch. 50, § 2.

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral

from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the

secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-209. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Any person aggrieved by any final administrative decision of the department may appeal to the state board of equalization. Appeals shall be made in a timely manner as provided by rules and regulations of the board by filing with the board a notice of appeal specifying the grounds therefor. The department shall, within a timely manner as specified by board rules and regulations, transmit to the board the complete record of the action from which the appeal is taken;

(ii) Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S.

16-3-103(a) shall be afforded an opportunity for a hearing before the state board of equalization;

(iii) Any person including the state of Wyoming aggrieved by any order issued by the state board of equalization, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the board to the district court of the county in which the production or some part thereof is situated;

(iv) Following determination of the fair market value of crude oil, lease condensate or natural gas production the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the state board of equalization within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the production is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(v) Mine product valuation amendments may be appealed by the taxpayer to the state board of equalization within thirty (30) days of the final administrative decision;

(vi) Any taxpayer who feels aggrieved by the valuation and severance taxes levied by this article may appeal to the state board of equalization. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any severance tax, interest or penalty imposed by this article.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-207(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

(ii) If a taxpayer has reason to believe that severance taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting an amended return within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-207(a)(i). Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for severance taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any ad valorem tax refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years. Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) If a taxpayer overpaid severance taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year;

(iii) The taxpayer is entitled to receive an offsetting credit for any overpaid ad valorem or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of

equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was

severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-309. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the

pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Following determination of the fair market value of property the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the board within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon application of any interested person adversely affected, including boards of county commissioners for the purposes of this subsection, under the contested case procedures of the Wyoming Administrative Procedure Act. Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S. 16-3-103(a) shall be afforded an opportunity for a hearing before the board;

(v) Any person including the state of Wyoming aggrieved by any order issued by the board, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the

board to the district court of the county in which the property or some part thereof is situated.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-307(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

(ii) If a taxpayer has reason to believe that taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting an amended return within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-307(a)(i). Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years. Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(iii) This provision does not enlarge or curtail the ability of a taxpayer to appeal any department of revenue decision as otherwise provided for under this act.

39-14-310. Statute of limitations.

Except as otherwise provided in this article, there is no general statute of limitations for this article.

39-14-311. Distribution.

(a) As provided by W.S. 39-14-304(a), the total severance tax rate for trona shall be four percent (4%). The taxes imposed by W.S. 39-14-304(a) shall be deposited into the severance tax distribution account.

(b) Repealed By Laws 2002, Ch. 62, § 2.

(c) All payments received pursuant to W.S. 39-14-307(b)(iii) shall be transferred to an account. The monies in this account shall be invested or deposited in accordance with W.S. 9-4-714 through 9-4-831, and any interest earned shall be credited to the general fund. The revenue under W.S. 39-14-307(b)(iii) shall be distributed in accordance with this section, subject to the following:

(i) Revenues earned during each fiscal year shall be recognized as revenue during that fiscal year for accounting purposes;

(ii) Revenues which are earned and received during the first three (3) calendar quarters of the fiscal year shall be distributed within the first fifteen (15) days of October, January and April. For the last quarter of each fiscal year, revenues earned or received shall be distributed not later than June 30. In computing distributions for the last quarter, the state treasurer shall use the most recent consensus revenue estimating group estimates to the extent that earnings cannot be determined by June 30. Not later than September 15, the state treasurer shall compute the actual earnings for the last quarter of the preceding fiscal year and make adjustments to the October distributions in an amount equal to the difference between revenues earned and actual distributions for the preceding fiscal year.

(k) Repealed By Laws 2000, Ch. 68, § 1.

39-14-403. Imposition.

(a) Taxable event. The following shall apply:

(i) There is levied a severance tax on the value of the gross product for the privilege of severing or extracting bentonite in the state. The severance tax imposed by this article may be in addition to other taxes, including but not limited to the ad valorem taxes imposed by W.S. 39-13-104.

(b) Basis of tax (valuation). The following shall apply:

(i) Bentonite shall be valued for taxation as provided in this subsection. Based upon the information received or procured pursuant to W.S. 39-14-407(a) or 39-14-408(a)(i), the department shall annually value the gross product for the preceding calendar year, in appropriate unit measures of all mines and mining claims from which valuable deposits are produced, at the fair market value of the product at the mouth of the mine where produced, after the mining or production process is completed;

(ii) In the event the bentonite is sold at or prior to the mouth of the mine without further movement or processing, the fair market value shall be the total mineral sales revenue received or receivable by the individual producer less amounts paid or payable by the producer for exempt royalty;

(iii) In the event the bentonite is not sold at the mouth of the mine by bona fide arms-length sale, or, except as hereafter provided, if the product of the mine is used without sale, the department shall determine the fair market value of bentonite in accordance with paragraph (iv) of this section;

(iv) The department shall determine the value of bentonite for severance and ad valorem tax purposes as follows:

(A) For bentonite sold away from the mouth of the mine, the taxable value shall be calculated by adding to each producer's actual direct cost of mining per unit, an allocation of indirect costs, overhead and profit, per unit, as determined by the method prescribed in subdivision (I) of this subparagraph plus nonexempt royalty and production taxes per unit:

(I) The allocation of indirect costs, overhead and profit, shall be determined initially and effective with the implementation of this section, by first calculating a

bentonite industry wide percentage add-on factor, determined as prescribed in subdivision (II) of this subparagraph, and second by multiplying this initial industry factor times each producer's actual average direct mining costs to mine-mouth per unit, excluding royalty and production taxes. This add-on amount shall be computed prospectively for each producer each year as prescribed in subdivision (III) of this subparagraph;

(II) The industry factor shall initially be determined by an audit of 1989 production data conducted in accordance with the provisions of subdivision (IV) of this subparagraph. The initial industry factor shall be the same for all producers for 1990 which shall represent the base line year. The subsequent add-on factors for each producer will be determined each year as defined in subdivision (III) of this subparagraph;

(III) Subsequent adjustments to the add-on amount as initially determined under the provisions of subdivision (II) of this subparagraph and as subsequently determined under the provisions of this subdivision shall be recalculated each year with the base year being the initial year of this act. The recalculated add-on amount per unit for each producer shall be determined by multiplying the previous, or initial, add-on percentage amount by the difference between each individual bentonite producer's percentage increase or decrease in mining costs per unit from the percentage increase or decrease in sales price per unit and then adding this amount to the initial industry wide or previous percentage add-on factor. Sales price per unit for purposes of this formula shall be the weighted average sales price per unit for each producer based on the actual arms-length sales of milled bentonite used for taconite, foundry and drilling mud applications (including crushed and dried shipments), where user destinations are known to be in the United States and Canada. Packaged sales of bentonite in these three (3) categories shall be included after deducting the packaging premium. The packaging premium shall be calculated by subtracting the weighted average sales price per ton of bulk sales in these three (3) categories from the weighted average sales price per ton of package sales in these three (3) categories. If substantial arms-length transactions, which are at least five percent (5%) of total transactions in a particular category, do not exist for a producer in a specific targeted sales category, average pricing determined from arms-length transactions in that specific category by all producers shall be imposed. In no event shall the value of the bentonite product include any processing functions or operations

regardless of where the processing is performed. As used in this subsection, direct mining costs include but are not limited to mining labor including mine foremen and supervisory personnel whose primary responsibility is extraction of bentonite, supplies used for mining, mining equipment, fuel, power and other utilities used for mining, maintenance of mining equipment, depreciation of mining equipment, reclamation, ad valorem property taxes on mining equipment, transportation of bentonite from the point of severance to the point of valuation and any other costs incurred prior to the point of valuation that are directly and specifically attributable to the mining operation. Royalty and production taxes shall be excluded from mine mouth cost for purposes of computation. In no event and under no circumstances shall the value of bentonite be less than the direct mining costs plus nonexempt royalty and production taxes;

(IV) At four (4) year intervals and for the base year the taxable value per unit for each producer shall be revised using the proportionate profits method. Each producer's add-on factor shall be adjusted to provide the taxable value equivalent to the value derived using the proportionate profits method with a direct cost ratio. The direct cost ratio shall be total direct mining costs divided by total direct mining, processing and transportation costs. The sales price per unit, as described in subdivision (III) of this subparagraph, shall exclude all royalties and production taxes. The taxable value shall be derived based on an audit of the most current completed year's data conducted in the producer's offices. Should the audit not be performed, the producer's factor shall be adjusted according to subdivision (III) of this subparagraph until the audit is performed, and then the revised factor shall be applied prospectively. Thereafter, the revised factor for each producer shall be adjusted according to subdivision (III) of this subparagraph.

(v) The value of the gross product shall be the fair market value of the product at the mouth of the mine where produced, after the mining or production process is completed;

(vi) Except as otherwise provided, the mining or production process is deemed completed when mineral product reaches the mouth of the mine. In no event shall the value of the mineral product include any processing functions or operations regardless of where the processing is performed;

(vii) Except as otherwise provided, if the product as defined in paragraph (vi) of this subsection is sold at the mouth of the mine, the fair market value shall be deemed to be the price established by bona fide arms-length sale.

(c) Taxpayer. The following shall apply:

(i) In the case of the gross product of all mines and mining claims produced under lease, the lessor is liable for the payment of ad valorem taxes on the product removed only to the extent of the lessor's retained interest under the lease, whether royalty or otherwise, and the lessee or his assignee is liable for all other property taxes due on production under the lease;

(ii) Any taxpayer paying the taxes imposed by this article on any valuable deposit may deduct the severance taxes paid from any amounts due or to become due to the interest owners of such valuable deposit in proportion to the interest ownership;

(iii) Any person extracting valuable products subject to this article and any person owning an interest in the valuable products to the extent of their interest ownership are liable for the payment of the severance taxes imposed by this article together with any penalties and interest.

39-14-404. Tax rate.

The total severance tax rate for bentonite shall be two percent (2%). The tax shall be distributed as provided in W.S. 39-14-411.

39-14-405. Exemptions.

There are no specific applicable provisions for exemptions for this chapter.

39-14-406. Licenses; permits.

There are no specific applicable provisions for licenses and permits for this chapter.

39-14-407. Compliance; collection procedures.

(a) Returns and reports. The following shall apply:

(i) Annually, on or before February 25 of the year following the year of production any person whose property is subject to W.S. 39-14-402(a) shall sign under oath and submit a statement listing the information relative to the property and affairs of the company as the department may require to assess the property;

(ii) All information and reports shall be notarized and signed by a person who has legal authority to bind the taxpayer;

(iii) For mines and mining claims, the department may presume that the property is located in the county in which production is reported by the taxpayer. The department shall not direct any county to provide relief for taxes paid on taxable valuation which was erroneously reported and certified to the wrong county unless the taxpayer files or is directed to file amended returns within two (2) years of the date of the original certification of the production. Unless there is evidence of bad faith or willful disregard of production circumstances, no taxpayer shall be required to pay taxes on production which was erroneously reported and certified to the wrong county if relief for taxes paid is not allowed under this provision;

(iv) Except as provided in paragraph (v) of this subsection, each taxpayer liable for severance taxes under W.S. 39-14-403 shall report monthly to the department. The monthly tax reports are due on or before the twenty-fifth day of the second month following the month of production. Reports shall be filed on forms prescribed by the department. The department may allow extensions for filing returns by regulation;

(v) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly reporting requirements are waived and the taxpayer shall report annually. The annual report is due on February 25 of the year following the year in which production occurred. If a taxpayer who reports annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence reporting monthly as provided in paragraph (iv) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly reporting requirements or from monthly to annual reporting;

(vi) For mines and mining claims, the taxpayer shall report the location of the production to the county and tax district in which the mine or mining claim is located, based upon the actual taxable production produced by the mine in each county or tax district. Other reasonable methods of reporting the location of production may be approved by the department upon written request of the taxpayer or taxing jurisdiction.

(b) Payment. The following shall apply:

(i) Annually, on or before October 10 the county treasurer shall send a written statement in sealed envelopes of total tax due, itemized as to property description, assessed value and mill levies, to each taxpayer at his last known address. Failure to send notice, or to demand payment of taxes, does not invalidate any taxes due;

(ii) Ad valorem taxes provided by this act are due and payable:

(A) For the 2019 tax year and all preceding tax years, at the office of the county treasurer of the county in which the taxes are levied. Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. If the entire tax is paid on or before December 31, no interest or penalty is chargeable;

(B) Effective January 1, 2020 for tax year 2020 and each year thereafter, ad valorem taxes are due as provided in W.S. 39-13-113.

(iii) Except as provided in paragraph (iv) of this subsection, each taxpayer liable for a severance tax under W.S. 39-14-403(a) shall pay monthly tax payments to the department. The payment shall be determined by the taxpayer based on the value of the gross product produced and saved during the second preceding month, and tax computed on value at rates prescribed in this article. The monthly tax payments are due on or before the twenty-fifth day of the second month following the month of production. If the report the taxpayer is required to file shows tax due, the taxpayer shall pay the tax due when the report is filed. The department may allow extensions for paying taxes by regulation. The department may, if an extension is granted,

request the payment of the reasonable estimate of ninety percent (90%) of the tax by the statutory due date, with the remaining tax remitted with the extended return;

(iv) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly payment requirements are waived and the taxpayer shall pay the tax annually. The annual payment is due on February 25 of the year following the year in which production occurred. If a taxpayer who pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence remitting tax payments as provided in paragraph (iii) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly payment requirements or from monthly to annual payment.

(c) Timelines. Except as otherwise specifically provided, there are no specific applicable provisions for timelines for this article.

39-14-408. Enforcement.

(a) General. The following shall apply:

(i) If the statement provided by W.S. 39-14-407(a) (i) is not filed, the department shall value the property from the best information available. The department may use information other than contained in the statement provided by W.S. 39-14-407(a) (i) to determine the fair market value of the property provided by W.S. 39-14-402(a);

(ii) When a taxpayer producing valuable deposits fails to pay the taxes imposed by this article when due, the purchaser of the produced valuable deposit shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced valuable deposit acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-407(b) (iii);

(B) The department shall notify the purchaser in writing of the proper rates for calculating taxes due and the percentage of the produced valuable deposit subject to taxation by this article;

(C) The amount of tax paid by a purchaser to the department, as required by this subsection, shall offset and satisfy all claims for payments for the purchase of produced valuable deposits to the extent of the tax payment;

(D) This paragraph shall not apply under circumstances where the purchaser is required to continue payments due to legal proceedings;

(E) This paragraph shall not apply until after the purchaser has been notified in writing that subsequent accruing taxes will be payable by the purchaser.

(iii) Severance taxes due together with interest, penalties and costs shall be collectible by the department by appropriate judicial proceedings.

(b) Audits. The following shall apply:

(i) The department may employ examiners and obtain other technical services, to investigate and examine the books and records of any person paying taxes imposed under W.S. 39-13-101 through 39-13-111. The department shall notify the county assessor of any change in valuation as determined by audits, examinations or investigations establishing:

(A) Taxable volumes or values were not accurately reported;

(B) Clerical errors were made in determining taxable volumes or values;

(C) Taxable volumes or values for the year that production occurred were not calculated in compliance with Wyoming statutes or rules governing the determinations; or

(D) Additional payment for production was received and not reported whether such payment was received in the year of production or in subsequent years.

(ii) Repealed By Laws 2012, Ch. 84, § 102.

(iii) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to certify mine product valuation amendments to the county assessor of the county in which the property is located, to be entered upon the assessment rolls of the county and taxes computed and collected thereon subject to appeal under W.S. 39-14-409(b)(ii), provided that the return is filed within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-407(a)(i), and that the audit or review commenced within the time period as required by paragraph (vii) of this subsection. Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period specified herein, and the amended returns may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(v) All audits or department reviews, as applicable, pursuant to paragraphs (ii), (iii) and (iv) of this subsection are subject to the following conditions:

(A) Audits are commenced when the taxpayer receives written notice of the intended action;

(B) Prior to entering the premises of a taxpayer or third party, the taxpayer or third party shall be provided at least fourteen (14) days written notice;

(C) Audits are completed when the final findings are issued to the taxpayer by the department of audit;

(D) Unless otherwise agreed to in writing, audits shall be completed and the final audit findings issued to the taxpayer not later than the end of the month two (2) years after the audit is commenced and not sooner than one (1) year following the reporting date for ad valorem taxes;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from

final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This section shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits shall commence within three (3) years and six (6) months immediately following the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-403(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. If the examination discloses evidence of gross negligence by the taxpayer in reporting and paying the tax, the department may examine all pertinent records for any reporting period without regard to the limitations set forth in paragraphs (vii) and (viii) of this subsection;

(viii) In order to examine relevant books or records of a taxpayer subject to a tax imposed by this article or to secure any information related to enforcement of this article, authorized representatives of the department may at any time during normal business hours enter premises of a taxpayer liable for a tax imposed by this article or the premises of any third party having information regarding that taxpayer's liability. Prior to entering the premises of a taxpayer or third party, the department shall provide fourteen (14) days written notice to the taxpayer and third party;

(ix) The state may employ auditors and obtain other technical assistance necessary to determine if the tax imposed by this article has been properly reported and paid.

(c) Interest. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-407(b) (ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-407(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent.

In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating penalty, the department or board of county commissioners shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any penalty due;

(ii) If any person fails to file the report required by W.S. 39-14-407(a) (i) by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well, mine or mining claim but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-407(a) (iv) or 39-14-407(a) (i), the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this paragraph for good cause. Penalties imposed under this paragraph may be appealed to the state board of equalization;

(iii) If any person fails to make or file a return and remit the tax as required by W.S. 39-14-407(a) (iv), the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file

a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by paragraph (c)(iv) of this section. The taxes, penalty and interest shall be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause.

(e) Liens. The following shall apply:

(i) Repealed By Laws 2002, Ch. 50, § 2.

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the

secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-409. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Following determination of the fair market value of property the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the board within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon application of any interested person adversely affected, including boards of county commissioners for the purposes of this paragraph, under the contested case procedures of the Wyoming Administrative Procedure Act. Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S. 16-3-103(a) shall be afforded an opportunity for a hearing before the board;

(v) Any person including the state of Wyoming aggrieved by any order issued by the board, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the board to the district court of the county in which the property or some part thereof is situated.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-407(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

(ii) If a taxpayer has reason to believe that taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting an amended return within three (3) years from the date the production

should have been reported pursuant to W.S. 39-14-407(a)(i). Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years. Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the

extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(iii) This provision does not enlarge or curtail the ability of a taxpayer to appeal any department of revenue decision as otherwise provided for under this act.

39-14-410. Statute of limitations.

Except as otherwise provided in this article, there is no general statute of limitations for this article.

39-14-411. Distribution.

(a) As provided by W.S. 39-14-404, the total severance tax rate for bentonite shall be two percent (2%), and shall be deposited in the severance tax distribution account.

(b) All payments received pursuant to W.S. 39-14-407(b)(iii) shall be transferred to an account. The monies in this account shall be invested or deposited in accordance with W.S. 9-4-714 through 9-4-831, and any interest earned shall be credited to the general fund. The revenue under W.S. 39-14-407(b)(iii) shall be distributed in accordance with subsection (a) of this section, subject to the following:

(i) Revenues earned during each fiscal year shall be recognized as revenue during that fiscal year for accounting purposes;

(ii) Revenues which are earned and received during the first three (3) calendar quarters of the fiscal year shall be distributed within the first fifteen (15) days of October, January and April. For the last quarter of each fiscal year, revenues earned or received shall be distributed not later than June 30. In computing distributions for the last quarter, the state treasurer shall use the most recent consensus revenue estimating group estimates to the extent that earnings cannot be determined by June 30. Not later than September 15, the state treasurer shall compute the actual earnings for the last quarter of the preceding fiscal year and make adjustments to the October distributions in an amount equal to the difference between revenues earned and actual distributions for the preceding fiscal year.

(k) Repealed By Laws 2000, Ch. 68, § 1.

39-14-503. Imposition.

(a) Taxable event. The following shall apply:

(i) There is levied a severance tax on the value of the gross product for the privilege of severing or extracting uranium in the state. The severance tax imposed by this article may be in addition to other taxes, including but not limited to the ad valorem taxes imposed by W.S. 39-13-104.

(b) Basis of tax (valuation). Except as provided in W.S. 39-14-504(b) and (c), the following shall apply:

(i) Uranium shall be valued for taxation as provided in this section;

(ii) The value of the gross product shall be the fair market value of the product at the mouth of the mine where produced, after the mining or production process is completed;

(iii) Except as otherwise provided, the mining or production process is deemed completed when mineral product reaches the mouth of the mine. In no event shall the value of

the mineral product include any processing functions or operations regardless of where the processing is performed;

(iv) In the event the product as provided by paragraph (iii) of this subsection is sold at the mouth of the mine without further movement or processing, the fair market value shall be the price established by bona fide arms-length sale less exempt royalties;

(v) In the event the mineral product as provided by paragraph (iii) of this subsection is not sold at the mouth of the mine by a bona fide arms-length sale, or, except as otherwise provided, if the product of the mine is used without sale, the department shall determine the fair market value of uranium in accordance with paragraph (vi) or (vii) of this subsection;

(vi) The department shall calculate the fair market value of uranium by multiplying the individual producer's sales value of yellow cake less all royalties, ad valorem production taxes, and severance taxes multiplied by the industry factor. The industry factor shall be an average of all uranium producers' ratios of total mining costs to total mining and processing costs incurred to produce yellow cake calculated by the department. Nonexempt royalties, ad valorem production taxes and severance taxes shall then be added to determine taxable value. For purposes of this paragraph:

(A) Total mining costs for in situ mines include labor, including mine foremen and supervisory personnel whose primary function is the extraction of uranium, supplies, equipment depreciation and maintenance, fuel, power and other utilities, uranium transportation to the point of valuation, indirect costs related to extraction and any other costs incurred prior to the point of valuation that are specifically attributable to the installation of the well field, pumps used for extraction or injection, or any other extraction activity;

(B) Total mining costs for conventional surface and underground mines include labor, including mine foremen and supervisory personnel whose primary function is the extraction of uranium, supplies, equipment depreciation and maintenance, fuel, power and other utilities, uranium transportation to the point of valuation, indirect costs related to extraction and any other costs incurred prior to the point of valuation that are specifically attributable to the excavation and transportation of ore to the mine mouth;

(C) Total mining and processing costs include mining costs determined under subparagraph (A) or (B) of this paragraph plus mineral processing labor including plant foremen and supervisory personnel whose primary responsibility is processing uranium, supplies used for processing, processing plant and equipment depreciation, fuel, power and other utilities used for processing, maintenance of processing equipment, uranium transportation from the mouth of the mine to the point of shipment, indirect processing costs and any other costs incurred that are specifically attributable to the mining or processing of uranium up to the point of sale f.o.b. the mine;

(D) Indirect costs include but are not limited to allocations of corporate overhead, data processing costs, accounting, legal and clerical costs and other general and administrative costs which cannot be specifically attributed to an operational function without allocation. Indirect costs shall be allocated using methods in accordance with generally accepted accounting principles. Similar costs shall be allocated using the same method for each producer;

(E) The industry factor shall be recomputed at four (4) year intervals and will be based on an average of the four (4) prior years' cost data. The new ratio shall be effective prospectively.

(vii) In the event that unique or unusual circumstances exist such that the department or the taxpayer is unable to determine the value of the gross product of uranium from a mine or mining claim by application of the methods provided in this subsection, the taxpayer may petition the department for approval to use an alternate valuation method. The department shall approve or deny the use of an alternate valuation method and shall so inform the parties within forty-five (45) days of the date the petition is filed.

(c) Taxpayer. The following shall apply:

(i) In the case of the gross product of all mines and mining claims produced under lease, the lessor is liable for the payment of ad valorem taxes on the product removed only to the extent of the lessor's retained interest under the lease, whether royalty or otherwise, and the lessee or his assignee is liable for all other property taxes due on production under the lease;

(ii) Any taxpayer paying the taxes imposed by this article on any valuable deposit may deduct the severance taxes paid from any amounts due or to become due to the interest owners of such valuable deposit in proportion to the interest ownership;

(a) Returns, reports. The following shall apply:

(i) Annually, on or before February 25 of the year following the year of production any person whose property is subject to W.S. 39-14-502(a) shall sign under oath and submit a statement listing the information relative to the property and affairs of the company as the department may require to assess the property;

(ii) All information and reports shall be notarized and signed by a person who has legal authority to bind the taxpayer;

(iii) For mines and mining claims, the department may presume that the property is located in the county in which production is reported by the taxpayer. The department shall not direct any county to provide relief for taxes paid on taxable valuation which was erroneously reported and certified to the wrong county unless the taxpayer files or is directed to file amended returns within two (2) years of the date of the original certification of the production. Unless there is evidence of bad faith or willful disregard of production circumstances, no taxpayer shall be required to pay taxes on production which was erroneously reported and certified to the wrong county if relief for taxes paid is not allowed under this provision;

(iv) Except as provided in paragraph (v) of this subsection, each taxpayer liable for severance taxes under W.S. 39-14-503 shall report monthly to the department. The monthly tax reports are due on or before the twenty-fifth day of the second month following the month of production. Reports shall be filed on forms prescribed by the department. The department may allow extensions for filing returns by regulation;

(v) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly reporting requirements are waived and the taxpayer shall report annually. The annual report is due on February 25 of the year following the year in which production occurred. If a taxpayer who reports annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence reporting monthly as provided in paragraph (iv) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly reporting requirements or from monthly to annual reporting;

(vi) For mines and mining claims, the taxpayer shall report the location of the production to the county and tax district in which the mine or mining claim is located, based upon the actual taxable production produced by the mine in each

county or tax district. Other reasonable methods of reporting the location of production may be approved by the department upon written request of the taxpayer or taxing jurisdiction.

(b) Payment. The following shall apply:

(i) Annually, on or before October 10 the county treasurer shall send a written statement in sealed envelopes of total tax due, itemized as to property description, assessed value and mill levies, to each taxpayer at his last known address. Failure to send notice, or to demand payment of taxes, does not invalidate any taxes due;

(ii) Ad valorem taxes provided by this act are due and payable:

(A) For the 2019 tax year and all preceding tax years, at the office of the county treasurer of the county in which the taxes are levied. Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. If the entire tax is paid on or before December 31, no interest or penalty is chargeable;

(B) Effective January 1, 2020 for tax year 2020 and each year thereafter, ad valorem taxes are due as provided in W.S. 39-13-113.

(iii) Except as provided in paragraph (iv) of this subsection, each taxpayer liable for a severance tax under W.S. 39-14-503(a) shall pay monthly tax payments to the department. The payment shall be determined by the taxpayer based on the value of the gross product produced and saved during the second preceding month, and tax computed on value at rates prescribed in this article. The monthly tax payments are due on or before the twenty-fifth day of the second month following the month of production. If the report the taxpayer is required to file shows tax due, the taxpayer shall pay the tax due when the report is filed. The department may allow extensions for paying taxes by regulation. The department may, if an extension is granted, request the payment of the reasonable estimate of ninety percent (90%) of the tax by the statutory due date, with the remaining tax remitted with the extended return;

(iv) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly payment requirements are waived and the taxpayer shall pay the tax annually. The annual payment is due on February 25 of the year following the year in which production occurred. If a taxpayer who pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence remitting tax payments as provided in paragraph (iii) of this subsection during the production year following the year in which the accumulated tax liability exceeded thirty thousand dollars (\$30,000.00). It is the taxpayer's responsibility to notify the department concerning the change from annual to monthly payment requirements or from monthly to annual payment.

(c) Timelines. Except as otherwise specifically provided, there are no general applicable provisions for timelines for this article.

39-14-508. Enforcement.

(a) General. The following shall apply:

(i) If the statement provided by W.S. 39-14-507(a) (i) is not filed, the department shall value the property from the best information available. The department may use information other than contained in the statement provided by W.S. 39-14-507(a) (i) to determine the fair market value of the property provided by W.S. 39-14-502(a);

(ii) When a taxpayer producing valuable deposits fails to pay the taxes imposed by this article when due, the purchaser of the produced valuable deposit shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced valuable deposit acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-507(b) (iii);

(B) The department shall notify the purchaser in writing of the proper rates for calculating taxes due and the

percentage of the produced valuable deposit subject to taxation by this article;

(C) The amount of tax paid by a purchaser to the department, as required by this paragraph, shall offset and satisfy all claims for payments for the purchase of produced valuable deposits to the extent of the tax payment;

(D) This paragraph shall not apply under circumstances where the purchaser is required to continue payments due to legal proceedings;

(E) This paragraph shall not apply until after the purchaser has been notified in writing that subsequent accruing taxes will be payable by the purchaser.

(iii) Severance taxes due together with interest, penalties and costs shall be collectible by the department by appropriate judicial proceedings.

(b) Audits. The following shall apply:

(i) The department may employ examiners and obtain other technical services, to investigate and examine the books and records of any person paying taxes imposed under W.S. 39-13-101 through 39-13-111. (A) Taxable volumes or values were not accurately reported;

(B) Clerical errors were made in determining taxable volumes or values;

(C) Taxable volumes or values for the year that production occurred were not calculated in compliance with Wyoming statutes or rules governing the determinations; or

(D) Additional payment for production was received and not reported whether such payment was received in the year of production or in subsequent years.

(ii) Repealed By Laws 2012, Ch. 84, § 102.

(iii) The department is authorized to rely on final audit findings, taxpayer amended returns or department review,

and to certify mine product valuation amendments to the county assessor of the county in which the property is located, to be entered upon the assessment rolls of the county and taxes computed and collected thereon subject to appeal under W.S. 39-14-509(b)(ii), provided that the return is filed within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-507(a)(i), and that the audit or review commenced within the time period as required by paragraph (vii) of this subsection. Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period specified herein, and the amended returns may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(v) All audits or department reviews, as applicable, pursuant to paragraphs (ii), (iii) and (iv) of this subsection are subject to the following conditions:

(A) Audits are commenced when the taxpayer receives written notice of the intended action;

(B) Prior to entering the premises of a taxpayer or third party, the taxpayer or third party shall be provided at least fourteen (14) days written notice;

(C) Audits are completed when the final findings are issued to the taxpayer by the department of audit;

(D) Unless otherwise agreed to in writing, audits shall be completed and the final audit findings issued to the taxpayer not later than the end of the month two (2) years after the audit is commenced and not sooner than one (1) year following the reporting date for ad valorem taxes;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This section shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits provided by this article shall commence within three (3) years and six (6) months immediately following the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-503(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. If the examination discloses evidence of gross negligence by the taxpayer in reporting and paying the tax, the department may examine all pertinent records for any reporting period without regard to the limitations set forth in paragraphs (vii) and (viii) of this subsection;

(viii) In order to examine relevant books or records of a taxpayer subject to a tax imposed by this article or to secure any information related to enforcement of this article, authorized representatives of the department may at any time during normal business hours enter premises of a taxpayer liable for a tax imposed by this article or the premises of any third party having information regarding that taxpayer's liability. Prior to entering the premises of a taxpayer or third party, the department shall provide fourteen (14) days written notice to the taxpayer and third party;

(ix) The state may employ auditors and obtain other technical assistance necessary to determine if the tax imposed by this article has been properly reported and paid.

(c) Interest. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting

refunds. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-507(b)(ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-507(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral

produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating penalty, the department or board of county commissioners shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any penalty due;

(ii) If any person fails to file the report required by W.S. 39-14-507(a)(i) by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well, mine or mining claim but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-507(a)(iv) or 39-14-507(a)(i), the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this paragraph for good cause. Penalties imposed under this paragraph may be appealed to the state board of equalization;

(iii) If any person fails to make or file a return and remit the tax as required by W.S. 39-14-507, the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by paragraph (c)(iv) of this subsection. The taxes, penalty and interest shall be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause.

(e) Liens. The following shall apply:

(i) Repealed By Laws 2002, Ch. 50, § 2.

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or

any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien

shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-509. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Following determination of the fair market value of property the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the board within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon application of any interested person adversely affected, including boards of county commissioners for the purposes of this subsection, under the contested case procedures of the Wyoming Administrative Procedure Act. Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S. 16-3-103(a) shall be afforded an opportunity for a hearing before the board;

(v) Any person including the state of Wyoming aggrieved by any order issued by the board, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the board to the district court of the county in which the property or some part thereof is situated.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-507(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

(ii) If a taxpayer has reason to believe that taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting an amended return within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-507(a)(i).

Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years. Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall

refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(iii) This provision does not enlarge or curtail the ability of a taxpayer to appeal any department of revenue decision as otherwise provided for under this act.

39-14-510. Statute of limitations.

Except as otherwise provided in this article, there is no general statute of limitations for this article.

39-14-511. Distribution.

(b) Repealed By Laws 2002, Ch. 62, § 2.

(c) All payments received pursuant to W.S. 39-14-507(b)(iii) shall be transferred to an account. The monies in this account shall be invested or deposited in accordance with W.S. 9-4-714 through 9-4-831, and any interest earned shall be credited to the general fund. The revenue under W.S. 39-14-507(b)(iii) shall be distributed in accordance with subsections (a) and (b) of this section, subject to the following:

(i) Revenues earned during each fiscal year shall be recognized as revenue during that fiscal year for accounting purposes;

(ii) Revenues which are earned and received during the first three (3) calendar quarters of the fiscal year shall be distributed within the first fifteen (15) days of October, January and April. (ii) Ad valorem taxes provided by this act are due and payable:

(A) For the 2019 tax year and all preceding tax years, at the office of the county treasurer of the county in which the taxes are levied. Fifty percent (50%) of the taxes are due on and after September 1 and payable on and after November 10 in each year and the remaining fifty percent (50%) of the taxes are due on and after March 1 and payable on and after May 10 of the succeeding calendar year except as hereafter provided. The monthly tax payments are due on or before the twenty-fifth day of the second month following the month of production. If the report the taxpayer is required to file shows tax due, the taxpayer shall pay the tax due when the report is filed. The department may allow extensions for paying taxes by regulation. The department may, if an extension is granted, request the payment of the reasonable estimate of ninety percent (90%) of the tax by the statutory due date, with the remaining tax remitted with the extended return;

(iv) If a taxpayer's liability for severance tax imposed under this article is less than thirty thousand dollars (\$30,000.00) for the preceding calendar year, monthly payment requirements are waived and the taxpayer shall pay the tax annually. The annual payment is due on February 25 of the year following the year in which production occurred. If a taxpayer who pays annually accumulates an annual liability exceeding thirty thousand dollars (\$30,000.00), that taxpayer shall commence remitting tax payments as provided in paragraph (iii) of this subsection during the production year following the year

The department may use information other than contained in the statement provided by W.S. 39-14-607(a) (i) to determine the fair market value of the property provided by W.S. 39-14-602(a);

(ii) When a taxpayer producing valuable deposits fails to pay the taxes imposed by this article when due, the purchaser of the produced valuable deposit shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced valuable deposit acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-607(b) (iii);

(B) The department shall notify the purchaser in writing of the proper rates for calculating taxes due and the percentage of the produced valuable deposit subject to taxation by this article;

(C) The amount of tax paid by a purchaser to the department, as required by this subsection, shall offset and satisfy all claims for payments for the purchase of produced valuable deposits to the extent of the tax payment;

(D) This paragraph shall not apply under circumstances where the purchaser is required to continue payments due to legal proceedings;

(E) This paragraph shall not apply until after the purchaser has been notified in writing that subsequent accruing taxes will be payable by the purchaser.

(iii) Severance taxes due together with interest, penalties and costs shall be collectible by the department by appropriate judicial proceedings.

(b) Audits. The following shall apply:

(i) The department may employ examiners and obtain other technical services, to investigate and examine the books and records of any person paying taxes imposed under W.S. 39-13-101 through 39-13-111. (C) Taxable volumes or values for the year that production occurred were not calculated in compliance with Wyoming statutes or rules governing the determinations; or

(D) Additional payment for production was received and not reported whether such payment was received in the year of production or in subsequent years.

(ii) Repealed By Laws 2012, Ch. 84, § 102.

(iii) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to certify mine product valuation amendments to the county assessor of the county in which the property is located, to be entered upon the assessment rolls of the county and taxes computed and collected thereon subject to appeal under W.S. 39-14-609(b)(ii), provided that the return is filed within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-607(a)(i), and that the audit or review commenced within the time period as required by paragraph (vii) of this subsection. Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period

specified herein, and the amended return may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(v) All audits or department reviews, as applicable, pursuant to paragraphs (ii), (iii) and (iv) of this subsection are subject to the following conditions:

(A) Audits are commenced when the taxpayer receives written notice of the intended action;

(B) Prior to entering the premises of a taxpayer or third party, the taxpayer or third party shall be provided at least fourteen (14) days written notice;

(C) Audits are completed when the final findings are issued to the taxpayer by the department of audit;

(D) Unless otherwise agreed to in writing, audits shall be completed and the final audit findings issued to the taxpayer not later than the end of the month two (2) years after the audit is commenced and not sooner than one (1) year following the reporting date for ad valorem taxes;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This section shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits provided by this article shall commence within three (3) years and six (6) months immediately following

the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-603(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. If the examination discloses evidence of gross negligence by the taxpayer in reporting and paying the tax, the department may examine all pertinent records for any reporting period without regard to the limitations set forth in paragraphs (vii) and (viii) of this subsection;

(viii) In order to examine relevant books or records of a taxpayer subject to a tax imposed by this article or to secure any information related to enforcement of this article, authorized representatives of the department may at any time during normal business hours enter premises of a taxpayer liable for a tax imposed by this article or the premises of any third party having information regarding that taxpayer's liability. (c) Interest. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-607(b)(ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-607(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit

period, without regard to the limitation period for requesting refunds. In calculating penalty, the department or board of county commissioners shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any penalty due;

(ii) If any person fails to file the report required by W.S. 39-14-607(a) (i) by the due date or any extension thereof, the department may impose a penalty equal to a total of one percent (1%) of the taxable value of the production from the well, mine or mining claim but not to exceed five thousand dollars (\$5,000.00) for each calendar month or portion thereof that the report or information is late. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-607(a) (iv) or 39-14-607(a) (i), the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this paragraph for good cause. Penalties imposed under this paragraph may be appealed to the state board of equalization;

(iii) If any person fails to make or file a return and remit the tax as required by W.S. 39-14-607 the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by paragraph (c) (iv) of this section. The taxes, penalty and interest shall

be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause.

(e) Liens. The following shall apply:

(i) Repealed By Laws 2002, Ch. 50, § 2.

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property

to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection,

payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

(f) Tax sales. There are no specific applicable provisions for tax sales for this article.

39-14-609. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the

department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

The person assessed shall also file a copy of the written objections with the county treasurer of the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-607(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

(ii) If a taxpayer has reason to believe that taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting an amended return within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-607(a)(i). Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years.

Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the

state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(iii) This provision does not enlarge or curtail the ability of a taxpayer to appeal any department of revenue decision as otherwise provided for under this act.

For the last quarter of each fiscal year, revenues earned or received shall be distributed not later than June 30. In computing distributions for the last quarter, the state treasurer shall use the most recent consensus revenue estimating group estimates to the extent that earnings cannot be determined by June 30. Not later than September 15, the state treasurer shall compute the actual earnings for the last quarter of the preceding fiscal year and make adjustments to the October distributions in an amount equal to the difference between revenues earned and actual distributions for the preceding fiscal year.

(ii) When a taxpayer producing valuable deposits fails to pay the taxes imposed by this article when due, the purchaser of the produced valuable deposit shall withhold and remit to the department the taxpayer's subsequently accruing taxes on the produced valuable deposit acquired by the purchaser. This provision is subject to the following conditions:

(A) The department shall notify the purchaser and taxpayer in writing on or before the first day of the production month for which subsequent taxes are due that the purchaser shall begin remitting taxes to the department as provided in W.S. 39-14-707(b)(iii);

Commencement of an audit, completion of an audit, and final audit findings and final determination by the department being issued to the taxpayer shall not preclude the taxpayer from filing amended returns within the time period specified herein, and the amended returns may be audited within the time period stated in paragraph (vii) of this subsection;

(iv) The department is authorized to rely on final audit findings, taxpayer amended returns or department review, and to assess deficient severance tax payments, interest and penalty, if any, for the same periods governing mine product valuation amendments pursuant to paragraphs (ii) and (iii) of this subsection;

(E) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued within one (1) year following the completion of the audit or review;

(F) Upon receipt of department review findings, the taxpayer shall have sixty (60) days in which to submit a response.

(vi) Where there is evidence of gross negligence by the taxpayer in reporting and valuing production, an audit may examine prior years and issue assessments where gross negligence occurred. This section shall not apply to mine product valuation amendments to add the value of unreported production;

(vii) Audits provided by this article shall commence within three (3) years and six (6) months immediately following the reporting date for ad valorem taxes and taxpayers shall keep accurate books and records of all production subject to taxes imposed by this article and determinations of taxable value as prescribed by W.S. 39-14-703(b) for a period of seven (7) years and make them available to department examiners for audit purposes. Amended returns filed with the department during the conduct of an audit prior to the issuance of the final audit findings may be made available by the taxpayer to the audit examiners. In calculating interest regarding severance tax, the department shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. In calculating interest regarding ad valorem tax, the county treasurer shall first compute a net deficiency amount after subtracting any offsetting credit and then calculate any interest due. The board of county commissioners shall be bound by any decision made by the department of revenue in the course of an audit conducted under subsection (b) of this section concerning the time period during which interest shall accrue and be due and payable;

(ii) Taxes are delinquent pursuant to paragraphs (iii) and (iv) of this subsection when a taxpayer or his agent knew or reasonably should have known that the total tax liability was not paid when due;

(iii) Except for any delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-707(b) (ii) is delinquent after the day on which it is payable and shall bear interest at eighteen percent (18%) per annum. Effective January 15, 2015, for delinquent taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section, the balance of any ad valorem tax not paid as provided by W.S. 39-14-707(b) shall be delinquent following the day on which it is payable and shall bear interest at the rate set forth in paragraph (iv) of this subsection until paid or collected;

(iv) Effective January 1, 2015, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to all delinquent severance taxes and ad valorem taxes determined to be due and owing as a result of an audit conducted under subsection (b) of this section on any mineral produced on or after January 1, 2015. To determine

the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent severance taxes and ad valorem taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be less than twelve percent (12%) nor greater than eighteen percent (18%) from any mineral produced on or after January 1, 2015. The interest rate on any delinquent severance and ad valorem tax from any mineral produced before January 1, 2015, shall be as provided by the statutes in effect at the time the mineral was produced;

(v) The department may credit or waive any interest on severance tax imposed by this subsection as part of a settlement or for any other good cause.

(d) Penalties. The following shall apply:

(i) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. If any person fails to file reports and other information required by rule of the department of revenue other than those required by W.S. 39-14-707(a) (iv) or 39-14-707(a) (i), the department may impose a penalty of up to one thousand dollars (\$1,000.00). The department may waive penalties under this paragraph for good cause. Penalties imposed under this paragraph may be appealed to the state board of equalization;

(iii) If any person fails to make or file a return and remit the tax as required by W.S. 39-14-707, the department shall impose a penalty of five percent (5%) of the taxes due for each thirty (30) day period, or fraction thereof, elapsing

between the due date of the return and the date filed, unless the person for good cause obtains from the department an extension of time for filing prior to the due date for filing. In no event shall the total penalty imposed by this subsection exceed twenty-five percent (25%) of the tax due. The department, for good cause, may waive a penalty imposed for failure to file a return for any one (1) month in a calendar year, provided that:

(A) The return was filed within five (5) business days following the due date, including an approved extension period; and

(B) The taxpayer requests the waiver in writing within fifteen (15) days after the return was filed, setting forth the reasons for the late filing.

(iv) If any part of a tax deficiency is due to negligence or intentional disregard of rules and regulations, there shall be added a penalty of five percent (5%) of the amount of the deficiency plus interest as provided by paragraph (c)(iv) of this section. The taxes, penalty and interest shall be paid by the taxpayer within ten (10) days after receipt of notice and demand by the department;

(v) The department may credit or waive penalties imposed by paragraphs (iii) and (iv) of this subsection as part of a settlement or for any other good cause.

(e) Liens. The following shall apply:

(ii) Repealed By Laws 2002, Ch. 50, § 2.

(iii) Repealed By Laws 2002, Ch. 50, § 2.

(iv) All taxes, fees, penalties and interest imposed under this article are an automatic and continuing lien in favor of the state of Wyoming. The lien is on all property in the state of Wyoming, real, tangible and intangible, including all after acquired property rights, future production and rights to property, of any person severing minerals in this state and who is liable under Wyoming law for the collection, payment or remittance of the severance tax and corresponding penalty or interest as of the date such taxes, fees, penalties or interest is due, and remains a lien until paid;

(v) A lien under this subsection is also a lien on all interests in the mineral estate from which the production was severed, and on all future production of the same mineral from the same leasehold, regardless of any change of ownership or change in the person extracting the mineral;

(vi) Any lien arising under this subsection is superior and paramount to all other liens, claims, mortgages or any other encumbrance of any kind except a lien, claim, mortgage or other encumbrance of record held by a bona fide creditor and properly perfected, filed or recorded under Wyoming law prior to the filing of a lien as provided by paragraph (viii) of this subsection;

(vii) The department may file a notice of lien at any time at its discretion, except no lien shall be enforced until the right of the taxpayer to file and properly perfect an appeal concerning the tax delinquent property before the state board of equalization has expired. A properly perfected appeal on the tax delinquent property before the state board of equalization or any subsequent properly perfected appeal on the same property to a district court or the supreme court shall stay enforcement of a lien filed by the department until such appeal has been exhausted or concluded;

(viii) In order to perfect a tax lien under this subsection, the department of revenue shall file a notice of the tax lien with the secretary of state. The notice of the tax lien shall contain:

(A) The name and last known address of the person or persons against whose property the lien is filed including, but not limited to, the person severing the mineral;

(B) The name and address of the department of revenue as the holder of the lien and the name of the contact person within the department;

(C) The amount of the tax, fees, penalties and interest owed the state of Wyoming;

(D) A statement that the amount of the unpaid tax, fees, penalties or interest is a lien on all property, real, tangible or intangible, including all after acquired property and rights to the property belonging to the person who severed the mineral and located within the state of Wyoming, as

well as all interest in the mineral estate from which the production was severed and any future production from the same mineral leasehold.

(ix) No other action beyond that described in paragraph (viii) of this subsection shall be required to perfect a tax lien;

(x) The filing of the notice of the tax lien as described in paragraph (viii) of this subsection shall constitute record notice of the tax lien;

(xi) One (1) notice of the tax lien shall be deemed sufficient to cover all taxes, together with interest, fees and penalty of the same nature which may accrue after the filing of the notice;

(xii) Any tax lien created under this subsection and duly filed with the secretary of state shall survive the death or incapacitation of any person, and shall survive any other destruction or attempted destruction of any interest in property owned by any person liable under Wyoming law for the collection, payment or remittance of taxes, fees, penalties or interest to the state;

(xiii) In the event of foreclosure, the department of revenue shall be entitled to recover the costs of filing the lien, foreclosing on the lien and reasonable attorney's fees;

(xiv) All notice of tax liens shall be released within sixty (60) days after taxes, penalties and interest due are paid or collected;

(xv) Notwithstanding that the lien is a lien on all interests in the mineral estate from which the production was severed and on all future production from the same leasehold, the department may for good cause shown, release the lien on all property in this state, real, tangible and intangible, and settle delinquent taxes, interest and penalties to be collected against future production from that leasehold;

(xvi) The secretary of state is authorized and directed to maintain copies of all tax liens filed by the department of revenue pursuant to this chapter, and to maintain a data base of such tax liens and to provide copies to any person pursuant to the duties of the secretary of state as set forth in W.S. 9-1-301 et seq. All tax liens on file with any

county in this state and in good standing on the effective date of this paragraph shall remain effective and in good standing. Within sixty (60) days of the effective date of this paragraph, the director of the department of revenue shall transmit to the secretary of state for filing copies of all tax liens that the director seeks to have in continuing effect. Upon the filing of a copy of the tax lien with the secretary of state, the tax lien shall continue to be fully effective until released by the department of revenue.

39-14-709. Taxpayer remedies.

(a) Interpretation requests. The following shall apply:

(i) The taxpayer may request a value determination from the department and propose a value determination method which may be used until the department issues a value determination. The taxpayer shall submit all available data relevant to its proposal and any additional information the department deems necessary. After the department issues its determination, the taxpayer shall make adjustments based upon the value established or request a hearing by the board;

(ii) A taxpayer may request and the department shall provide written interpretations of these statutes and rules. When requesting an interpretation, a taxpayer must set forth the facts and circumstances pertinent to the issue. If the department deems the facts and circumstances provided to be insufficient, it may request additional information. A taxpayer may act in reliance upon a written interpretation through the end of the calendar year in which the interpretation was issued, or until revoked by the department, whichever occurs last if the pertinent facts and circumstances were substantially correct and fully disclosed.

(b) Appeals. The following shall apply:

(i) Following determination of the fair market value of property the department shall notify the taxpayer by mail of the assessed value. The person assessed may file written objections to the assessment with the board within thirty (30) days of the date of postmark and appear before the board at a time specified by the board. The person assessed shall also file a copy of the written objections with the county treasurer of

the county in which the property is located, who shall notify the county assessor and the board of county commissioners, with an estimate of the tax amount under appeal based upon the previous year's tax levy;

(ii) Mine product valuation amendments under this section may be appealed by the taxpayer to the board within thirty (30) days of the final administrative decision;

(iii) Any taxpayer who feels aggrieved by the valuation and taxes levied by this article may appeal to the board. The appeal does not relieve the taxpayer from paying the tax when due and payable nor does the payment invalidate the appeal. No restraining order or injunction shall be granted or issued by any court or judge to restrain or enjoin the collection of any tax, interest or penalty imposed by this article;

(iv) The state board of equalization shall perform the duties specified in article 15, section 10 of the Wyoming constitution and shall hear appeals from county boards of equalization and review final decisions of the department upon application of any interested person adversely affected, including boards of county commissioners for the purposes of this subsection, under the contested case procedures of the Wyoming Administrative Procedure Act. Any interested person adversely affected by the adoption, amendment or repeal of a rule pursuant to W.S. 16-3-103(a) shall be afforded an opportunity for a hearing before the board;

(v) Any person including the state of Wyoming aggrieved by any order issued by the board, or any county board of equalization whose decision has been reversed or modified by the state board of equalization, may appeal the decision of the board to the district court of the county in which the property or some part thereof is situated.

(c) Refunds. The following shall apply:

(i) If a taxpayer has reason to believe that ad valorem taxes imposed by this article have been overpaid, a request for refund shall be filed with the department by submitting amended returns within three (3) years from the date the production should have been reported pursuant to W.S. 39-14-707(a)(i). Any refund granted shall be subject to modification or revocation upon audit;

Refunds of two thousand dollars (\$2,000.00), or less may be applied to subsequent payments for taxes imposed by this article. Requests for refunds exceeding two thousand dollars (\$2,000.00) shall be approved in writing by the department prior to the taxpayer receiving credit. All refunds granted are subject to modification or revocation upon audit;

(iii) Notwithstanding paragraphs (i) and (ii) of this subsection, the taxpayer is entitled to receive a refund of any overpaid ad valorem or severance tax identified by an audit regardless of whether a refund has been requested.

(d) Credits. The following shall apply:

(i) Any refund may, at the discretion of the board of county commissioners, be made in the form of credit against future tax payments for a period not to exceed five (5) years. Unless otherwise agreed to by the taxpayer, refunds in the form of credit against future tax payments shall be made in no less than equal annual amounts. The board of county commissioners shall not provide a credit for interest on the excess tax paid unless the taxes are paid under protest due to an appeal pending before the state board of equalization and the taxpayer prevails in the appeal;

(ii) The taxpayer is entitled to receive an offsetting credit for any overpaid gross product or severance tax identified by an audit that is within the scope of the audit without regard to the limitation period for requesting refunds;

(iii) If a taxpayer overpaid taxes imposed by this article, the department shall allow a credit in the amount of the overpayment to be taken on the taxpayer's subsequent monthly reports for the production year.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. The following shall apply:

(i) If ad valorem taxes are paid under protest to the extent of and due to an appeal pending before the state board of

equalization or any court of competent jurisdiction, the county treasurer shall deposit that protested amount under appeal in an interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered. To the extent the taxpayer prevails in the appeal, the county treasurer shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the county an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(ii) If severance taxes are paid under protest to the extent of and due to an appeal pending before the state board of equalization or any court of competent jurisdiction, the department shall deposit that protested amount under appeal in a separate interest bearing escrow account and withhold distribution until a final decision on the appeal has been rendered by the state board of equalization or the court. To the extent the taxpayer prevails in the appeal, the department shall refund that amount under appeal, plus interest earned thereon, to the taxpayer within thirty (30) days from the day the final decision is rendered. If the taxpayer pays to the state an amount in excess of the protested amount under appeal, the excess shall be distributed as provided by law;

(iii) This provision does not enlarge or curtail the ability of a taxpayer to appeal any department of revenue decision as otherwise provided for under this act.

For the last quarter of each fiscal year, revenues earned or received shall be distributed not later than June 30. In computing distributions for the last quarter, the state treasurer shall use the most recent consensus revenue estimating group estimates to the extent that earnings cannot be determined by June 30. Not later than September 15, the state treasurer shall compute the actual earnings for the last quarter of the preceding fiscal year and make adjustments to the October distributions in an amount equal to the difference between revenues earned and actual distributions for the preceding fiscal year.

(ix) For the purpose of avoiding application of the sales tax more than once on the same article of tangible property for the same taxpayer:

(A) The trade-in value of tangible personal property shall be excluded from the sales price of new tangible personal property when trade-in and purchase occur in one (1) transaction; and

(B) The sales price paid for a motor vehicle, house trailer, trailer coach, trailer or semitrailer as defined in W.S. 31-1-101 if the vehicle is purchased by a nonresident of Wyoming and the vehicle is to be removed from the state of Wyoming within thirty (30) days of purchase. The purchaser shall declare under penalty of perjury on a form prescribed by the department that he is not a resident of Wyoming.

(x) Sales of lodging services offered by any county fair board during a county fair or other board authorized events.

(b) Repealed by Laws 2024, ch. 67, § 2.

39-15-106. Licenses; permits.

(a) Every vendor shall obtain from the department a sales tax license to conduct business in the state. The license shall be granted only upon application stating the name and address of the applicant, the character of the business in which the applicant proposes to engage, the location of the proposed business and other information as the department may require. Effective July 1, 1997, a license fee of sixty dollars (\$60.00) shall be required from each new vendor, except for any remote vendor who has no requirement to register in this state, or who is using one (1) of the technology models pursuant to the streamlined sales and use tax agreement. Failure of a vendor to timely file any return may result in forfeiture of the license granted under this section. The department shall charge sixty dollars (\$60.00) for reinstatement of any forfeited license. The department shall send any vendor who reports no gross sales for three (3) consecutive years a form prescribed by the department to show cause why the vendor's license should not be revoked. The vendor shall complete and file the report with the department within thirty (30) days of receipt of the form. If the department finds just cause for the vendor to retain the license, no further action shall be taken. If the department finds just cause to revoke the license, the vendor shall be

notified of the revocation. Any vendor whose license is revoked under this subsection may appeal the decision to the state board of equalization as provided in subsection (g) of this section.

(b) A separate license is required for each place of business.

(c) Each license shall be numbered and shall:

(i) Contain the name and residence of the licensee;

(ii) Indicate the place and character of the business of the licensee;

(iii) Be posted in a conspicuous place at the place of business for which it is issued.

(d) No license is transferable.

(e) Licenses issued under this section are valid without further payment of fees until revoked by the department.

(f) Any person discontinuing business shall notify the department, return his license for cancellation and preserve all business records in the state until the department issues a receipt showing all taxes have been paid.

(g) The department may, after providing two (2) written notices of intent to revoke identifying the reasons therefore, revoke the license of any vendor violating any provision of this article. The notices shall be provided at least one (1) week apart and the final notice shall be provided at least thirty (30) days prior to any revocation. The revocation of the department shall inform the vendor of all steps necessary to conform with the revocation and shall include the consequences of failure to cease business activities and the opportunity to appeal as provided in this subsection. The vendor may appeal a revocation under this subsection to the state board of equalization not more than thirty (30) days following the revocation of the license. Appeals before the state board shall be conducted as contested case proceedings under the Wyoming Administrative Procedure Act. If a license is revoked under this subsection, no license shall thereafter be issued to that person until the applicant has:

(i) Filed a new application with the department;

(ii) Filed with the department all past due returns and has remitted in full all taxes, penalties and interest due.

(h) The department may, after providing notice and an opportunity for a hearing, suspend the license of any vendor violating any provision of this article until the time the vendor is in compliance.

(j) Notwithstanding subsection (a) of this section, and pursuant to department rules and regulations, a vendor who purchases wholesale goods for use in manufacturing, processing or compounding as provided by W.S. 39-15-105(a)(iii), and who does not engage in any retail sale of those goods, shall not be required to obtain a sales tax license.

(k) The department may enter into an agreement with an entity which is not otherwise required to obtain a license under this article and which has one (1) or more independent sales contractors working in this state. Any entity licensed pursuant to this subsection shall be subject to the licensing provisions of this section and shall collect and remit the tax imposed under this article on all taxable sales transactions occurring between entities and the independent sales contractor. Any entity licensed under this subsection shall be subject to all collection and enforcement provisions imposed by this article.

39-15-107. Compliance; collection procedures.

(a) Returns, reports and preservation of records. The following shall apply:

(i) Each vendor shall on or before the last day of each month file a true return showing the preceding month's gross sales and remit all taxes to the department. The returns shall contain such information and be made in the manner as the department by regulation prescribes. The department may provide an option for the return to be submitted and for any taxes to be remitted electronically. The department may allow extensions for filing returns and paying the taxes by regulation, but no extension may be for more than ninety (90) days. If the total tax to be remitted by a vendor during any month is less than one hundred fifty dollars (\$150.00), a quarterly or annual return as authorized by the department, and remittance in lieu of the monthly return may be made on or before the last day of the month following the end of the quarter or year for which the tax is collected. If the accounting methods regularly used by any vendor are such that reports of sales made during a calendar

month would impose unnecessary hardships, the department after receiving a formal request filed by the vendor may accept reports at intervals as would be more convenient to the taxpayer. Any vendor shall report whether the vendor sells nicotine products, as defined by W.S. 39-18-101(a)(xi), in this state to the department in the form and manner required by the department. The department may reject any report required under this paragraph of any vendor who does not comply with the nicotine sales reporting requirements. Every person purchasing goods or services taxable by this article who does not pay the tax owed to a vendor shall, on or before the last day of each month, file a return showing the gross purchases made during the preceding month and remit all taxes due to the department. The return shall contain such information and be made in the manner as the department shall prescribe by rule and regulation. The department, by rule and regulation, may allow an extension for filing a return and paying any tax due, but no extension shall be granted for more than ninety (90) days;

(ii) Every vendor and person liable for the payment of sales tax under this article shall preserve for three (3) years at his principal place of business, suitable records and books as may be necessary to determine the amount of tax for which he is liable under this article, together with all invoices and books showing all merchandise purchased for resale. All records, books and invoices shall be available for examination by the department during regular business hours except as arranged by mutual consent;

(iii) If any vendor or person liable for the payment of sales tax under this article fails to comply with paragraph (ii) of this subsection, he shall bear the burden of proof as to the correctness of any assessment of taxes imposed by the department for the period for which records were not preserved in any court action or proceeding;

(iv) If a vendor fails to file a return as required by this article, the department shall give written notice by mail to the vendor to file a return on or before the last day of the month following the notice of delinquency. If a vendor then fails to file a return the department shall make a return from the best information available which will be prima facie correct and the tax due therein is a deficiency and subject to penalties and interest as provided by this article;

(v) The department shall preserve returns and reports for three (3) years;

(vi) The vendor shall file a return within thirty (30) days after discontinuing or selling his business;

(vii) Taxes collected under paragraphs (b) (i) and (ii) of this section are due and payable and shall be remitted in full by the county treasurer to the department monthly or as required by the department together with reports as required by the department;

(viii) When applying for registration, every new owner of a motorcycle shall produce either:

(A) A receipt from the department showing that the sales or use tax has been paid;

(B) A receipt on forms provided by the department showing that the motorcycle was purchased from a Wyoming licensed dealer and that the dealer has collected the sales tax; or

(C) A certificate from the department that no sales or use tax is due.

(ix) As soon as practicable after the return is filed the department shall examine it and if it appears from the information on the return the tax to be remitted is incorrect, the tax shall be recomputed. If the amount remitted exceeds that which is due from the recomputed return, the excess shall be refunded or credited as provided in W.S. 39-15-109(c) and (d);

(x) Taxes paid on gross receipts represented by accounts found to be worthless may be credited against subsequent liability of the vendor. The vendor shall not take the credit for any bad debt until he has used the customary debt collection procedures as documented in writing by the vendor and has written off the debt; or until the debt qualifies as a bad debt under 26 U.S.C. section 166 excluding financing charges or interest, sales or use taxes charged on the purchase price, uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid, any expenses incurred in attempting to collect any debt, and repossessed property. If any account is thereafter collected by the vendor, a tax shall be paid upon the amount collected. The amount collected shall be applied proportionally first to the taxable price of the property or service and the sales tax thereon, and then to interest, service charges and any other

charges. Should the bad debt exceed the taxable sales for a subsequent period the vendor may request a refund of the tax on the bad debt from the department so long as the claim is made within three (3) years of the date of the return on which the bad debt could first be claimed. A certified service provider under W.S. 39-15-401 through 39-15-408 acting on behalf of a vendor may claim the bad debt allowance for the vendor and shall remit the credit or refund received to the vendor. Should the bad debt apply to more than one (1) state, the debt may be allocated between the affected states.

(b) Payment. The following shall apply:

(i) Except as provided by paragraph (viii) of this subsection, no vendor shall collect taxes imposed by this article upon the sale of motor vehicles, house trailers, trailer coaches, trailers or semitrailers. The taxes imposed shall be collected by the county treasurer prior to the first registration in Wyoming and not upon subsequent registration by the same applicant. The county treasurer may allow the taxes to be paid electronically after the amount of sales tax has been determined by the county treasurer. The county treasurer may charge a fee of not more than the costs of processing the transaction but not to exceed a fee of three percent (3%) as necessary to recoup fees incurred due to electronic payments. The county treasurer shall provide the applicant a receipt specifying the amount of sales tax collected and noting any valid exemption from sales tax. The county treasurer shall collect and remit to the department the tax in effect in the county of the owner's principal residence as indicated on the owner's driver's license or other government issued identification;

(ii) Except for those vehicles specified under paragraph (viii) of this subsection, the tax imposed by this article upon the sale of a motor vehicle, house trailer, trailer coach, trailer or semitrailer purchased as a gift shall be collected from the donee prior to the first registration based upon the fair market value of the gift at the time of the gift;

(iii) Motor vehicle vendors and vendors of house trailers, trailer coaches, trailers or semitrailers shall not be required to pay sales taxes on motor vehicles, house trailers, trailer coaches, trailers or semitrailers if they are registered in the vendor's name, are included as a part of the vendor's inventory and are held principally in the conduct of the vendor's business for sale, demonstration or delivery prior to

sale and use, except a motor vehicle vendor shall be liable for payment of sales or use tax on the transfer of a motor vehicle with less than one thousand (1,000) miles on the odometer he purchases if:

(A) The vendor is not a properly licensed dealer under W.S. 31-16-101 et seq.;

(B) The vehicle he purchased was transferred with a manufacturer's statement of origin or manufacturer's certificate of origin from a properly licensed dealer; and

(C) The vehicle was transferred into his inventory for sale, demonstration or delivery.

(iv) A person regularly engaged in the business of making loans or a supervised financial institution, as defined in W.S. 40-14-140(a)(xix), that forecloses a lien or repossesses a motor vehicle on which it has filed a lien, or an insurance company that acquires ownership of a motor vehicle pursuant to a damage settlement, shall not be liable for payment of sales or use tax, penalties or interest due under this section or W.S. 39-16-107 for that vehicle;

(v) The taxes are due and payable on the last day of the month following the month in which they were collected or as required by the department as specified in this article;

(vi) If a sale is made on credit, contract or conditional basis and title does not pass until a future date, there shall be paid upon each payment that portion of the total tax which the amount paid bears to the purchase price. If a vendor discontinues business, the tax shall be computed and paid on the outstanding amount of all credit, installment and conditional sales;

(vii) If any vendor collects a tax in excess of that imposed by this article it shall be remitted to the department after making reasonable attempts to identify and refund the excess tax to the taxpayer that originally paid the tax;

(viii) Notwithstanding W.S. 39-15-107(b)(i), the tax imposed under this article upon the sale of mopeds and motorcycles as defined in W.S. 31-5-102(a) and off-road recreational vehicles defined by W.S. 31-1-101(a)(xv) shall be collected by the vendor in the manner prescribed by this section;

(ix) When the department has reason to believe the collection of any tax, penalty or interest will be jeopardized by delay it shall immediately levy a jeopardy assessment and the amount assessed shall be immediately due and payable. Notice of the assessment shall be given to the vendor personally or by mail. If the jeopardy assessment is not paid within ten (10) days after the service of notice upon the vendor, the deficiency penalty and interest provided in W.S. 39-15-108(c)(ii) shall attach to the amount of the jeopardy assessment;

(x) The department may enter into contracts with collection agencies for required collection services on deficiencies of sales tax occurring under W.S. 39-15-101 through 39-15-111. Any taxes recovered by the collection agencies and remitted to the department shall be distributed in accordance with W.S. 39-15-111(b). Any person owing a tax submitted to a collection agency may be assessed a fee in an amount necessary to cover the cost of collection, not to exceed twenty percent (20%) of the tax owed, as provided in W.S. 9-1-415(a). The collection agency shall collect the fee with the tax that is submitted for collection and the amount collected as a fee may be deducted from funds remitted to the department. The contracts entered into under this paragraph shall not be for a term of more than two (2) years and shall be awarded only after competition;

(xi) If a vendor or direct payer pays taxes due and payable under this chapter on or before the fifteenth day of the month that the taxes are due under paragraph (v) of this subsection, a credit shall be allowed against the taxes imposed by this chapter for expenses incurred by a vendor or direct payer for the accounting and reporting of taxes. The credit is equal to one and ninety-five hundredths percent (1.95%) of the amount of tax due, provided that the total credit under this paragraph and W.S. 39-16-107(b)(viii) shall not exceed five hundred dollars (\$500.00) in any month. The vendor or direct payer shall deduct the credit for each tax period on forms prescribed and furnished by the department. The credit shall be deducted only from the share of the tax that is distributed to the general fund under W.S. 39-15-111(b)(i).

(c) Timelines. Except as otherwise specifically provided, there are no general applicable provisions for timelines for this article.

39-15-107.1 Direct payment of sales tax; permit required; authorization; rules and regulations.

(a) Upon application by any person liable for the payment of sales tax under this article or a licensed vendor, the director of the department of revenue, in his sole discretion, may issue to the applicant a permit to be known as a direct payment permit authorizing the applicant to make direct payment to the department of revenue of any sales tax imposed under this article. The decision of the director shall not be appealable. The direct payment permit shall be signed by an authorized representative of the department. Any direct payment permit issued under this section may be revoked by the department of revenue at any time upon ninety (90) days written notice to the permittee.

(b) Any applicant issued a direct payment permit authorized by subsection (a) of this section shall pay any sales tax authorized by this article directly to the department of revenue. The applicant shall issue to each vendor furnishing or supplying any goods or services subject to Wyoming sales tax proof that the applicant has a direct payment permit in the form prescribed by the department. The proof of the direct payment permit shall indicate that the applicant assumes all obligations to pay any sales tax due under this article directly to the department of revenue.

(c) Receiving proof of the direct payment permit under subsection (b) of this section shall discharge the vendor furnishing or supplying goods or services to the applicant from any duty to collect or liability for sales taxes owed by the applicant. Any person holding a direct payment permit may be audited by the department of audit once in each calendar year.

(d) The department of revenue shall promulgate rules and regulations necessary to implement the provisions of this section.

39-15-107.2. Voluntary disclosure.

The department of revenue may enter into a voluntary disclosure agreement with any person establishing sufficient contact with this state to qualify the person as a vendor under this article. Application for voluntary disclosure shall be made in a manner and form as prescribed by the department of revenue and shall include a report of transactions taxable under this article. The report shall include a period of not more than the three (3)

previous years immediately preceding the agreement. Agreements which include foreclosure to audit shall be cosigned by the director of the department of audit or his designee. The department of revenue shall not enter into a voluntary disclosure agreement with any person currently engaged in an audit or similar investigation by the department of audit or the department of revenue. For good cause, the department of revenue may waive penalties and interest applicable to any tax liability under this article disclosed in a voluntary disclosure agreement.

39-15-107.3. Voluntary licensing and monetary allowances offered under the streamlined sales tax agreement.

(a) Any vendor who licenses to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with terms of the streamlined sales and use tax agreement shall not be subject to audit prior to the date of licensure provided the vendor was not licensed in this state and licensing occurs within twelve (12) months of the effective date of the streamlined sales and use tax agreement. The vendor shall not be assessed for uncollected sales or use tax together with penalty or interest for sales made during the period the vendor was not licensed in this state, provided licensing occurs within twelve (12) months of the effective date of this provision. This provision shall not apply to any vendor who has received notice of the commencement of an audit and the audit is not finally resolved including any administrative and judicial processes. The voluntary licensure provision shall not be available for sales or use taxes already paid or remitted to the state or for taxes collected by the vendor. The provisions of this section shall be fully effective absent fraud or intentional misrepresentation of a material fact so long as the vendor continues to license and continues collection and remittance of applicable sales or use taxes for a period of not less than thirty-six (36) months following his initial licensure as a vendor. The voluntary licensure provision shall only apply to sales or use taxes due from a vendor acting as a seller and not as a purchaser.

(b) A certified service provider and user of any technology model approved by the department who collects the Wyoming sales and use taxes shall be granted a monetary allowance for collecting the taxes as provided in the streamlined sales and use tax agreement. Any allowance shall be funded entirely from taxes collected under the technology models

and shall be based on the contracted amount between the governing board and the service providers.

39-15-108. Enforcement.

(a) Audits. To assess credits and deficiencies against taxpayers and vendors, the department is authorized to rely on final audit findings made by the department of audit, taxpayer information, vendor information or department review subject to the following conditions:

(i) Audits shall commence when the taxpayer or vendor receives written notice of the engagement of the audit. The issuance of the written notice of the audit shall toll the statute of limitations provided in W.S. 39-15-110 for the audit period specified in this subsection. The audit shall be completed by the department of audit with final findings issued to the taxpayer or vendor within one (1) year of the date of the notice of engagement. This time limit may be extended only upon mutual agreement between the taxpayer or vendor and the department;

(ii) After receiving notice of an audit under this subsection, the taxpayer or vendor shall preserve all records and books necessary to determine the amount of tax due for the time period that is being audited;

(iii) Except as otherwise provided in this paragraph, audits shall encompass a time period not to exceed three (3) years immediately preceding the reporting period when the audit is engaged. The three (3) year limit shall not apply to an audit if:

(A) There is evidence of a violation of paragraph (c)(iv) or subsection (f) of this section by the taxpayer or vendor for the reporting period being audited; or

(B) There is evidence of gross negligence by the taxpayer or vendor in reporting or remitting taxes for the reporting period being audited.

(iv) If a taxpayer is not willing or able to produce adequate records to demonstrate taxes due, the department or the department of audit may project taxes based on the best information available. If a vendor is not willing or able to comply with the record requirements of paragraph (c)(xi) of this

section, the department or the department of audit may project taxes based on the best information available;

(v) Audits under this subsection are subject to the authority and procedures provided in W.S. 9-2-2003;

(vi) Any assessment or levy, including the assessment of a penalty and interest, if any, resulting from final audit findings or department review shall be issued not later than one (1) year following the completion of the audit or review.

(b) Interest. The following shall apply:

(i) If the amount of tax paid is less than the amount due, the difference together with interest thereon at the rate of one percent (1%) per month from the time the return was due shall be paid by the vendor or any person liable for the payment of the sales tax under this article within ten (10) days after notice and demand is made by the department. Effective July 1, 1994, interest at an annual rate equal to the average prime interest rate as determined by the state treasurer during the preceding fiscal year plus four percent (4%) shall be added to the delinquent tax. To determine the average prime interest rate, the state treasurer shall average the prime interest rate for at least seventy-five percent (75%) of the thirty (30) largest banks in the United States. The interest rate on delinquent taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be greater than eighteen percent (18%) from any sale made on or after July 1, 1994. The interest rate on any delinquent tax from any sale made before July 1, 1994, shall be one percent (1%) per month from the date the return was due until paid;

(ii) If the sales or use tax on a vehicle, including local option sales or use tax, under W.S. 39-15-101 through 39-15-211 or 39-16-101 through 39-16-211, is not paid within sixty-five (65) days after the date of the sale, or in the case of a motor vehicle brought into this state, sixty-five (65) days after the vehicle is brought into the state if the owner submits to the county treasurer an affidavit and any other satisfactory proof as necessary to verify the date the vehicle was brought into the state:

(A) Interest shall accrue at the rate of one percent (1%) per month or fractional portion thereof from the sixty-fifth day after the date of sale until the date of payment

of all sales tax interest and civil fees due. County treasurers shall collect interest due under this subsection which shall be forwarded to the department and credited to the state general fund;

(B) A civil fee of twenty-five dollars (\$25.00) from the sixty-fifth day through the seventy-fifth day after the date of sale shall also be assessed by the county treasurer under this paragraph. If all sales tax, interest and civil fees due are not paid by the seventy-fifth day, the civil fee shall be the twenty-five dollar (\$25.00) amount or ten percent (10%) of the amount of tax due, whichever is greater, and shall be assessed by the county treasurer. Civil fees collected under this subparagraph shall be credited to the general fund of the county which makes the collection;

(C) The tax is delinquent if the taxpayer or his agent knew or reasonably should have known that the tax liability was not paid within the sixty-five (65) day period.

(iii) The department may credit or waive interest imposed by this subsection as part of a settlement or for any other good cause.

(c) Penalties. The following shall apply:

(i) If any part of the deficiency is due to negligence or intentional disregard of rules and regulations but without intent to defraud there shall be added a penalty of ten percent (10%) of the amount of the deficiency plus interest as provided by paragraph (b)(i) of this section. The taxes, penalty and interest shall be paid by the vendor or any person liable for the payment of the sales tax under this article within ten (10) days after notice and demand is made by the department;

(ii) If any part of the deficiency is due to fraud with intent to evade there shall be added a penalty of twenty-five percent (25%) of the amount of the deficiency plus interest as provided by paragraph (b)(i) of this section. The taxes, penalty and interest shall be paid by the vendor or any person liable for the payment of the sales tax under this article within ten (10) days after notice and demand is made by the department;

(iii) No vendor shall advertise or state directly or indirectly to the public that the taxes imposed by this article

shall be assumed by the vendor or that it will not be considered in the price, or if added, will be refunded;

(iv) Any vendor who under the pretense of collecting the taxes imposed by this article collects and retains an excessive amount or who intentionally fails to remit to the department the full amount of taxes when due is guilty of:

(A) A misdemeanor if the amount of taxes collected is five hundred dollars (\$500.00) or less punishable by a fine of not more than seven hundred fifty dollars (\$750.00), or imprisonment in the county jail for not more than six (6) months, or both; or

(B) A felony if the amount of taxes collected exceeds five hundred dollars (\$500.00) punishable by a fine of not more than five thousand dollars (\$5,000.00), or imprisonment for not to exceed three (3) years, or both.

(v) Any person who violates W.S. 39-15-102(e) is guilty of a misdemeanor. Each violation is a separate offense;

(vi) Any person who files a false or fraudulent return is subject to the provisions of W.S. 6-5-303;

(vii) Any person who violates any provision of this article for which there are no specific penalties is guilty of a misdemeanor. Each violation is a separate offense;

(viii) The department may, after providing two (2) written notices of intent to revoke identifying the reasons therefore, revoke the license of any vendor violating any provision of this article. The notices shall be provided at least one (1) week apart and the final notice shall be provided at least thirty (30) days prior to any revocation. The revocation of the department shall inform the vendor of all steps necessary to conform with the revocation and shall include the consequences of failure to cease business activities and the opportunity to appeal as provided in this subsection. The vendor may appeal a revocation under this paragraph to the state board of equalization not more than thirty (30) days following the revocation of the license. Appeals before the state board shall be conducted as contested case proceedings under the Wyoming Administrative Procedure Act. If a license is revoked under this subsection, no license shall thereafter be issued to that person until the applicant has:

(A) Filed a new application with the department;

(B) Filed with the department all past due returns and has remitted in full all taxes, penalties and interest due.

(ix) The department may, after providing notice and an opportunity for a hearing, suspend the license of any vendor violating any provision of this article until the time the vendor is in compliance;

(x) Upon request of the department, the attorney general may institute proceedings to restrain and enjoin any person from:

(A) Acting as a vendor until they have received a license as required by W.S. 39-15-106(a);

(B) Continuing to act as a vendor if they have not remitted to the department, when due, all taxes, penalty and interest imposed by this article.

(xi) Every vendor shall preserve for three (3) years at his principal place of business, suitable records and books as may be necessary to determine the amount of tax for which he is liable under this article, together with all invoices and books showing all merchandise purchased for resale. All records, books and invoices shall be available for examination by the department during regular business hours except as arranged by mutual consent;

(xii) If a vendor fails to file a return as required by this article, the department shall give written notice by mail to the vendor to file a return on or before the last day of the month following the notice of delinquency. If a vendor then fails to file a return the department shall make a return from the best information available which will be prima facie correct and the tax due therein is a deficiency and subject to penalties and interest as provided by this article;

(xiii) The department may impose a penalty of ten dollars (\$10.00) upon any vendor who fails to file his return in a timely manner as required by W.S. 39-15-107(a) provided the vendor files his return within thirty (30) days of receiving notice from the department pursuant to paragraph (xii) of this subsection. The department may impose a penalty of twenty-five dollars (\$25.00) upon any vendor who fails to file his return

within thirty (30) days of receiving notice from the department pursuant to paragraph (xii) of this subsection;

(xiv) The department, for good cause, may waive a penalty imposed for failure to file a return provided that the taxpayer requests the waiver in writing within ninety (90) days after the due date, setting forth the reasons for the late filing;

(xv) The department may credit or waive penalties imposed by this subsection as part of a settlement or for any other good cause;

(xvi) Notwithstanding W.S. 39-15-102(e), if any vendor or taxpayer is one hundred fifty (150) days or more delinquent on taxes due under this article, has not entered into a formal payment arrangement with the department and after thirty (30) days notice provided by first class mail, the department shall post monthly the name of the vendor or taxpayer, the sales and use tax license number, physical address and the unpaid balance owed by the vendor or taxpayer on the website of the department indicating that the vendor or taxpayer has not paid the tax due under this article.

(d) Liens. The following shall apply:

(i) Any tax due under this article constitutes a debt to the state from the persons who are parties to the transaction, other than any vendor or other seller who is prohibited or not authorized by law to collect any tax under this article, and is a lien from the date the tax is due on all the real and personal property of those persons. The lien does not apply to purchasers who paid the tax to the vendor. Notice of the lien shall be filed with the county clerk of the county in which the persons who are parties to the transaction reside or in which the vendor conducts business. The lien does not have preference over preexisting indebtedness but shall have priority from and after the date of filing or recording. The department shall cancel lien statements within sixty (60) days after taxes due are paid or collected. No other action by the department is required to perfect a lien under this paragraph regardless of the type of property involved;

(ii) Except as provided by W.S. 39-15-107(b)(viii), no vendor shall collect taxes imposed by this article upon the sale of motor vehicles, house trailers, trailer coaches, trailers or semitrailers. The taxes imposed shall be collected

by the county treasurer prior to the first registration in Wyoming and not upon subsequent registration by the same applicant. Upon a failure to pay the tax due upon any vehicle as provided by paragraph (b) (ii) of this section, the county treasurer shall notify the county clerk and the county clerk shall notify the department. The department may file a lien against the vehicle as provided by paragraph (i) of this subsection and shall note the lien on the title of the vehicle. After review by and approval of the board of county commissioners, the county may also collect the tax due and any interest, penalties or costs of collection through the use of a collection agency or by the filing of a civil action.

(e) Tax sales. The following shall apply:

(a) Interpretation requests. There are no specific applicable provisions for interpretation requests for this article.

(b) Appeals. Except as provided by this subsection, no person who feels aggrieved by the payment of the taxes, penalty and interest imposed by this article may appeal a decision of the state board of equalization until all taxes, penalty and interest have been paid. For good cause shown, the court to which the decision of the board is appealed may stay enforcement of the board's order assessing and levying the tax during the pendency of the appeal. The court's stay of enforcement shall not affect the accruing of interest upon any assessment and levy.

(c) Refunds. The following shall apply:

(i) Any tax, penalty or interest which has been erroneously paid, computed or remitted to the department by a vendor shall either be credited against any subsequent tax liability of the vendor or refunded. If a vendor erroneously collects taxes from a taxpayer and remits those taxes to the department, the vendor may seek a refund or credit against subsequent tax liability only after the vendor has refunded the erroneously collected tax to the taxpayer that originally paid the tax to the vendor. If the taxpayer that originally paid the tax to the vendor cannot be identified, the tax shall not be refunded or credited to the vendor. No credit or refund shall be allowed after three (3) years from the date of overpayment. The receipt of a claim for a refund by the department shall toll the statute of limitations. All refund requests received by the department of revenue shall be approved or denied within ninety (90) days of receipt, provided that referral of a refund request by the department of revenue to the department of audit shall toll the ninety (90) day period pending the outcome of the audit process. Any refund or credit erroneously made or allowed may be recovered in an action brought by the attorney general in any court of competent jurisdiction;

(ii) Any tax erroneously paid by a taxpayer shall be refunded by the vendor who originally collected the tax. No cause of action shall lie against the vendor by the taxpayer until not less than sixty (60) days elapse following a request by the taxpayer for a refund from the vendor.

(d) Credits. The following shall apply:

(i) Any tax, penalty or interest which has been erroneously paid, computed or remitted to the department by a vendor shall either be credited against any subsequent tax

liability of the vendor or refunded. If a vendor erroneously collects taxes from a taxpayer and remits those taxes to the department, the vendor may seek a credit against subsequent tax liability or a refund only after the vendor has refunded the erroneously collected tax to the taxpayer that originally paid the tax to the vendor. If the taxpayer that originally paid the tax to the vendor cannot be identified, the tax shall not be credited or refunded to the vendor. No credit or refund shall be allowed after three (3) years from the date of overpayment. The receipt of a claim for a refund by the department shall toll the statute of limitations. Any refund or credit erroneously made or allowed may be recovered in an action brought by the attorney general in any court of competent jurisdiction;

(ii) Repealed by Laws 2001, Ch. 147, § 3.

(iii) Repealed by Laws 2016, ch. 33, § 2.

(iv) The taxpayer or vendor is entitled to receive an offsetting credit for any overpaid excise tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. This paragraph shall not apply to any tax which was erroneously collected from a taxpayer and remitted by a vendor unless the auditor can determine that the erroneously collected taxes have been refunded to the taxpayer that originally paid the tax to the vendor.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. There are no specific applicable provisions for escrow for this article.

(g) If a mobile telecommunications service customer believes that the amount of tax, assessment or assignment of place of primary use or taxing jurisdiction included in the customer's billing is erroneous, the customer shall notify the home service provider in writing. The written notification shall include the street address of the customer's place of primary use, the account name and number, a description of the error claimed by the customer, and any other information which the home service provider reasonably requires to process the request. Within sixty (60) days of receiving a written notice under this subsection, the home service provider shall review its records to determine the customer's taxing jurisdiction. If the review shows that the amount of tax, assessment or

assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and refund or credit the amount of tax, charge or fee erroneously billed to the customer for a period of not to exceed three (3) years. If the review shows that the amount of tax, assessment and assignment of place of primary use or taxing jurisdiction are correct, the home service provider shall provide a written explanation to the customer. The procedures in this subsection shall be the first course of remedy available to a customer for a billing dispute, and no cause of action based upon the billing dispute shall accrue until the customer has reasonably exercised the rights and procedures set forth in this subsection.

39-15-110. Statute of limitations.

(a) No credit or refund shall be allowed after three (3) years from the date of overpayment. The receipt of a claim for a refund by the department shall toll the statute of limitations.

(b) The department may bring an action to recover any delinquent taxes, penalty or interest in any appropriate court within three (3) years following the delinquency. In the case of an assessment created by an audit, the delinquency period is deemed to start thirty (30) days after the date the assessment letter is sent. Any tax penalty and interest related to the audit assessment shall be calculated from the filing period during which the deficiency occurred. In any such action a certificate by the department is prima facie evidence of the amount due.

39-15-111. Distribution.

(a) License fees and interest collected by the department pursuant to this article shall be transferred to the state treasurer who shall credit them to the general fund. All penalties collected by the department under this article shall be paid to the state treasurer and credited as provided in W.S. 8-1-109, except the total sum of penalties collected by the department and paid to the state treasurer shall be allocated based upon the ratio of each county's population to the population of the state.

(b) Revenues earned under W.S. 39-15-104 during each fiscal year shall be recognized as revenue during that fiscal year for accounting purposes. Except as otherwise provided in subsection (p) of this section, for all revenue collected by the department under W.S. 39-15-104 the department shall:

(i) Credit sixty-nine percent (69%) to the state general fund for deposit by the state treasurer except as provided by subsections (c) and (d) of this section and less any credit allowed pursuant to W.S. 39-15-107(b)(xi);

(ii) Deduct one percent (1%) from the remaining share to cover all administrative expenses and costs attributable to the remaining share and credit for deposit by the state treasurer into the general fund for that amount;

(iii) From the remaining share, until June 30, 2004, deduct an amount equivalent to one-half percent (0.5%) and thereafter deduct an amount equivalent to one percent (1%) of the tax collected under W.S. 39-15-104. From this amount, the department shall distribute until June 30, 2004, twenty thousand dollars (\$20,000.00) and thereafter forty thousand dollars (\$40,000.00) annually to each county in equal monthly installments and then distribute the remainder to each county in the proportion that the total population of the county bears to the total population of the state. The balance shall then be paid monthly to the treasurers of the counties, cities and towns for payment into their respective general funds. The percentage of the balance that will be distributed to each county and its cities and towns will be determined by computing the percentage that net sales taxes collected attributable to vendors in each county including its cities and towns bear to total net sales taxes collected of vendors in all counties including their cities and towns. Subject to subsection (h) of this section, this percentage of the balance shall be distributed within each county as follows:

(A) To each county in the proportion that the population of the county situated outside the corporate limits of its cities and towns bears to the total population of the county including cities and towns;

(B) To each city and town within the county in the proportion the population of the city or town bears to the population of the county.

(c) If any person commences after the effective date of this act to construct an industrial facility, as that term is defined in W.S. 35-12-102, under a permit issued pursuant to W.S. 35-12-106, or if the federal or state government commences to construct any project within this state with an estimated construction cost as specified in the definition of industrial

facility in W.S. 35-12-102 the department of revenue shall thereafter pay to the county treasurer and the county treasurer will distribute to the county, cities and towns of that county in which the industrial facility or project is located, impact assistance payments from the monies available under paragraph (b)(i) of this section. Each payment to the county treasurer shall be equal to an amount determined by the industrial siting council under this subsection and shall continue during the period of construction except that in the case of an industrial facility or a federal or state government project which is expected to continue in phases for an indefinite period of time, the department of revenue shall discontinue payments under this section when construction of any phase has ceased or been substantially completed for twelve (12) consecutive months. The person constructing the industrial facility and the counties affected by the construction of the industrial facility shall provide evidence at the public hearing held pursuant to W.S. 35-12-110(f)(i) of the mitigated and unmitigated impacts that the construction will have on the counties, cities and towns determined by the industrial siting council to be affected by the construction of the industrial facility. The industrial siting council shall review the evidence of the impacts and determine, applying a preponderance of evidence standard, the dollar amount of the unmitigated impacts. The council shall state, in the order issued under W.S. 35-12-113(a), the total dollar amount of the impact assistance payment and include specific findings of fact detailing the basis for the total dollar amount determination and if requested by the affected county, city or town, its justification for rejecting, in whole or in part, an application for an impact assistance payment. The impact assistance payment shall be distributed by the department of revenue in an amount and on a schedule determined by the council, based on evidence presented at the hearing. Under no circumstances shall the total dollar amount of the impact assistance payment exceed the maximum allowable percentage specified in this subsection of the total estimated material costs of the facility, as those costs are determined by the council. The maximum allowable percentage shall be two and twenty-five hundredths percent (2.25%) for facilities with total estimated materials costs of three hundred fifty million dollars (\$350,000,000.00) or less except as otherwise provided in this subsection, two percent (2%) for facilities with total estimated materials costs in excess of three hundred fifty million dollars (\$350,000,000.00) but less than eight hundred fifty million dollars (\$850,000,000.00) and one and one-half percent (1.50%) for facilities with total estimated materials costs of eight hundred fifty million dollars (\$850,000,000.00) or more. For

facilities with total estimated materials costs of three hundred fifty million dollars (\$350,000,000.00) or less, the council may increase the maximum allowable percentage to not more than two and seventy-six hundredths percent (2.76%) if the council includes in the specific findings required under this subsection that the maximum allowable percentage of two and twenty-five hundredths percent (2.25%) is insufficient to mitigate the identified impacts. The council shall submit a report to the joint appropriations committee and the joint minerals, business and economic development interim committee not later than ten (10) business days after increasing the maximum allowable percentage as specified in this subsection, including data to support the increase. The impact assistance payments shall be distributed to the county treasurer and the county treasurer will distribute to the county and to the cities and towns therein based on a ratio established by the industrial siting council during a public hearing held in accordance with W.S. 35-12-110(f) (i). In determining the distribution ratio, the industrial siting council may consider the extent and location of the unmitigated impacts, the populations of the affected counties, cities and towns, including any disproportionate impacts on smaller communities, and any other equitable factor. The industrial siting council shall review the distribution ratio for construction projects on a regular basis and make appropriate adjustments. A governing body which is primarily affected by the facility, or any person issued a permit pursuant to W.S. 35-12-106, may petition the industrial siting council for review and adjustment of the distribution ratio or the amount of the impact assistance payment upon a showing of good cause. The impact assistance payment shall be in addition to all other distributions under this section, but no impact assistance payment shall be made for any period in which the county or counties are not imposing at least a one percent (1%) tax authorized by W.S. 39-15-204(a) (i) and 39-16-204(a) (i) or at least a total of a two percent (2%) sales tax authorized under W.S. 39-15-204(a) (i), (iii) and (vi) and at least a total of a two percent (2%) use tax authorized under W.S. 39-16-204(a) (i), (ii) and (v). For purposes of this subsection, the industrial facility or federal or state government project will be deemed to be located in the county in which a majority of the construction costs will be expended, provided that upon a request from the county commissioners of any adjoining county to the industrial siting council, the council may determine that the social and economic impacts from construction of the industrial facility or federal or state government project upon the adjoining county are significant and establish the ratio of impacts between the counties and certify that ratio to the

department of revenue who will thereafter distribute the impact assistance payment to the counties pursuant to that ratio. Each county, city and town that receives a distribution under this subsection shall provide an annual report to the industrial siting council describing how the impact assistance payment was expended. The report shall first be submitted not later than one (1) year after the impact assistance payment is approved and annually each year thereafter for the duration in which distributions are made and until all distributions are expended. The industrial siting council shall adopt rules as necessary to implement this subsection.

(d) As used in subsection (c) of this section:

(i) "Period of construction" begins at the commencement of construction and ends when the physical components of the industrial facility or federal or state government project are ninety percent (90%) complete, provided, if payments are already being made under this act, commencement of construction of another industrial facility or federal or state government project will not be considered for purposes of establishing a new impact assistance payment amount or determining when payments will commence under this act, but will only be considered for determining when the period of construction ends;

(ii) Repealed by Laws 2015, ch. 107, § 2.

(iii) "Unmitigated impact" means an expense:

(A) Incurred by a county, city or town directly or indirectly attributable to the construction of an industrial facility;

(B) That is not otherwise mitigated by any other entity;

(C) For medical services, fire and law enforcement services, roads and public utilities. Expenses shall be supported by an analysis prepared by the county, city or town of the current excess capacity in each of these areas. Expenses in these areas may include the employment of additional employees or officers only if the county, city or town has determined overtime compensation or contract labor would not be appropriate; and

(D) Excluding expenses for which a county, city or town previously received an impact assistance payment unless the county, city or town can demonstrate the expenses are new or ongoing.

(e) Vendors shall annually provide the department information indicating the amount of tax under this article collected from sales of propane, butane, liquefied gas and compressed natural gas. Upon verification by the department, the state treasurer shall annually transfer from the revenues deposited pursuant to paragraph (b) (i) of this section to the state highway fund ten percent (10%) of the amount collected under this article on sales of propane, butane, liquefied gas and compressed natural gas. This transfer of revenue replaces highway revenues existing prior to the enactment of this act.

(f) In addition to the distribution specified in subsection (b) of this section, until June 30, 2004, twenty-nine and one-half percent (29.5%) and thereafter thirty-one percent (31%) of sales taxes collected from out-of-state vendors shall be distributed to counties, cities and towns in the same percentage as determined in paragraph (b) (iii) of this section.

(g) Repealed By Laws 2007, Ch. 140, § 2.

(h) If an annexation occurs under W.S. 15-1-404, the department of revenue shall determine whether the proportion of sales taxes to be distributed to the general fund of the county in which the annexation takes place will be reduced by more than five percent (5%) solely as a result of the annexation. If so, then the distribution formula for sales taxes for the affected municipality and county is subject to the following:

(i) Beginning with the month following the month in which the annexation occurs and continuing through the remainder of the fiscal year in which the annexation occurs, the annexing municipality shall receive credit only for thirty-five percent (35%) of the population of the area to be annexed with the remainder credited to the county;

(ii) In each of the succeeding four (4) fiscal years, the annexing municipality shall receive credit for an additional one-fourth (1/4) of the remaining sixty-five percent (65%) of the population of the area annexed with the remainder credited to the county;

(iii) The department of revenue shall proportionally adjust credits for population under paragraphs (i) and (ii) of this subsection for the remainder of the period based upon new population figures if a federal decennial census occurs before the period under paragraph (ii) of this subsection ends.

(j) Repealed By Laws 1999, ch. 54, § 2.

(k) Repealed By Laws 1999, ch. 54, § 2.

(m) Repealed By Laws 1999, ch. 54, § 2.

(n) Repealed By Laws 1999, ch. 54, § 2.

(o) Repealed By Laws 1999, ch. 54, § 2.

(p) All revenue collected by the department under W.S. 39-15-104(h) shall be distributed as follows:

(i) The department shall credit the revenue collected under W.S. 39-15-104(h) (i) as follows:

(A) Eighty percent (80%) of the average annual revenue collected under this paragraph during the immediately preceding five (5) years shall be deposited each year in the Wyoming tourism account, which is hereby created. No funds shall be expended from the account until appropriated by the legislature. Funds in the account shall be used for the operation of the Wyoming tourism board and the Wyoming office of tourism;

(B) Any amount of revenue that exceeds the amount determined under subparagraph (A) of this paragraph shall be deposited as provided in this subparagraph. Revenue under this subparagraph shall be transferred to the Wyoming tourism reserve and projects account, which is hereby created. No funds shall be expended from the account until appropriated by the legislature.

(ii) The assessment revenue collected under W.S. 39-15-104(h) (ii) shall be distributed to each county on a monthly basis in proportionate shares determined by the amount of revenue collected within the county and its municipalities under W.S. 39-15-104(h) (ii) in relation to the entire amount collected under W.S. 39-15-104(h) (ii), to be distributed as follows:

(A) If the county imposes a countywide lodging tax under W.S. 39-15-204(a)(ii), the assessment revenue shall be distributed in the same manner as taxes collected under that paragraph are distributed under W.S. 39-15-211(a)(ii)(B) through (E);

(B) If the county has not imposed a countywide lodging tax under W.S. 39-15-204(a)(ii), the assessment revenue shall be distributed as follows:

(I) If no city or town in the county has imposed a lodging tax under W.S. 39-15-204(a)(ii), the assessment revenue shall be distributed to the county to be expended as provided in W.S. 39-15-211(a)(ii)(B);

(II) If any city or town in the county has imposed a lodging tax under W.S. 39-15-204(a)(ii), assessment revenue equal to the amount of the tax imposed by the city or town shall be distributed to the city or town to be used as provided in W.S. 39-15-211(a)(ii)(B) through (E). The remainder shall be distributed to the county to be expended as provided in W.S. 39-15-211(a)(ii)(B).

(q) No funds distributed to the Wyoming tourism account or the Wyoming tourism reserve and projects account as provided by subsection (p) of this section shall be expended for lobbying or legislative activities associated with any Wyoming local government or the Wyoming legislature.

(r) The funds collected and remitted to the department under W.S. 39-15-107(b)(i) and (ii) for sales taxes imposed under W.S. 39-15-104 and transferred under W.S. 39-15-111(b)(i) and (ii) on sales of motor vehicles and trailers during each fiscal year beginning July 1, 2025 are appropriated annually to the highway fund for the operation, maintenance, construction and reconstruction of state highways. The department of revenue shall credit the highway fund the specified amounts no later than ninety (90) days after the end of the fiscal year.

ARTICLE 2 - LOCAL SALES TAX

39-15-201. Definitions.

(a) Repealed by Laws 2019, ch. 186, § 2.

(b) Definitions under article 1 of this chapter shall apply to this article unless otherwise specified.

39-15-202. Administration.

(a) The state preempts the field of imposing tax upon retail sales of tangible personal property, admissions and services as provided by this article and no county, city, town or other political subdivision may impose, levy or collect taxes upon retail sales, admissions and services except as provided in this article.

(b) In addition to the state tax imposed under article 1 of this chapter a county, city, town or resort district may impose excise taxes as specified under this article.

(c) The administration of the county, city, town or resort district sales taxes is vested in the department which may prescribe forms and rules and regulations for making returns and for the ascertainment, assessment and collection of the taxes. The department shall keep complete records of all monies received and disbursed by it.

(d) No applicant to the state of Wyoming for grant or loan funds shall be penalized for failure to enact the tax provided in W.S. 39-15-204(a)(iii).

39-15-203. Imposition.

(a) Taxable event. The following shall apply:

(i) The following provisions apply to imposition of the general purpose excise tax under W.S. 39-15-204(a)(i):

(A) Except as provided by subparagraph (F) of this paragraph, no tax shall be imposed under W.S. 39-15-204(a)(i) until the proposition to impose the taxes is submitted to the vote of the qualified electors of the county, and a majority of those casting their ballots vote in favor of imposing the taxes. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the limitations specified in W.S. 39-15-204(a)(i) and (iv). A county may impose both taxes authorized in W.S. 39-15-204(a)(i) and (ii), but the proposition to impose each tax also shall be individually stated and voted upon. Except as otherwise provided, excise taxes imposed under this paragraph shall

commence as provided by W.S. 39-15-207(c) following the election approving the imposition of the tax;

(B) The proposition to impose an excise tax shall be at the expense of the county and be submitted to the electors of the county upon the receipt by the board of county commissioners of a petition requesting the election signed by at least five percent (5%) of the electors of the county or of a resolution approving the proposition from the governing body of the county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county. If proposed by petition by electors, the number of electors required shall be determined by the number of votes cast at the last general election. The election shall be at the direction and under the supervision of the board of county commissioners;

(C) The proposition may be submitted at an election held on a date authorized under W.S. 22-21-103. A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held, and the notice shall specify the object of the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election the ballots shall contain the words "for the county sales and use tax" and "against the county sales and use tax". If a portion of the proceeds from the tax will be used for economic development as provided by W.S. 39-15-211(a)(i), the ballot shall contain the words "a portion (or specific percentage) of the tax proceeds shall be used for economic development" in a clear and appropriate manner. If the proposition is approved the same proposition shall be submitted at subsequent general elections as provided in this subparagraph until the proposition is defeated. If the tax proposed is approved after July 1, 1989, the same proposition shall be submitted at every other subsequent general election until the proposition is defeated. However in those counties where the tax is not in effect, the county commissioners with the concurrence of the governing bodies of fifty percent (50%) of the municipalities may establish the initial term of the tax at four (4) years. The term of the tax shall be stated in the proposition submitted to the voters. If a proposition establishing the term of the tax at four (4) years is approved, the proposition shall be submitted at the second general election following the election at which the proposition was initially approved and at the general election held every four (4) years thereafter until the proposition is defeated;

(D) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the county for at least eleven (11) months. If the proposition is defeated at any general election following initial adoption of the proposition the tax is repealed and shall not be collected following June 30 of the year immediately following the year in which the proposition is defeated except:

(I) If the proposition was for less than the full amount authorized in W.S. 39-15-204(a)(i), this subparagraph shall not prohibit a separate proposition for the remaining authorized amount of the tax as provided in subparagraph (A) of this paragraph;

(II) If the proposition was to increase the amount of the tax originally adopted by the electors, the defeat of the proposition to increase the amount of the tax shall not repeal the proposition originally adopted by the electors.

(E) If the proposition is approved by the qualified electors or under subparagraph (F) of this paragraph, the board of county commissioners shall by ordinance impose an excise tax upon retail sales of tangible personal property, admissions and services. The board of county commissioners or the city or town council shall adopt an ordinance for the tax authorized by W.S. 39-15-204(a)(i). The ordinance shall include the following:

(I) A provision imposing an excise tax upon every retail sale of tangible personal property, admissions and services made within the county, whichever is appropriate;

(II) Provisions identical to those contained in article 1 of this chapter except for W.S. 39-15-102(a), insofar as it relates to sales taxes, except the name of the county as the taxing agency shall be substituted for that of the state and an additional license to engage in business shall not be required if the vendor has been issued a state license pursuant to law;

(III) A provision that any amendments made to article 1 or to chapter 16 not in conflict with article 1 of this chapter or to chapter 16 shall automatically become a part of the sales tax ordinances of the county, city or town;

(IV) A provision that the county, city or town, as appropriate, shall contract with the department prior

to the effective date of the county sales tax ordinances whereby the department shall perform all functions incident to the administration of the sales tax ordinances of the county, city or town;

(V) A provision that the amount subject to the sales tax shall not include the amount of any sales tax imposed by the state of Wyoming.

(F) In lieu of the requirements of subparagraph (C) of this paragraph providing for the submission of the proposition at subsequent elections, the tax authorized under W.S. 39-15-204(a)(i) may be continued by an election or by a resolution as provided in this subparagraph. For the tax to be continued by an election, the county commissioners, with the concurrence of the governing bodies of fifty percent (50%) of the municipalities, shall submit a proposition to the voters establishing the term of the tax as permanent. The proposition under this subparagraph shall be submitted in the same manner as a proposition to impose the tax under subparagraph (C) of this paragraph provided that the proposition shall be submitted as a separate question at the same election with a proposition to impose or continue the tax under subparagraph (C) of this paragraph. The tax may be continued by resolution, subject to the following terms and conditions:

(I) The tax shall be initially imposed following approval of the electorate in accordance with subparagraphs (B) and (C) of this paragraph;

(II) The tax shall be continued if favorably supported by a resolution adopted by the governing body of the county and by ordinances adopted by the governing bodies of at least a majority of the incorporated municipalities within the county;

(III) Ordinances under this subparagraph shall conform with subdivisions (E)(I) through (V) of this paragraph;

(IV) Excise taxes shall be continued under this subparagraph only if the county clerk has certified to the county treasurer that a sufficient number of ordinances or resolutions to continue the tax under this subparagraph have been adopted at least ninety (90) days prior to the election to determine the continuation of the tax. Within five (5) days of receipt of such certification from the county clerk, the county

treasurer shall notify the department of revenue of this tax. If the tax is not continued pursuant to this subparagraph it shall be subject to the provisions of subparagraph (C) of this paragraph for continuation;

(V) The tax may be terminated in the same manner as it was continued under subdivisions (II) and (IV) of this subparagraph except that ordinances and resolutions shall be for the rescinding of the tax. If the tax is continued under subdivisions (II) and (IV) of this subparagraph, it may also be terminated by an election to rescind the tax conducted subject to subparagraphs (B) through (D) of this paragraph.

(ii) The following provisions apply to imposition of the lodging excise tax under W.S. 39-15-204(a)(ii):

(A) The tax on lodging services authorized by W.S. 39-15-204(a)(ii) shall be in addition to and not in lieu of the tax authorized by W.S. 39-15-204(a)(i) and (iii) if both taxes are imposed. If the proposition to impose a tax on lodging services within the county is approved in accordance with subparagraph (B) of this paragraph, a city or town shall not impose a lodging tax in addition to the county wide tax even though the additional tax does not exceed the limitation established under W.S. 39-15-204(a)(ii);

(B) No tax shall be imposed under W.S. 39-15-204(a)(ii) until the proposition to impose the taxes is submitted to the vote of the qualified electors of the county or of a city or town if the proposition is to impose the tax only city wide or town wide, and a majority of those casting their ballots vote in favor of imposing the taxes. If a county seeks to increase a tax rate previously approved by the qualified electors of the county, that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the limitations specified in W.S. 39-15-204(a)(ii). A county may impose both taxes authorized in W.S. 39-15-204(a)(i) and (ii), but the proposition to impose each tax shall be individually stated and voted upon. Except as otherwise provided, excise taxes imposed under this paragraph shall commence as provided by W.S. 39-15-207(c) following the election approving the imposition of the tax;

(C) The proposition to impose an excise tax shall be at the expense of the county and be submitted to the electors of the county upon the receipt by the board of county commissioners of a petition requesting the election signed by at

least five percent (5%) of the electors of the county or of a resolution approving the proposition from the governing body of the county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county. If proposed by petition by electors, the number of electors required shall be determined by the number of votes cast at the last general election. The election shall be at the direction and under the supervision of the board of county commissioners;

(D) The proposition may be submitted at an election held on a date authorized under W.S. 22-21-103. A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held or in the city or town if only a city wide or town wide tax is proposed, and the notice shall specify the object of the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election the ballots shall contain the words "for the county (or city or town) lodging tax" and "against the county (or city or town) lodging tax". If the proposition is approved the same proposition shall be submitted at subsequent general elections as provided in this subparagraph until the proposition is defeated. If the proposition to impose the lodging tax pursuant to W.S. 39-15-204(a)(ii) is approved, the same proposition shall be submitted, until defeated, at the second general election following the election at which the proposition was initially approved and at the general election held every four (4) years thereafter. If a county, city or town has in place a lodging tax pursuant to W.S. 39-15-204(a)(ii), either through a petition or by request of the county, city or town, the proposition posed at the next election may contain a larger tax not to exceed two percent (2%);

(E) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the county for at least eleven (11) months. If the proposition is defeated at any general election following initial adoption of the proposition the tax is repealed and shall not be collected following June 30 of the year immediately following the year in which the proposition is defeated except:

(I) If the proposition was for less than the full amount authorized in W.S. 39-15-204(a)(ii), this subparagraph shall not prohibit a separate proposition for the remaining authorized amount of the tax as provided in subparagraph (B) of this paragraph;

(II) If the proposition was to increase the amount of the tax originally adopted by the electors, the defeat of the proposition to increase the amount of the tax shall not repeal the proposition originally adopted by the electors.

(F) If the proposition is approved by the qualified electors the board of county commissioners, city council or town council, as appropriate, shall by ordinance impose an excise tax upon the sales price for lodging services. Following approval of a proposition to impose the tax, the county, city or town shall within thirty (30) days following certification of the election results and annually thereafter each year the tax is in effect, notify the department of revenue of the ordinance or resolution imposing the lodging tax and shall submit a list to the department of all persons selling lodging services within their respective jurisdiction. The board of county commissioners or the city or town council shall adopt an ordinance for the tax authorized by this paragraph. The ordinance shall include the following:

(I) A provision imposing an excise tax on every sale of lodging services within the county, city or town at the rate approved by the qualified electors, whichever is appropriate;

(II) Provisions identical to those contained in article 1 of this chapter except for W.S. 39-15-102(a), insofar as it relates to sales taxes except the name of the county as the taxing agency shall be substituted for that of the state and an additional license to engage in business shall not be required if the vendor has been issued a state license pursuant to law;

(III) A provision that any amendments made to article 1 or to chapter 16 not in conflict with article 1 of this chapter or to chapter 16 shall automatically become a part of the sales tax ordinances of the county, city or town;

(IV) A provision that the county, city or town, as appropriate, shall contract with the department prior to the effective date of the county sales tax ordinances whereby the department shall perform all functions incident to the administration of the sales tax ordinances of the county, city or town;

(V) A provision that the amount subject to the tax shall not include the amount of any sales tax imposed by the state of Wyoming.

(G) No person shall be liable for payment of the tax imposed under W.S. 39-15-204(a)(ii) for any sale of lodging services made more than one (1) year prior to the date he is notified by the department of revenue of his liability for the tax.

(iii) The following provisions apply to imposition of the specific purpose excise tax under W.S. 39-15-204(a)(iii):

(A) Before any proposition to impose the tax or incur the debt shall be placed before the electors, the governing body of a county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county shall adopt a resolution approving the proposition, setting forth a procedure for qualification of a ballot question for placement on the ballot and specifying how excess funds shall be expended;

(B) The revenue from the tax shall be used in a specified amount for specific purposes authorized by the qualified electors. Specific purposes may include one (1) time major maintenance, renovation or reconstruction of a specifically defined section of a public roadway and may include, in conjunction with another specific purpose, funding a reserve account as provided in subparagraph (H) of this paragraph. Specific purposes shall not include ordinary operations of local government except those operations related to a specific project or as authorized by subparagraph (H) of this paragraph;

(C) No tax shall be imposed under this paragraph until the proposition to impose the tax for specific purposes in specific amounts is approved by the vote of the majority of the qualified electors voting on the proposition. The amount of revenue to be collected and the purpose or purposes for which it is proposed to be used shall be specified in the proposition. The election shall be held in accordance with W.S. 22-21-101 through 22-21-112. Any debt created may also be repaid, in whole or in part, by a property tax levy if general obligation bonds are authorized by the electors. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate

propositions is subject to the limitations specified in W.S. 39-15-204(a) (iii) and (iv). Any excise tax imposed under this subsection shall commence as provided by W.S. 39-15-207(c) following the election approving the imposition of the tax, except that it shall commence on the first day of any subsequent month following the receipt of tax funds in the approved amount by any tax previously imposed under this subsection as provided by subparagraph (E) of this paragraph. Unless terminated earlier by the sponsoring entities pursuant to subparagraph (G) of this paragraph, the relevant portion of the tax shall terminate as provided by W.S. 39-15-207(c) when the amount approved by the electors is collected;

(D) No debt may be incurred or approved which when added to the existing indebtedness of the sponsoring entity or entities, would exceed the constitutional debt limitation of the sponsoring entity or entities. However, nothing herein prohibits the approval of a proposition which establishes a fund for accumulation of funds sufficient to carry out the purpose approved or to pay a sufficient amount of the cost so as to bring the remainder of the debt within the debt limitation of the sponsoring entity or entities;

(E) Upon certification of the election results by the county clerk to the treasurer, the county treasurer shall, within ten (10) days, notify the department of revenue of the requirement for imposition of any tax under this subsection and shall, upon the estimated collection of all tax funds in the amount approved, notify the department of revenue that the special sales tax levy is terminated. When determining the point in time in which to terminate the tax, the county treasurer in consultation with the department shall estimate future receipts of tax collections to minimize excess collection. The county treasurer shall make his best effort to ensure that sufficient money is collected while minimizing any excess collection. In no event shall the action or inaction of the county treasurer or the department be deemed to prohibit the collection of the full amount of the tax approved by the voters. The department of revenue shall, upon notification, inform all holders of sales tax licenses within the county of the requirement for the collection and payment of the additional tax. After receipt of notice that the amount has been collected or that the sponsoring entities have terminated the tax pursuant to subparagraph (G) of this paragraph, the department shall notify the license holders of the termination of the tax;

(F) The first county imposing the tax provided by this act shall be responsible for payment of costs incurred by the department to initially set up computer records and support systems for administration of this tax. These costs shall be withheld by the department from the proceeds to be distributed pursuant to the preceding paragraph until such costs are fully recovered;

(G) The sponsoring entities may agree to terminate the tax if the tax collected reaches the actual cost of the completed projects and the amount specified in the proposition exceeds the actual cost of the completed projects. The sponsoring entities shall inform the department of revenue and the county treasurer that the tax is terminated;

(H) If approved in the resolution adopted pursuant to subparagraph (A) of this paragraph and approved by the qualified electors pursuant to subparagraph (C) of this paragraph, a specified amount of revenue from the tax or the tax revenue from a specified period not to exceed the specified amount may be deposited into a reserve account. Funds in the reserve account may be invested as provided in W.S. 9-4-831 and may be expended for specific purposes previously authorized under this paragraph and for the ordinary operations of local government. A reserve account under this paragraph may be designated as a maintenance and sinking fund for a specific project or projects and the earnings and principal amount in the fund may be expended for the applicable project or projects. A reserve account under this paragraph may be designated as an inviolate account to constitute a permanent or perpetual trust fund which shall be invested in a manner to obtain the highest return possible consistent with preservation of the corpus. Any earnings from investment of the corpus of a permanent or perpetual trust fund designated under this subsection shall be deposited in a separate account and may be expended as authorized in this subparagraph.

(iv) The following provisions apply to imposition of the resort district excise tax under W.S. 39-15-204(a)(v):

(A) The tax shall be imposed if favorably supported by a resolution adopted by the board of the resort district and approved by a majority of the district voters under W.S. 18-16-119. If a resort district seeks to increase a tax rate previously approved by the district voters that increase shall be separately proposed and voted upon, provided that the

total amount of the separate propositions is subject to the limitations specified in W.S. 39-15-204(a)(v);

(B) The tax may be terminated by a resolution to rescind the tax adopted by the board of the resort district.

(v) The following provisions apply to imposition of the excise tax under W.S. 39-15-204(a)(vi) the purpose of which is economic development:

(A) No tax shall be imposed under W.S. 39-15-204(a)(vi) until the proposition to impose the tax is submitted to the vote of the qualified electors of the county, and a majority of those casting their ballots vote in favor of imposing the taxes. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the limitations specified in W.S. 39-15-204(a)(iv) and (vi). Except as otherwise provided, excise taxes imposed under this paragraph shall commence as provided by W.S. 39-15-207 following the election approving the imposition of the tax;

(B) The proposition to impose an excise tax shall be at the expense of the county and be submitted to the electors of the county upon the receipt by the board of county commissioners of a petition requesting the election signed by at least five percent (5%) of the electors of the county or of a resolution approving the proposition from the governing body of the county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county. If proposed by petition by electors, the number of electors required shall be determined by the number of votes cast at the last general election. The election shall be at the direction and under the supervision of the board of county commissioners;

(C) The proposition may be submitted at an election held on a date authorized under W.S. 22-21-103. A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held, and the notice shall specify the object of the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election the ballots shall contain the words "for the county sales and use tax for economic development" and "against the county sales and use tax for economic development". If the tax proposed is approved, the same proposition shall be

submitted at every other subsequent general election until the proposition is defeated. However, the county commissioners with the concurrence of the governing bodies of fifty percent (50%) of the municipalities may establish the initial term of the tax at four (4) years. The term of the tax shall be stated in the proposition submitted to the voters. If a proposition establishing the term of the tax at four (4) years is approved, the proposition shall be submitted at the second general election following the election at which the proposition was initially approved and at the general election held every four (4) years thereafter until the proposition is defeated;

(D) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the county for at least eleven (11) months. If the proposition is defeated at any general election following initial adoption of the proposition the tax is repealed and shall not be collected following June 30 of the year immediately following the year in which the proposition is defeated except:

(I) If the proposition was for less than the full amount authorized in W.S. 39-15-204(a)(vi), this subparagraph shall not prohibit a separate proposition for the remaining authorized amount of the tax as provided in subparagraph (A) of this paragraph;

(II) If the proposition was to increase the amount of the tax originally adopted by the electors, the defeat of the proposition to increase the amount of the tax shall not repeal the proposition originally adopted by the electors.

(E) If the proposition is approved by the qualified electors, the board of county commissioners shall by ordinance impose an excise tax upon retail sales of tangible personal property, admissions and services. The board of county commissioners or the city or town council shall adopt an ordinance for the tax authorized by W.S. 39-15-204(a)(vi). The ordinance shall include the following:

(I) A provision imposing an excise tax upon every retail sale of tangible personal property, admissions and services made within the county;

(II) Provisions identical to those contained in article 1 of this chapter except for W.S. 39-15-102(a), insofar as it relates to sales taxes, except the name of the county as the taxing agency shall be substituted for

that of the state and an additional license to engage in business shall not be required if the vendor has been issued a state license pursuant to law;

(III) A provision that any amendments made to article 1 or to chapter 16 not in conflict with article 1 of this chapter or to chapter 16 shall automatically become a part of the sales tax ordinances of the county, city or town;

(IV) A provision that the county, city or town, as appropriate, shall contract with the department prior to the effective date of the county sales tax ordinances whereby the department shall perform all functions incident to the administration of the sales tax ordinances of the county, city or town;

(V) A provision that the amount subject to the sales tax shall not include the amount of any sales imposed by the state of Wyoming.

(F) The tax may be terminated by an election to rescind the tax conducted subject to subparagraphs (B) through (D) of this paragraph;

(G) In no event shall any of the revenue collected from the tax imposed under this paragraph be expended, either directly or indirectly, to finance or involuntarily acquire any public utility as defined in W.S. 37-1-101 or any telecommunications system by condemnation or other legal process.

Except for a tax authorized under subparagraph (J) of this

paragraph, the tax shall not be proposed until at least ninety (90) days following the approval or continuation of a tax under W.S. 39-15-204(a)(iii). The amount of the tax proposed under this subparagraph shall not exceed the amount of tax that the city or town collects during the same time period pursuant to the tax imposed under W.S. 39-15-204(a)(iii). (C) Revenue from the tax shall be used for general purposes or for a specific purpose in a specified amount as specified in the proposition to impose the tax. A city or town may impose a portion of the tax for separate purposes provided that the purposes are voted on separately, each proposition specifies the purpose of the tax and the total amount of the tax does not exceed the full amount authorized in W.S. 39-15-204(a)(vii) and subparagraph (B) of this paragraph;

(D) No tax shall be imposed under this paragraph until a specific proposition to impose the tax is approved by a vote of the majority of the qualified electors voting on the specific proposition in a general election. The purpose of the tax and the maximum estimated amount of revenue to be collected shall be specified in the proposition. The election shall be held in accordance with W.S. 22-21-101 through 22-21-112. Any excise tax imposed under this paragraph shall commence as provided by W.S. 39-15-207(c) following the election approving the imposition of the tax;

(E) A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held, and the notice shall specify the proposition that will be considered at the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election for each proposition, the ballots shall contain the words "for the municipal sales and use tax" and "against the municipal sales and use tax". The ballot shall describe the purposes of the tax in a clear and appropriate manner;

(F) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the city or town for at least eleven (11) months. If the proposition is defeated at any general election following initial adoption of the proposition the tax is

repealed and shall not be collected following June 30 of the year immediately following the year in which the proposition is defeated except:

(I) If the proposition was for less than the full amount authorized in W.S. 39-15-204(a)(vii), this subparagraph shall not prohibit a separate proposition for the remaining authorized amount of the tax as provided in subparagraphs (B) and (C) of this paragraph;

(II) If the proposition was to increase the amount of the tax originally adopted by the electors or to impose a tax for a different purpose, subject to the maximum allowable tax, the defeat of the proposition shall not repeal the proposition originally adopted by the electors.

(G) If the proposition is approved by the qualified electors, the city or town council shall adopt an ordinance for the tax authorized by W.S. 39-15-204(a)(vii) consistent with the approved proposition. The ordinance shall include the following:

(III) A provision that any amendments made to article 1 of this chapter or to chapter 16 of this title that are not in conflict with article 1 of this chapter or to chapter 16 of this title shall automatically become a part of the sales tax ordinances of the city or town;

(IV) A provision that the city or town shall contract with the department prior to the effective date of the sales tax ordinances whereby the department shall perform all functions incident to the administration of the sales tax ordinances of the city or town;

(V) A provision that the amount subject to the sales tax shall not include the amount of any sales tax imposed by the state of Wyoming.

(H) Subject to subparagraphs (B) and (J) of this paragraph, if the tax is imposed for a specific purpose and in a specified amount the tax shall terminate when the amount specified in the proposition approved by the electors is collected. A city or town may agree to terminate the tax if the tax collected reaches the actual cost of the completed projects and the amount specified in the proposition exceeds the actual cost of the completed projects. In furtherance of the agreement, the department is authorized to act jointly with other states that are members of the agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

(b) The department of revenue is further authorized to take other actions reasonably required to implement the provisions set forth in this article. Other actions authorized by this section include, but are not limited to, the adoption of rules and regulations and the joint procurement, with other member states, of goods and services in furtherance of the cooperative agreement.

(c) The director of the department or the director's designee, the chairman of the senate revenue committee or his designee and the chairman of the house revenue committee or his designee are authorized to represent this state before the other states that are signatories to the agreement.

(iv) Central registration. The agreement shall provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states;

(v) No nexus attribution. The agreement shall provide that registration with the central registration system and the collection of sales and use taxes in the signatory states will not be used as a factor in determining whether the seller has nexus with a state for any tax;

(A) Restricting and eliminating variances between the state and local tax bases;

In the absence of probable cause to believe that the seller has committed fraud or made a material

misrepresentation, the seller shall not be subject to any audit on the transaction processed by the certified service provider. A seller shall be subject to audit for any transaction not processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

(c) A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system shall remain responsible and is liable to the state for reporting and remitting tax.

ARTICLE 5 - SALES FROM REMOTE SELLERS

39-15-501. Sales from remote sellers.

(a) Notwithstanding any other provision of law, any seller of tangible personal property, admissions or services which are subject to taxation under chapter 15 or 16 of this title who does not have a physical presence in this state shall remit sales tax and follow all applicable procedures and requirements of this chapter as if the seller had a physical presence in this state once the seller meets the following requirements for the current calendar year or the immediately preceding calendar year:

(ii) Repealed by Laws 2024, ch. 67, § 2.

declaratory judgment that the obligation of the seller to remit sales tax under subsection (a) of this section is applicable and valid under state and federal law.

(c) The filing of a declaratory judgment action under subsection (b) of this section operates as an injunction during the pendency of the action prohibiting the department or any other state entity from enforcing the obligation in subsection (a) of this section against any seller who does not affirmatively consent or otherwise remit sales tax on a voluntary basis.

(d) If a court has entered a judgment against a seller or otherwise lifted or dissolved an injunction under this section, the department shall assess and apply the obligation under subsection (a) of this section from the date the judgment is entered or the injunction is lifted with respect to that seller.

(e) A seller complying with this section voluntarily or pursuant to an action brought under this section may seek a recovery of taxes, penalties or interest by following the procedures established in this chapter. No claim for a refund or recovery of taxes, penalties or interest shall be granted on the basis that the seller lacked a physical presence in this state and complied with this section voluntarily while under the protection of an injunction granted under this section. Nothing in this subsection shall limit the ability of a seller to obtain a refund or recovery of taxes, penalties or interest for any other reason including mistake of fact or a miscalculation of the applicable tax.

(f) No seller who remits sales tax voluntarily or otherwise under this section shall be liable to any person who claims that the sales tax has been over collected if any provision of this act is later deemed unlawful.

(i) The marketplace facilitator makes on its own behalf; and

(ii) The marketplace facilitator facilitates on behalf of all marketplace sellers to customers in Wyoming. The marketplace facilitator shall collect and remit sales tax on sales facilitated by the marketplace facilitator and sold into Wyoming regardless of whether the marketplace seller has a sales tax permit or otherwise would have been required to collect sales tax if the sale had not been facilitated by the marketplace facilitator.

(c) If a marketplace facilitator fails to collect or remit sales tax under subsection (b) of this section due to incorrect or insufficient information provided by the marketplace seller, the marketplace facilitator shall be relieved of liability for that failure to collect or remit the tax provided that the relief under this subsection shall not exceed five percent (5%) of the total sales tax due from sales made or facilitated in this state by the marketplace facilitator. If a marketplace facilitator is relieved of liability under this subsection, the marketplace seller or the purchaser shall be liable for any amount of uncollected, unpaid or unremitted tax due.

(d) No relief under subsection (c) of this section shall be authorized for sales made by a marketplace seller who is affiliated with the marketplace facilitator. Entities are affiliated under this subsection if:

(ii) Both entities are subject to the control of a common entity that owns more than five percent (5%) of each of the entities.

(f) A class action shall not be maintained against a marketplace facilitator by or on behalf of purchasers arising from or in any way related to an overpayment of sales or use tax collected by the marketplace facilitator under this section, regardless of whether the action is characterized as a tax refund claim.

(g) As used in this section:

The audit shall be completed by the department of audit with final findings issued to the taxpayer or vendor within one (1) year of the date of the notice of engagement. This time limit may be extended only upon mutual agreement between the taxpayer or vendor and the department;

(ii) After receiving notice of an audit under this subsection, the taxpayer or vendor shall preserve all records and books necessary to determine the amount of tax due for the time period that is being audited;

(iii) Except as otherwise provided in this paragraph, audits shall encompass a time period not to exceed three (3) years immediately preceding the reporting period when the audit is engaged. The three (3) year limit shall not apply to an audit if:

banks in the United States. The interest rate on delinquent taxes shall be adjusted on January 1 of each year following the year in which the taxes first became delinquent. In no instance shall the delinquent tax rate be greater than eighteen percent (18%) from any sale made on or after July 1, 1994. Payment of the tax, penalty and interest imposed by this paragraph relieves the vendor from payment;

(iv) When the department has reason to believe the tax imposed by this article will be jeopardized by delay it shall immediately levy a jeopardy assessment which is immediately due and payable. If the jeopardy assessment is not paid within ten (10) days following notice thereof a delinquency

penalty and interest as imposed by paragraph (ii) of this subsection shall be added;

(vii) The department may bring an action to recover any delinquent taxes, penalty or interest in any appropriate court within three (3) years following the delinquency. In the case of an assessment created by an audit, the delinquency period is deemed to start thirty (30) days after the date the assessment letter is sent. Any Tax penalty and interest related to the audit assessment shall be calculated from the filing period during which the deficiency occurred. In such action a certificate by the department is prima facie evidence of the amount due;

(viii) Any person who violates W.S. 39-16-107(b) (i) or (vi) is guilty of a misdemeanor;

(ix) Any person who violates W.S. 39-16-102(c) is guilty of a misdemeanor;

(d) Liens. The following shall apply:

(i) Any tax due under this article constitutes a debt to the state from the persons who are parties to the transaction and is a lien from the date due on all the property of those persons. The tax lien shall have preference over all liens

except any valid mortgage or other liens of record filed or recorded prior to the date the tax became due. When the tax is collected by a retailer or his agent, the tax lien has the same status as sales tax liens under W.S. 39-15-108(d) (i);

The notice shall contain a description of the property to be sold, a statement of the entire amount due, the name of the delinquent taxpayer and a statement that unless the amount due is paid on or before the time of sale, the property or so much thereof as necessary shall be sold. The department, with board approval, shall give the purchaser a bill of sale for personal property or a deed for real property purchased at the sale. Any unsold property seized may be left at the sale at the risk of the delinquent taxpayer. If the monies received at the sale are in excess of the amount

due the excess shall be given to the delinquent taxpayer upon his receipt therefor. If a receipt by the delinquent taxpayer is not given the department shall deposit the excess with the state treasurer as trustee for the delinquent taxpayer.

For good cause shown, the court to which the decision of the board is appealed may stay enforcement of the board's order assessing and levying the tax during the pendency of the appeal. The court's stay of enforcement shall not affect the accruing of interest upon any assessment and levy.

If a vendor erroneously collects taxes from a taxpayer and remits those taxes to the department, the vendor may seek a refund or credit against subsequent tax liability only after the vendor has refunded the erroneously collected tax to the taxpayer that originally paid the tax to the vendor. If the taxpayer that originally paid the tax to the vendor cannot be identified, the tax shall not be refunded or credited to the vendor. No credit or refund shall be allowed after three (3) years from the date of overpayment. The receipt of a claim for a refund by the department shall toll the statute of limitations. All refund requests received by the department of revenue shall be approved or denied within ninety (90) days of receipt, provided that referral of a refund request by the department of revenue to the department of audit shall toll the ninety (90) day period pending the outcome of the audit process. Any refund or credit erroneously made or allowed may be recovered in an action brought by the attorney general in a court of competent jurisdiction in Laramie county, Wyoming.

(d) Credits. The following shall apply:

(i) Any tax, penalty or interest which has been erroneously paid, computed or remitted to the department by a vendor shall on department approval be credited against any subsequent liability from the payee or may be refunded. If a vendor erroneously collects taxes from a taxpayer and remits those taxes to the department, the vendor may seek a credit against subsequent tax liability or a refund only after the vendor has refunded the erroneously collected tax to the taxpayer that originally paid the tax to the vendor. If the taxpayer that originally paid the tax to the vendor cannot be identified, the tax shall not be credited or refunded to the vendor. Any refund or credit erroneously made or allowed may be recovered in an action brought by the attorney general in a court of competent jurisdiction in Laramie county, Wyoming;

(ii) The taxpayer or vendor is entitled to receive an offsetting credit for any overpaid excise tax identified by an audit that is within the scope of the audit period, without regard to the limitation period for requesting refunds. This paragraph shall not apply to any tax which was erroneously collected from a taxpayer and remitted by a vendor unless the auditor can determine that the erroneously collected taxes have been refunded to the taxpayer that originally paid the tax to the vendor;

(iii) The department shall allow a credit for sales tax legally imposed and paid to another state on a purchase equal to but not exceeding the liability for use tax under this article on that purchase. The department may require that any claim for a credit be substantiated in writing showing the sales tax paid.

(e) Redemption. There are no specific applicable provisions for redemption for this article.

(f) Escrow. There are no specific applicable provisions for escrow for this article.

39-16-110. Statute of limitations.

(a) Every vendor and person storing, using or consuming tangible personal property in this state shall preserve within this state for three (3) years suitable records and books as may be necessary to determine the amount of tax for which he is liable under the provisions of this article, together with invoices and books showing all merchandise purchased. All

records, books and invoices shall be available for examination by the department during regular business hours except as arranged by mutual consent.

(b) No credit or refund shall be allowed after three (3) years from the date of overpayment. The receipt of a claim for a refund by the department shall toll the statute of limitations. All refund requests received by the department shall be approved or denied within ninety (90) days of receipt.

39-16-111. Distribution.

(a) License fees and interest collected by the department pursuant to this article shall be transferred to the state treasurer who shall credit them to the general fund. All penalties collected by the department under this article shall be paid to the state treasurer and credited as provided in W.S. 8-1-109, except the total sum of penalties collected by the department and paid to the state treasurer shall be allocated based upon the ratio of each county's population to the population of the state.

(b) Revenues earned under this article during each fiscal year shall be recognized as revenue during that fiscal year for accounting purposes. Revenue collected by the department from the taxes imposed by this article shall be transferred to the state treasurer who shall, as specified by the department:

(i) Credit sixty-nine percent (69%) for deposit by the state treasurer to the general fund except as provided by subsections (d) and (e) of this section and less any credit allowed pursuant to W.S. 39-16-107(b)(viii);

(ii) Deduct from the remaining share, one percent (1%) to cover all administrative expenses and costs attributable to the remaining share and credit for deposit by the state treasurer into the general fund for that amount;

(iii) From the remaining share, until June 30, 2004, deduct an amount equivalent to one-half percent (0.5%) and thereafter deduct an amount equivalent to one percent (1%) of the tax collected under W.S. 39-16-104. From this amount, the department shall distribute until June 30, 2004, five thousand dollars (\$5,000.00) and thereafter ten thousand dollars (\$10,000.00) annually to each county in equal monthly installments and then distribute the remainder to each county in the proportion that the total population of the county bears to

the total population of the state. The remainder shall then be paid monthly to the treasurers of the counties, cities and towns for payment into their respective general funds. The percentage of the remainder that will be distributed to each county and its cities and towns will be determined by computing the percentage that net use taxes collected attributable to vendors in each county including its cities and towns bear to total net use taxes collected of vendors in all counties including their cities and towns. The distribution shall be as follows:

(A) To each county in the proportion that the population of the county situated outside the corporate limits of its cities and towns bears to the total population of the county including cities and towns;

(B) To each city and town within the county in the proportion the population of the city or town bears to the population of the county.

(c) In addition to the distribution in subsection (b) of this section, until June 30, 2004, twenty-nine and one-half percent (29.5%) and thereafter thirty-one percent (31%) of use taxes accruing from out-of-state vendors shall be distributed to counties, cities and towns in the same percentage as determined in paragraph (b)(iii) of this section.

(d) If any person commences after the effective date of this act to construct an industrial facility, as that term is defined in W.S. 35-12-102, under a permit issued pursuant to W.S. 35-12-106, or if the federal or state government commences to construct any project within this state with an estimated construction cost as specified in the definition of industrial facility in W.S. 35-12-102 the department of revenue shall thereafter pay to the county treasurer and the county treasurer will distribute to the county, cities and towns of that county in which the industrial facility or project is located, impact assistance payments from the monies available under paragraph (b)(i) of this section. Each payment to the county treasurer shall be equal to an amount determined by the industrial siting council under this subsection and shall continue during the period of construction except that in the case of an industrial facility or a federal or state government project which is expected to continue in phases for an indefinite period of time, the department of revenue shall discontinue payments under this section when construction of any phase has ceased or been substantially completed for twelve (12) consecutive months. The person constructing the industrial facility and the counties

affected by the construction of the industrial facility shall provide evidence at the public hearing held pursuant to W.S. 35-12-110(f)(i) of the mitigated and unmitigated impacts that the construction will have on the counties, cities and towns determined by the industrial siting council to be affected by the construction of the industrial facility. The industrial siting council shall review the evidence of the impacts and determine, applying a preponderance of evidence standard, the dollar amount of the unmitigated impacts. The council shall state, in the order issued under W.S. 35-12-113(a), the total dollar amount of the impact assistance payment and include specific findings of fact detailing the basis for the total dollar amount determination and if requested by the affected county, city or town, its justification for rejecting, in whole or in part, an application for an impact assistance payment. The impact assistance payment shall be distributed by the department of revenue in an amount and on a schedule determined by the council, based on evidence presented at the hearing. Under no circumstances shall the total dollar amount of the impact assistance payment exceed the maximum allowable percentage specified in this subsection of the total estimated material costs of the facility, as those costs are determined by the council. The maximum allowable percentage shall be two and twenty-five hundredths percent (2.25%) for facilities with total estimated materials costs of three hundred fifty million dollars (\$350,000,000.00) or less except as otherwise provided in this subsection, two percent (2%) for facilities with total estimated materials costs in excess of three hundred fifty million dollars (\$350,000,000.00) but less than eight hundred fifty million dollars (\$850,000,000.00) and one and one-half percent (1.50%) for facilities with total estimated materials costs of eight hundred fifty million dollars (\$850,000,000.00) or more. For facilities with total estimated materials costs of three hundred fifty million dollars (\$350,000,000.00) or less, the council may increase the maximum allowable percentage to not more than two and seventy-six hundredths percent (2.76%) if the council includes in the specific findings required under this subsection that the maximum allowable percentage of two and twenty-five hundredths percent (2.25%) is insufficient to mitigate the identified impacts. The council shall submit a report to the joint appropriations committee and the joint minerals, business and economic development interim committee not later than ten (10) business days after increasing the maximum allowable percentage as specified in this subsection, including data to support the increase. The impact assistance payments shall be distributed to the county treasurer and the county treasurer will distribute to the county and to the cities and towns

therein based on a ratio established by the industrial siting council during a public hearing held in accordance with W.S. 35-12-110(f) (i). In determining the distribution ratio, the industrial siting council may consider the extent and location of the unmitigated impacts, the populations of the affected counties, cities and towns, including any disproportionate impacts on smaller communities, and any other equitable factor. The industrial siting council shall review the distribution ratio for construction projects on a regular basis and make appropriate adjustments. A governing body which is primarily affected by the facility, or any person issued a permit pursuant to W.S. 35-12-106, may petition the industrial siting council for review and adjustment of the distribution ratio or the amount of the impact assistance payment upon a showing of good cause. The impact assistance payment shall be in addition to all other distributions under this section, but no impact assistance payment shall be made for any period in which the county or counties are not imposing at least a one percent (1%) tax authorized by W.S. 39-15-204(a) (i) and 39-16-204(a) (i) or at least a total of a two percent (2%) sales tax authorized under W.S. 39-15-204(a) (i), (iii) and (vi) and at least a total of a two percent (2%) use tax authorized under W.S. 39-16-204(a) (i), (ii) and (v). For purposes of this subsection, the industrial facility or federal or state government project will be deemed to be located in the county in which a majority of the construction costs will be expended, provided that upon a request from the county commissioners of an adjoining county to the industrial siting council, the council may determine that the social and economic impacts from construction of the industrial facility or federal or state government project upon the adjoining county are significant and establish the ratio of impacts between the counties and certify that ratio to the department of revenue who will thereafter distribute the impact assistance payment to the counties pursuant to that ratio. Each county, city and town that receives a distribution under this subsection shall provide an annual report to the industrial siting council describing how the impact assistance payment was expended. The report shall first be submitted not later than one (1) year after the impact assistance payment is approved and annually each year thereafter for the duration in which distributions are made and until all distributions are expended. The industrial siting council shall adopt rules as necessary to implement this subsection.

(e) As used in subsection (d) of this section:

(i) "Period of construction" begins at the commencement of construction and ends when the physical components of the industrial facility or federal or state government project are ninety percent (90%) complete, and provided, if payments are already being made under this act, commencement of construction of another industrial facility or federal or state government project will not be considered for purposes of establishing a new impact assistance payment amount or determining when payments will commence under this act, but will only be considered for determining when the period of construction ends;

(ii) Repealed by Laws 2015, ch. 107, § 2.

(iii) "Unmitigated impact" means as defined by W.S. 39-15-111(d) (iii).

(f) Vendors shall annually provide the department information indicating the amount of tax under this article collected from purchases of propane, butane, liquefied gas and compressed natural gas. Upon verification by the department, the state treasurer shall annually transfer from the revenues deposited pursuant to paragraph (b) (i) of this section to the state highway fund ten percent (10%) of the amount collected under this article on purchases of propane, butane, liquefied gas and compressed natural gas. This transfer of revenue replaces highway revenues existing prior to the enactment of this act.

(g) Repealed By Laws 2007, Ch. 140, § 2.

(h) Taxes collected under subsections W.S. 39-16-107(b) (ii) and (iii) of this section shall be remitted in full by the county treasurer to the department monthly or as required by the department together with reports as required by the department. County treasurers shall be reimbursed monthly in an amount equal to five percent (5%) of the amount remitted to the department in the preceding month for deposit into the county general fund.

(j) Repealed By Laws 1999, ch. 54, § 2.

(k) Repealed By Laws 1999, ch. 54, § 2.

(m) Repealed By Laws 1999, ch. 54, § 2.

(n) Repealed By Laws 1999, ch. 54, § 2.

(o) Repealed By Laws 1999, ch. 54, § 2.

(p) The funds collected and remitted to the department under W.S. 39-16-107(b)(ii) and (iii) for use taxes imposed under W.S. 39-16-104 and transferred under W.S. 39-16-111(b)(i) and (ii) on sales of motor vehicles and trailers during each fiscal year beginning July 1, 2025 are appropriated annually to the highway fund for the operation, maintenance, construction and reconstruction of state highways. The department of revenue shall credit the highway fund the specified amounts no later than ninety (90) days after the end of the fiscal year.

ARTICLE 2 - LOCAL USE TAX

39-16-201. Definitions.

(a) Repealed by Laws 2019, ch. 186, § 2.

(b) Definitions under article 1 of this chapter apply to this article unless otherwise specified.

39-16-202. Administration.

(a) The state preempts the field of imposing tax upon sales and storage, use and consumption of tangible personal property as provided by this article. No county, city, town or other political subdivision may impose, levy or collect taxes upon sales or storage, use or consumption of tangible personal property except as provided in this section.

(b) In addition to the state tax imposed under article 1 of this chapter a county or a resort district may impose excise taxes as specified under this article.

(c) Whenever a county or resort district imposes an excise tax on retail sales of tangible personal property, admissions and services made within the county or resort district pursuant to article 2, chapter 15 of this title, the county or resort district shall also impose an excise tax at the same rate on sales made in the county or resort district and storage, use and consumption of tangible personal property in the county or resort district. The purpose of the tax is for general revenue.

(d) No tax shall be imposed under subsection (c) of this section unless the requirements of W.S. 39-16-203 have been satisfied. Satisfaction of the requirements of W.S. 39-16-203

authorizes and requires the imposition of an excise tax under this section at the same rate as the excise tax under article 2 of this chapter.

(e) A county imposing a sales tax pursuant to W.S. 39-15-203(a)(iii), or a resort district imposing a sales tax pursuant to W.S. 39-15-203(a)(iv), is authorized and required to impose a corresponding use tax at the same rate and for the same period of time as for the sales tax.

(f) The administration of the county or resort district use taxes is vested in the department which may prescribe forms and rules and regulations for making returns and for the ascertainment, assessment and collection of the taxes. The department shall keep complete records of all monies received and disbursed by it.

(g) No applicant to the state of Wyoming for grant or loan funds shall be penalized for failure to enact the tax provided in W.S. 39-16-204(a)(ii).

39-16-203. Imposition.

(a) Taxable event. The following shall apply:

(i) The following provisions apply to imposition of the general purpose excise tax under W.S. 39-16-204(a)(i):

(A) Except as provided by subparagraph (F) of this paragraph, no tax shall be imposed under W.S. 39-16-204(a)(i) until the proposition to impose the taxes is submitted to the vote of the qualified electors of the county, and a majority of those casting their ballots vote in favor of imposing the taxes. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the limitations specified in W.S. 39-16-204(a)(i) and (iii). A county may impose both taxes authorized in W.S. 39-16-204(a)(i) and (ii), but the proposition to impose each tax also shall be individually stated and voted upon. Except as otherwise provided, excise taxes imposed under this paragraph shall commence as provided by W.S. 39-16-207(c) following the election approving the imposition of the tax;

(B) The proposition to impose an excise tax shall be at the expense of the county and be submitted to the

electors of the county upon the receipt by the board of county commissioners of a petition requesting the election signed by at least five percent (5%) of the electors of the county or of a resolution approving the proposition from the governing body of the county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county. If proposed by petition by electors, the number of electors required shall be determined by the number of votes cast at the last general election. The election shall be at the direction and under the supervision of the board of county commissioners;

(C) The proposition may be submitted at an election held on a date authorized under W.S. 22-21-103. A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held, and the notice shall specify the object of the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election the ballots shall contain the words "for the county sales and use tax" and "against the county sales and use tax". If a portion of the proceeds from the tax will be used for economic development as provided by W.S. 39-16-211(a)(i), the ballot shall contain the words "a portion (or specific percentage) of the proceeds will be used for economic development" in a clear and appropriate manner. If the proposition is approved the same proposition shall be submitted at subsequent general elections as provided in this subparagraph until the proposition is defeated. If the tax proposed is approved after July 1, 1989, the same proposition shall be submitted at every other subsequent general election until the proposition is defeated. However in those counties where the tax is not in effect, the county commissioners with the concurrence of the governing bodies of fifty percent (50%) of the municipalities may establish the initial term of the tax at four (4) years. The term of the tax shall be stated in the proposition submitted to the voters. If a proposition establishing the term of the tax at four (4) years is approved, the proposition shall be submitted at the second general election following the election at which the proposition was initially approved and at the general election held every four (4) years thereafter until the proposition is defeated;

(D) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the county for at least eleven (11) months. If the proposition is defeated at any general election following initial adoption of the proposition the tax is repealed and

shall not be collected following June 30 of the year immediately following the year in which the proposition is defeated except:

(I) If the proposition was for less than the full amount authorized in W.S. 39-16-204(a)(i), this subparagraph shall not prohibit a separate proposition for the remaining authorized amount of the tax as provided in subparagraph (A) of this paragraph;

(II) If the proposition was to increase the amount of the tax originally adopted by the electors, the defeat of the proposition to increase the amount of the tax shall not repeal the proposition originally adopted by the electors.

(E) If the proposition is approved by the qualified electors or under subparagraph (F) of this paragraph, the board of county commissioners shall by ordinance impose an excise tax upon services and upon sales and storage, use and consumption of tangible personal property. The board of county commissioners shall adopt an ordinance for the tax authorized by W.S. 39-16-204(a)(i). The ordinance shall include the following:

(I) A provision imposing an excise tax upon every retail sale of tangible personal property, admissions and services made within the county and upon sales made within the county and storage, use and consumption of tangible personal property in the county at the rate approved by the electors or under subparagraph (F) of this paragraph, whichever is appropriate;

(II) Provisions identical to those contained in article 1 of this chapter, insofar as it relates to use taxes, except the name of the county as the taxing agency shall be substituted for that of the state and an additional license to engage in business shall not be required if the vendor has been issued a state license pursuant to law;

(III) A provision that any amendments made to article 1 or to chapter 15 not in conflict with article 1 of this chapter or to chapter 15 shall automatically become a part of the sales tax ordinances of the county;

(IV) A provision that the county shall contract with the department prior to the effective date of the county use tax ordinances whereby the department shall perform all functions incident to the administration of the use tax ordinances of the county, city or town;

(V) A provision that the amount subject to the tax shall not include the amount of any sales or use tax imposed by the state of Wyoming.

(F) In lieu of the requirements of subparagraph (C) of this paragraph providing for the submission of the proposition at subsequent elections, the tax authorized under W.S. 39-16-204(a)(i) may be continued by an election or by a resolution as provided in this subparagraph. For the tax to be continued by an election, the county commissioners, with the concurrence of the governing bodies of fifty percent (50%) of the municipalities, shall submit a proposition to the voters establishing the term of the tax as permanent. The proposition under this subparagraph shall be submitted in the same manner as a proposition to impose the tax under subparagraph (C) of this paragraph provided that the proposition shall be submitted as a separate question at the same election with a proposition to impose or continue the tax under subparagraph (C) of this paragraph. The tax may be continued by resolution, subject to the following terms and conditions:

(I) The tax shall be initially imposed following approval of the electorate in accordance with subparagraphs (B) and (C) of this paragraph;

(II) The tax shall be continued if favorably supported by a resolution adopted by the governing body of the county and by ordinances adopted by the governing bodies of at least a majority of the incorporated municipalities within the county;

(III) Ordinances under this subparagraph shall conform with subdivisions (E)(I) through (V) of this paragraph;

(IV) Excise taxes shall be continued under this subparagraph only if the county clerk has certified to the county treasurer that a sufficient number of ordinances or resolutions to continue the tax under this subparagraph have been adopted at least ninety (90) days prior to the election to determine the continuation of the tax. Within five (5) days of receipt of such certification from the county clerk, the county treasurer shall notify the department of revenue of this tax. If the tax is not continued pursuant to this subparagraph it shall be subject to the provisions of subparagraph (C) of this paragraph for continuation;

(V) The tax may be terminated in the same manner as it was continued under subdivisions (II) and (IV) of this subparagraph except that ordinances and resolutions shall be for the rescinding of the tax. If the tax is continued under subdivisions (II) and (IV) of this subparagraph, it may also be terminated by an election to rescind the tax conducted subject to subparagraphs (B) through (D) of this paragraph.

(ii) The following provisions apply to imposition of the specific purpose excise tax under W.S. 39-16-204(a) (ii):

(A) Before any proposition to impose the tax or incur the debt shall be placed before the electors, the governing body of a county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county shall adopt a resolution approving the proposition, setting forth a procedure for qualification of a ballot question for placement on the ballot and specifying how excess funds shall be expended;

(B) The revenue from the tax shall be used in a specified amount for specific purposes authorized by the qualified electors. Specific purposes may include one (1) time major maintenance, renovation or reconstruction of a specifically defined section of a public roadway and may include, in conjunction with another specific purpose, funding a reserve account as provided in subparagraph (H) of this paragraph. Specific purposes shall not include ordinary operations of local government except those operations related to a specific project or as authorized by subparagraph (H) of this paragraph;

(C) No tax shall be imposed under this subsection until the proposition to impose the tax for specific purposes in specific amounts is approved by the vote of the majority of the qualified electors voting on the proposition. The amount of revenue to be collected and the purpose or purposes for which it is proposed to be used shall be specified in the proposition. The election shall be held in accordance with W.S. 22-21-101 through 22-21-112. Any debt created may also be repaid, in whole or in part, by a property tax levy if general obligation bonds are authorized by the electors. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the

limitations specified in W.S. 39-16-204(a)(ii) and (iii). Provided, any excise tax imposed under this subsection shall commence as provided by W.S. 39-16-207(c) following the election approving the imposition of the tax, except that it shall commence on the first day of any subsequent month following the receipt of tax funds in the approved amount by any tax previously imposed under this subsection as provided by subparagraph (E) of this paragraph. Unless terminated earlier by the sponsoring entities pursuant to subparagraph (G) of this paragraph, the relevant portion of the tax shall terminate as provided by W.S. 39-16-207(c) when the amount approved by the electors is collected;

(D) No debt may be incurred or approved which when added to the existing indebtedness of the sponsoring entity or entities, would exceed the constitutional debt limitation of the sponsoring entity or entities. However, nothing herein prohibits the approval of a proposition which establishes a fund for accumulation of funds sufficient to carry out the purpose approved or to pay a sufficient amount of the cost so as to bring the remainder of the debt within the debt limitation of the sponsoring entity or entities;

(E) Upon certification of the election results by the county clerk to the treasurer, the county treasurer shall, within ten (10) days, notify the department of revenue of the requirement for imposition of any tax under this subsection and shall, upon the estimated collection of all tax funds in the amount approved, notify the department of revenue that the special sales tax levy is terminated. When determining the point in time in which to terminate the tax, the county treasurer in consultation with the department shall estimate future receipts of tax collections to minimize excess collection. The county treasurer shall make his best effort to ensure that sufficient money is collected while minimizing any excess collection. In no event shall the action or inaction of the county treasurer or the department be deemed to prohibit the collection of the full amount of the tax approved by the voters. The department of revenue shall, upon notification, inform all holders of sales and use tax licenses within the county of the requirement for the collection and payment of the additional tax. After receipt of notice that the amount has been collected or that the sponsoring entities have terminated the tax pursuant to subparagraph (G) of this paragraph, the department shall notify the license holders of the termination of the tax;

(F) The first county imposing the tax provided by this act shall be responsible for payment of costs incurred by the department to initially set up computer records and support systems for administration of this tax. These costs shall be withheld by the department from the proceeds to be distributed pursuant to the preceding paragraph until such costs are fully recovered;

(G) The sponsoring entities may agree to terminate the tax if the tax collected reaches the actual cost of the completed projects and the amount specified in the proposition exceeds the actual cost of the completed projects. The sponsoring entities shall inform the department of revenue and the county treasurer that the tax is terminated;

(H) If approved in the resolution adopted pursuant to subparagraph (A) of this paragraph and approved by the qualified electors pursuant to subparagraph (C) of this paragraph, a specified amount of revenue from the tax or the tax revenue from a specified period not to exceed the specified amount may be deposited into a reserve account. Funds in the reserve account may be invested as provided in W.S. 9-4-831 and may be expended for specific purposes previously authorized under this paragraph and for the ordinary operations of local government. A reserve account under this paragraph may be designated as a maintenance and sinking fund for a specific project or projects and the earnings and principal amount in the fund may be expended for the applicable project or projects. A reserve account under this paragraph may be designated as an inviolate account to constitute a permanent or perpetual trust fund which shall be invested in a manner to obtain the highest return possible consistent with preservation of the corpus. Any earnings from investment of the corpus of a permanent or perpetual trust fund designated under this subsection shall be deposited in a separate account and may be expended as authorized in this subparagraph.

(iii) The following provisions apply to imposition of the resort district excise tax under W.S. 39-16-204(a) (iv):

(A) The tax shall be imposed if favorably supported by a resolution adopted by the board of the resort district and approved by a majority of the district voters under W.S. 18-16-119. If a resort district seeks to increase a tax rate previously approved by the district voters that increase shall be separately proposed and voted upon, provided that the

total amount of the separate propositions is subject to the limitations specified in W.S. 39-16-204(a)(iv);

(B) The tax may be terminated by a resolution to rescind the tax adopted by the board of the resort district.

(iv) The following provisions apply to imposition of the excise tax under W.S. 39-16-204(a)(v) the purpose of which is economic development:

(A) No tax shall be imposed under W.S. 39-16-204(a)(v) until the proposition to impose the tax is submitted to the vote of the qualified electors of the county, and a majority of those casting their ballots vote in favor of imposing the taxes. If a county seeks to increase a tax rate previously approved by the qualified electors of the county that increase shall be separately proposed and voted upon, provided that the total amount of the separate propositions is subject to the limitations specified in W.S. 39-16-204(a)(iii) and (v). Except as otherwise provided, excise taxes imposed under this paragraph shall commence as provided by W.S. 39-16-207 following the election approving the imposition of the tax;

(B) The proposition to impose an excise tax shall be at the expense of the county and be submitted to the electors of the county upon the receipt by the board of county commissioners of a petition requesting the election signed by at least five percent (5%) of the electors of the county or of a resolution approving the proposition from the governing body of the county and the governing bodies of at least fifty percent (50%) of the incorporated municipalities within the county. If proposed by petition by electors, the number of electors required shall be determined by the number of votes cast at the last general election. The election shall be at the direction and under the supervision of the board of county commissioners;

(C) The proposition may be submitted at an election held on a date authorized under W.S. 22-21-103. A notice of election shall be given in at least one (1) newspaper of general circulation published in the county in which the election is to be held, and the notice shall specify the object of the election. The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election the ballots shall contain the words "for the county sales and use tax for economic development" and "against the county sales and use tax for economic development". If the tax proposed is approved the same proposition shall be submitted

at every other subsequent general election until the proposition is defeated. The purpose of the tax and the maximum estimated amount of revenue to be collected shall be specified in the proposition. The election shall be held in accordance with W.S. 22-21-101 through 22-21-112. Any excise tax imposed under this paragraph shall commence as provided by W.S. 39-16-207(c) following the election approving the imposition of the tax;

The notice shall be published at least once each week for a thirty (30) day period preceding the election. At the election for each proposition, the ballots shall contain the words "for the municipal sales and use tax" and "against the municipal sales and use tax". The ballot shall describe the purposes of the tax in a clear and appropriate manner;

(F) If the proposition to impose or continue the tax is defeated the proposition shall not again be submitted to the electors of the city or town for at least eleven (11) months. (V) A provision that the amount subject to the use tax shall not include the amount of any use tax imposed by the state of Wyoming.

(H) Subject to subparagraphs (B) and (J) of this paragraph, if the tax is imposed for a specific purpose and in a specified amount the tax shall terminate when the amount specified in the proposition approved by the electors is collected. A city or town may agree to terminate the tax if the tax collected reaches the actual cost of the completed projects and the amount specified in the proposition exceeds the actual cost of the completed projects. A city or town shall inform the department that a tax is terminated;

(J) If a county has not imposed taxes under W.S. 39-16-204(a)(i) and 39-16-204(a)(ii) as provided in subparagraph (B) of this paragraph,, the board of county commissioners may adopt a resolution to authorize cities and towns within the county to propose a municipal tax under this paragraph. The amounts computed shall be credited to a separate account to be expended by the department of state parks and cultural resources to improve snowmobile trails in Wyoming;

(iii) Deduct an amount collected on fuel used in motorboats, computed by multiplying the number of motorboats numbered during the current fiscal year under W.S. 41-13-102 plus the number of nonresident motorboats for which aquatic invasive species fees have been paid during the immediately preceding fiscal year in accordance with W.S. 23-4-204 times twenty-eight dollars and seventy-five cents (\$28.75). The amount computed shall be credited to a separate account to be expended by the department of state parks and cultural resources to improve, construct, maintain, operate and ensure the safety of facilities for use by motorboats and motorboat users at state parks and state recreation areas and to provide grants to governmental entities for improvement, construction, maintenance, operation and ensuring the safety of publicly owned boating facilities at public parks and recreational facilities;

(iv) Deduct an amount collected on fuel used in off-road recreational vehicles, computed by multiplying the number of off-road recreational vehicles for which user registration fees have been paid during the current fiscal year under W.S. 31-2-703(a) times eighteen dollars and forty cents (\$18.40). The amount computed shall be credited to a separate account to be expended by the department of state parks and cultural resources to improve off-road recreational vehicle trails in Wyoming.

(d) After crediting the amounts provided by subsection (c) of this section, the department shall deposit the balance of taxes collected under this article into the accounts within the state highway fund created under this subsection, with receipt and acknowledgement submitted to the state treasurer, as follows:

(i) Thirteen and one-half percent (13.5%) shall be distributed monthly to county treasurers. Each county treasurer shall credit such revenues to the county road fund for the improvement and maintenance of county roads. The distribution to each county shall be based on:

(A) One-third (1/3) in the ratio in which the area of the county bears to the total area of the state;

(B) One-third (1/3) in the ratio in which the rural population including the population within the cities and towns with less than one thousand four hundred (1,400) bears to the total rural population of the state;

(C) One-third (1/3) in the ratio in which the assessed valuation of the county bears to the last total assessed valuation of the state.

(ii) Fourteen percent (14%) shall be credited to the county treasurers of the various counties for their road construction funds, except that an amount equal to the contribution required of the counties for the cost of the university's technology transfer program under W.S. 21-17-115(a)(ii) or thirty-one thousand two hundred fifty dollars (\$31,250.00), whichever is less shall be first distributed to the highway fund, plus an amount not to exceed one hundred fifty thousand dollars (\$150,000.00) per year shall first be distributed to the highway fund for the University of Wyoming technology transfer program's county road inventory program. Each county treasurer shall credit the revenues to the road construction fund in that county. The department shall allocate to each county a share based fifty percent (50%) upon the ratio which the rural population of each county including the population within the cities and towns with less than one thousand four hundred (1,400) bears to the total rural population of the state and fifty percent (50%) based on the ratio which the area of the county bears to the total area of the state. Any interest earned on invested funds allocated to counties shall be retained by each county and shall be used for project costs as provided by W.S. 24-2-110(a);

(iii) Fifteen percent (15%) shall be distributed as follows:

(A) To the highway fund, an amount equal to the contribution required of the cities and town for the cost of the university's technology transfer program under W.S. 21-17-115(a)(iii) or thirty-one thousand two hundred fifty dollars (\$31,250.00), whichever is less;

(B) The remainder to be distributed monthly to incorporated cities and towns to be used in their street and alley programs as follows:

(I) Seventy-five percent (75%) based on the taxes paid upon gasoline sold to and distributed by dealers located within each incorporated city and town;

(II) Twenty-five percent (25%) in the ratio which the population of each city or town bears to the total population of all cities and towns.

(iv) Fifty-seven and one-half percent (57.5%) to the state highway account. Any funds deposited to the highway fund under this paragraph which are attributable to the increase in fuel taxes authorized by 2013 Wyoming Session Laws, Chapter 49, Section 1 and effective July 1, 2013 shall be separately accounted for by the department of transportation. The department shall provide a comprehensive report on revenue and expenditures attributable to the 2013 increase to the joint appropriations interim committee and the joint transportation, highways and military affairs interim committee on or before November 15 of each year, from the effective date of this act through November 15, 2020.

(e) Repealed By Laws 2009, Ch. 170, § 2.

(f) All taxes collected under W.S. 39-17-104(a)(iii) shall be deposited into the state highway fund with receipt and acknowledgement submitted to the state treasurer. The provisions of this section shall not apply to the tax imposed by W.S. 39-17-104(a)(iii). Any refund for any overpayment of this one cent (\$.01) tax shall be taken from the taxes collected pursuant to W.S. 39-17-104(a)(iii).

The department shall promulgate rules and regulations consistent with the provisions hereof as provided by the Wyoming Administrative Procedure Act necessary to the enforcement of the provisions of this article. All tax records specified in this article are open to examination by the director of the state department of audit or his deputies.

(b) No state employee who by virtue of his employment has knowledge of the business affairs of any person filing or required to file any tax returns under this article shall make known its contents in any manner or permit any person to have access to any returns or information contained therein except as provided by law or in the following cases:

An agreement, declaration of amendment is not effective until stated in writing and filed with the department.

(e) An agreement may provide for determining the base jurisdiction for users, users records requirements, audit procedures, exchange of information, persons eligible for tax licensing, defining qualified motor vehicles, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of motor fuel taxes and penalties to another member jurisdiction, paying interest on certain refund requests and other provisions as will facilitate the administration of the agreement.

(f) The department may, as required by the terms of an agreement, forward to officers or agents of another jurisdiction any information in the department's possession relative to the manufacture, receipts, sale, use, transportation, or shipment of motor fuels by any person. The department may disclose to officers or agents of another member jurisdiction the location of officers, motor vehicles and other real and personal property of users of motor fuels.

For persons not based in this state

and who have taxable use of motor fuel in this state, the department may serve the audit findings received from another jurisdiction, in the form of an assessment, on the person as though an audit was conducted by the department.

(h) Any agreement entered into pursuant to this section does not preclude the department from auditing the records of any licensee under this chapter.

(ii) Repealed by Laws 2015, ch. 46, § 2.

(iii) A terminal operator or bulk plant operator may rely on the representation made by the purchaser of motor fuel or the purchaser's agent concerning the destination state of the motor fuel. A purchaser is liable for any tax due as a result of the purchaser's diversion of fuel from the represented destination state;

(iv) Any user not otherwise required to be licensed and report the tax levied pursuant to this section under the provisions of W.S. 39-17-207 or 39-17-206 shall be required to be licensed and report all taxes due under this section pursuant to the provisions of W.S. 39-17-206 and 39-17-207.

(b) Basis of tax. The following shall apply:

(i) The state of Wyoming preempts the field of imposing taxes upon sales and use of diesel fuels and no city, town or county may levy or collect taxes upon the sales or use of diesel fuels;

(ii) The taxes imposed on diesel fuel shall be conclusively presumed to be a direct tax on the ultimate or retail consumer. When taxes are paid by any person other than the ultimate or retail consumer, the payment shall be considered as precollected and as an advance payment for the purpose of convenience and facility to the consumer and shall thereafter be added to the price of the diesel fuel and recovered from the ultimate or retail consumer, regardless of where or how the taxable fuel is ultimately consumed;

(iii) When a supplier, distributor, refiner, importer or exporter imports diesel fuel into or exports diesel fuel from the state of Wyoming in the fuel supply tanks of motor vehicles, the amount of diesel fuel consumed in the vehicles on Wyoming highways shall be deemed to be the product of the total amount of the diesel fuel consumed in his entire operations within and without this state times the total number of miles traveled on the highways within this state divided by the total number of miles traveled within and without the state. In the absence of mileage records, the department may by rule promulgated pursuant to W.S. 39-17-202(a) adopt the mileage basis for determining the taxable use of diesel fuel used in those motor vehicles which travel regularly over prescribed courses on and off the highways within the state of Wyoming. In the absence of records showing the number of miles actually operated per gallon of diesel fuel consumed, it shall be presumed that not less than one (1) gallon of diesel fuel was consumed for every four (4) miles traveled;

(iv) A Wyoming licensed supplier, distributor, refiner or importer who is unable to recover the license taxes due from a bulk sale to a licensee who is other than an end-user and is not owned, rented or leased by the supplier, distributor, refiner or importer requesting the credit is not liable for the taxes and may credit the amount of unpaid taxes against a later remittance of taxes required under W.S. 39-17-204(a)(i). The department shall promulgate rules to implement this paragraph.

(c) Taxpayer. The following shall apply:

(i) The taxes imposed on motor fuel shall be conclusively presumed to be a direct tax on the ultimate or retail consumer. When taxes are paid by any person other than the ultimate or retail consumer, the payment shall be considered as precollected and as an advance payment for the purpose of convenience and facility to the consumer and shall thereafter be added to the price of the motor fuel and recovered from the

ultimate or retail consumer, regardless of where or how the taxable fuel is ultimately consumed;

(ii) A terminal operator, distributor or supplier may rely on the representation made by the purchaser of motor fuel or the purchaser's agent concerning the destination state of the motor fuel. A distributor or supplier is liable for any tax due as a result of the distributor's or supplier's diversion of fuel from the represented destination state;

(iii) Every person who sells or offers to sell to the retail trade diesel fuels for use in motor vehicles shall conspicuously display a sign stating the price per gallon including all applicable taxes. The provision of this paragraph shall not apply to key lock or card lock fuel dispensing systems.

39-17-204. Taxation rate.

(a) Except as otherwise provided by this section and W.S. 39-17-205, the total tax on diesel fuels shall be twenty-four cents (\$.24) per gallon. The rate shall be imposed as follows:

(i) There is levied and shall be collected a license tax of twenty-three cents (\$.23) per gallon on all diesel fuels used, sold or distributed for sale or use in this state;

(ii) In addition to the tax collected pursuant to paragraph (i) of this subsection, there is levied and shall be collected a license tax of one cent (\$.01) per gallon on all diesel fuels used, sold or distributed for sale or use in this state except for those fuels exempted in W.S. 39-17-205(b) and (e);

(iii) Notwithstanding paragraph (i) of this subsection, jet fuel sold for use in aircraft shall be taxed at four cents (\$.04) per gallon.

The exempt sales shall be reported on or before the last day of the month in a format required by the department. The sales reports are invalid if not submitted to the department within one (1) year following the date of sale.

(c) Exchanges or sales of diesel fuel between suppliers are exempt from the license tax under W.S. 39-17-204(a)(i). Diesel fuel directly exported, other than in the fuel supply tank of a motor vehicle, by a supplier is exempt from the license tax under W.S. 39-17-204(a)(i).

(a) Every supplier, refiner, distributor, terminal operator, importer or exporter shall annually obtain a diesel fuel tax license from the department to conduct business in this state for a fee of twenty-five dollars (\$25.00). The license is not transferable and is valid for one (1) year or unless revoked by the department upon proof of violation of any provision of this article or surrendered by the licensee. Before beginning business as a supplier, refiner, distributor, terminal operator, importer or exporter, a person shall file an application with the department on forms prescribed and furnished by the department containing the information specified therein.

(b) Every dealer shall annually obtain from the department a license to conduct business in the state. The application for the license shall state the

location of each place where diesel fuel is to be sold or offered for sale. The license shall be used only for one (1) specific location by the dealer in whose name it is issued and may be revoked by the department upon proof of violation of the provisions of this article. The dealer shall immediately return the license upon the sale or discontinuance of any licensed location. The license fee is twenty-five dollars (\$25.00) for each location.

(c) No person shall operate a commercial vehicle in Wyoming and in other jurisdictions unless the person has a valid international fuel tax agreement license and decals pursuant to W.S. 31-18-502 or a temporary permit under W.S. 31-18-201.

The licensee shall pay all taxes due under this article at the time the report is filed. If the tax on diesel fuel imported into this state in the fuel supply tanks of motor vehicles for taxable use on Wyoming highways can be more accurately determined on a mileage basis the department may approve and adopt that basis. In the absence of mileage records showing the number of miles actually operated per gallon of diesel fuel consumed, it shall be presumed that not less than one (1) gallon of diesel fuel was consumed for every four (4) miles traveled. The department shall by rule promulgated pursuant to W.S. 39-17-202(a) prescribe procedures under which a diesel fuel user who is entitled to at least a two hundred fifty dollar (\$250.00) refund of tax under this article for purchases and use of fuel in any calendar month may apply

for and receive the refund at any time after the last day of that month.

(g) Credit shall be given for tax paid on fuel purchased in Wyoming but not used in Wyoming and may be carried forward to succeeding reporting periods.

(h) Repealed by Laws 1998, ch. 51, § 3.

(II) Shall be payable not more than one (1) year after being deposited with the department.

(B) The department shall be given a first priority security interest in the certificate of deposit. The certificate of deposit shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for delinquent taxes, penalties and interest due under this article and the return of the license issued under this article. The entire amount of the certificate of deposit shall be forfeited to the state if the licensee practices any fraud, makes any fraudulent representation or violates any law relating to the conduct of the business for which he is licensed under this article;

(C) The certificate of deposit and related documents providing for the security interest and forfeiture shall be approved as to form by the Wyoming attorney general;

(D) The licensee shall pay all cost incurred by the department to perfect its security interest;

(E) Any interest earned on a certificate of deposit shall accrue to the licensee.

This credit may be claimed on the monthly tax return. A distributor or importer who does not own a bulk plant, but owns retail locations and distributes diesel to those locations only shall be entitled to the shrinkage credit on gross gallons of bulk diesel delivered.

39-17-302. Administration; confidentiality.

(a) The administration of this article is vested in the department which shall prescribe the reporting format and forms for the making of returns, and assessment and collection of license taxes and fees hereby imposed. The department shall promulgate rules and regulations consistent with the provisions

hereof as provided by the Wyoming Administrative Procedure Act necessary to the enforcement of the provisions of this article. All tax returns and records are open to examination by the director of the state department of audit or his deputies.

(b) No state employee who by virtue of his employment has knowledge of the business affairs of any person filing or required to file any tax returns under this article shall make known its contents in any manner or permit any person to have access to any returns or information contained therein except as provided by law or in the following cases:

(i) The delivery to the taxpayer or his legal representatives upon written request of a copy of any return or report in connection with his tax;

(ii) The publication of statistics so classified to prevent the identification of particular returns or reports;

(iii) The inspection by the attorney general of the report or return of any person who brings an action against the state, or against whom an action is contemplated or has been instituted;

(iv) The introduction into evidence of any report or return or information there from in any administrative or court proceeding to which the person making the report or return is a party;

(v) The furnishing of any information to the United States government and its territories, the District of Columbia, any state allowing similar privileges to the department or to the multistate tax commission for relay to tax officials of cooperating states. Information furnished shall be only for tax purposes;

(vi) The inspection of tax returns and records by the department of audit.

(c) Any person who violates subsection (b) of this section is guilty of a misdemeanor and upon conviction shall be fined not more than one thousand dollars (\$1,000.00), imprisoned for not more than one (1) year, or both.

(d) The department may enter into cooperative agreements with other jurisdictions, for the exchange of information and auditing of users of alternative fuels used in fleets of motor

vehicles operated or intended to operate interstate. An agreement or declaration of amendment is not effective until stated in writing and filed with the department.

(e) An agreement may provide for determining the base jurisdiction for users, users records requirements, audit procedures, exchange of information, persons eligible for tax licensing, defining qualified motor vehicles, determining if bonding is required, specifying reporting requirements and periods including defining uniform penalty and interest rates for late reporting, determining methods for collecting and forwarding of alternative fuel taxes and penalties to another member jurisdiction, paying interest on certain refund requests and other provisions as will facilitate the administration of the agreement.

(f) The department may, as required by the terms of an agreement, forward to officers or agents of another jurisdiction any information in the department's possession relative to the manufacture, receipts, sale, use, transportation or shipment of alternative fuels by any person. The department may disclose to officers or agents of another member jurisdiction the location of officers, motor vehicles and other real and personal property of users of alternative fuels.

(g) An agreement may provide for each member jurisdiction to audit the records of persons based in the jurisdiction to determine if the alternative fuel taxes due each jurisdiction are properly reported and paid. Each state shall forward the findings of the audits performed on persons based in the jurisdiction to each jurisdiction in which the person has taxable use of alternative fuels. For persons not based in this state and who have taxable use of alternative fuels in this state, the department may serve the audit findings received from another jurisdiction, in the form of an assessment, on the person as though an audit was conducted by the department.

(h) Any agreement entered into pursuant to this section does not preclude the department from auditing the records of any licensee under this chapter.

(j) If the department enters into any agreement under the authority of this section and the provisions set forth in the agreement are in conflict with any rules or regulations promulgated by the department, the agreement provisions prevail.

39-17-303. Imposition.

(a) Taxable event. The following shall apply:

(i) There is levied and shall be collected a license tax on all alternative fuel used, sold or distributed for sale or use in this state except for those fuels exempted under W.S. 39-17-305;

(ii) The tax imposed by W.S. 39-17-304(a)(iii) shall cease to be collected on the first day of the third month following the date the department of environmental quality notifies the director of the department of transportation that the balance of the corrective action account created by W.S. 35-11-1424 exceeds seventeen million dollars (\$17,000,000.00) and the environmental pollution financial responsibility account created by W.S. 35-11-1427 exceeds one million dollars (\$1,000,000.00). The tax shall again be collected beginning on the first day of the third month following the date the department of environmental quality notifies the director of the department of transportation that the balance of the corrective action account has fallen below eleven million dollars (\$11,000,000.00).

(b) Basis of tax. The following shall apply:

(i) The state of Wyoming preempts the field of imposing taxes upon sales of alternative fuels used to propel a motor vehicle and no city, town or county may levy or collect taxes upon the sales of alternative fuels to propel a motor vehicle;

(ii) The taxes imposed on alternative fuel shall be conclusively presumed to be a direct tax on the ultimate or retail consumer. When taxes are paid by any person other than the ultimate or retail consumer, the payment shall be considered as pre-collected and as an advance payment of the purpose of convenience and facility to the consumer and shall thereafter be added to the price of the alternative fuel and recovered from the ultimate or retail consumer, regardless of where or how the taxable fuel is ultimately consumed;

(iii) Any user not otherwise required to be licensed and report the tax levied pursuant to this section under the provisions of W.S. 39-17-306 or 39-17-307 shall be required to be licensed and report all taxes due under this section pursuant to the provisions of W.S. 39-17-306 and 39-17-307;

(iv) When a supplier, distributor, refiner, importer or exporter imports alternative fuel into or exports alternative fuel from the state of Wyoming in the fuel supply tanks of motor vehicles, the amount of alternative fuel consumed in the vehicles on Wyoming highways shall be deemed to be the product of the total amount of the alternative fuel consumed in his entire operations within and without this state times the total number of miles traveled on the highways within this state divided by the total number of miles traveled within and without this state. In the absence of mileage records, the department may by rule promulgated pursuant to W.S. 39-17-302(a) adopt the mileage basis for determining the taxable use of alternative fuel used in those motor vehicles which travel regularly over prescribed courses on and off the highways within the state of Wyoming. In the absence of records showing the number of miles actually operated per gallon of alternative fuel consumed, it shall be presumed that not less than one (1) gallon, gasoline gallon equivalent (GGE) or diesel gallon equivalent (DGE) of alternative fuel was consumed for every four (4) miles traveled;

(v) A Wyoming licensed supplier, distributor, refiner or importer who is unable to recover the license taxes due from a bulk sale to a licensee who is other than an end user and is not owned, rented or leased by the supplier, distributor, refiner or importer requesting the credit is not liable for the taxes and may credit the amount of unpaid taxes against a later remittance of taxes required under W.S. 39-17-304(a)(i). The department shall promulgate rules to implement this paragraph.

(c) Taxpayer. The following shall apply:

(i) A terminal operator or bulk plant operator may rely on the representation made by the purchaser of alternative fuel or the purchaser's agent concerning the destination state of alternative fuel. A purchaser is liable for any tax due as a result of the purchaser's diversion of fuel from the represented destination state.

39-17-304. Taxation rate.

(a) Except as otherwise provided by this section and W.S. 39-17-305, the total tax on alternative fuel used to propel a motor vehicle shall be twenty-four cents (\$.24) per gallon. The gasoline gallon equivalent (GGE) shall be used for compressed natural gas, liquid petroleum gas or electricity. The diesel gallon equivalent (DGE) shall be used for liquefied natural gas or renewable diesel. The rate shall be imposed as follows:

(i) There is levied and shall be collected a license tax of twenty-three cents (\$.23) per gallon, gasoline gallon equivalent or diesel gallon equivalent as appropriate on all alternative fuel used, sold or distributed for sale or use in this state to propel a motor vehicle except for those fuels exempted under W.S. 39-17-305;

(ii) Notwithstanding paragraph (i) of this subsection, alternative fuel sold for use in aircraft shall be taxed at four cents (\$.04) per gallon, gasoline gallon equivalent or diesel gallon equivalent as appropriate except for those fuels exempted under W.S. 39-17-305;

(iii) In addition to the tax collected pursuant to paragraphs (i) and (ii) of this subsection, there is levied and shall be collected a license tax of one cent (\$.01) per gallon, gasoline gallon equivalent or diesel gallon equivalent as appropriate on all alternative fuel used, sold or distributed for sale or use in this state to propel a motor vehicle except for those fuels exempted under W.S. 39-17-305(a).

39-17-305. Exemptions.

(a) Alternative fuel sold for the purposes of propelling a motor vehicle at a Wyoming terminal rack for export by a person licensed as an exporter in this state is exempt from the license tax imposed under W.S. 39-17-304(a)(i) through (iii). This exemption shall not apply to fuel in the supply tank of a motor vehicle. The exempt sales shall be reported on or before the last day of the month in a format required by the department. The sales reports are invalid if not submitted to the department within one (1) year following date of sale.

(b) Exchanges or sales of alternative fuel which is sold for the purposes of propelling a motor vehicle between suppliers are exempt from the license tax imposed under W.S. 39-17-304(a)(i) through (iii). Alternative fuel directly exported, other than in the fuel supply tank of a motor vehicle, by a supplier is exempt from the license taxes under this article.

39-17-306. Licenses; permits.

(a) Each alternative fuel supplier, refiner, distributor, terminal operator, importer or exporter of alternative fuel used to propel a motor vehicle shall obtain an annual license from

the department to conduct business in this state. Prior to commencing business the supplier, distributor, terminal operator, importer, exporter or refiner shall file an application with the department on forms prescribed and furnished by the department containing the information specified therein. The fee for each type of license is twenty-five dollars (\$25.00). The department may revoke any license granted under this section upon proof of violation of any provision of this article.

(b) Each alternative fuel dealer shall obtain an annual license from the department to conduct business in this state. Prior to commencing business the dealer shall file an application with the department on forms prescribed and furnished by the department containing the information specified therein. The application for the license shall state the location of each place where alternative fuel is to be sold or offered for sale. The license shall be used only for one (1) specific location by the dealer in whose name it is issued. The license is valid for one (1) year unless surrendered by the dealer for nonuse or revoked by the department. The dealer shall immediately return the license upon the sale or discontinuance of any licensed location. The license fee is twenty-five dollars (\$25.00) for each location. The department may revoke any license granted under this subsection upon proof of violation of any provision of this article.

(c) The department may enter into reciprocal agreements with other jurisdictions for the licensing of persons under this section who have been licensed under a similar law in another jurisdiction.

(d) The department may require bonds, or accept in lieu of a bond a certificate of deposit meeting the requirements of paragraph (vi) of this subsection, under this article as follows:

(i) When a distributor, supplier or dealer who has been in business for one (1) year or longer and has established a good filing record which is complete, accurate and timely with the department violates a provision of this article, the distributor, supplier or dealer shall file a bond with the department equal to the sum of the last available six (6) months tax liability;

(ii) The bond shall be executed with a corporate surety duly licensed to do business in this state. In lieu of a

corporate surety bond, the department may accept a cash bond made payable to the department. Any interest earned on a cash bond shall accrue to the licensee. The bond shall be:

(A) Approved as to form by the Wyoming attorney general;

(B) Made payable to the department;

(C) Guarantee payment of delinquent taxes, penalties and interest due under this article and the return of the license issued under this article;

(D) Conditioned on the applicant not practicing any fraud, making any fraudulent representation or violating any law relating to the conduct of the business for which the applicant is licensed under this article.

(iii) The department may require a bond from any licensee whose license has been revoked or who violates any provision of this article. Any licensee who fails to file any report required under this article, remits insufficient funds or is delinquent in filing any two (2) times in a preceding twelve (12) month period shall be required to post a bond as provided in this subsection. Such bond may be waived by the department after a demonstration of a good filing record which is complete, accurate and timely by the licensee for a twelve (12) month period;

(iv) Failure to post the required bond or certificate of deposit under this subsection shall result in the denial of a license;

(v) In lieu of a surety or cash bond the department may accept a certificate of deposit under the following requirements:

(A) The certificate of deposit:

(I) Shall be issued by a financial institution authorized to do business in Wyoming and qualified by law to act as a depository of public funds in this state;

(II) Shall be payable not more than one (1) year after being deposited with the department.

(B) The department shall be given a first priority security interest in the certificate of deposit. The certificate of deposit shall not be subject to attachment or execution unless the attachment or execution arises out of a suit for delinquent taxes, penalties and interest due under this article and the return of the license issued under this article. The entire amount of the certificate of deposit shall be forfeited to the state if the licensee practices any fraud, makes any fraudulent representation or violates any law relating to the conduct of the business for which he is licensed under this article;

(C) The certificate of deposit and related documents providing for the security interest and forfeiture shall be approved as to form by the Wyoming attorney general;

(D) The licensee shall pay all cost incurred by the department to perfect its security interest;

(E) Any interest earned on a certificate of deposit shall accrue to the licensee.

(e) No person shall operate a commercial vehicle as defined in W.S. 31-18-101(a)(iii) between Wyoming and other jurisdictions unless the person has a valid international fuel tax agreement license and decals pursuant to W.S. 31-18-502 or a temporary permit under W.S. 31-18-201.

(f) Each applicant for an international fuel tax agreement license and decals shall file an application in a form and manner prescribed by the department and pay the applicable fees for the license and a decal as prescribed by the department pursuant to W.S. 31-18-502.

39-17-307. Compliance; collection procedures.

(A) Each dealer, who is not licensed as a distributor, shall submit a statement to the department in a format required by the department showing the number of gallons, gasoline gallon equivalent or diesel gallon equivalent of alternative fuel acquired, the person who supplied the alternative fuel and the total gallons or gallon equivalents sold during the preceding calendar month and remit any taxes due if the point of taxation is at the dispenser;

(B) Each distributor or importer shall, if applicable, submit a statement to the department in a format required by the department for the preceding calendar month for the purpose of obtaining a refund from the department for taxes paid pursuant to this section.

(v) A person shall not transport alternative fuel used to propel a motor vehicle by railroad tank car or transport truck unless the person has a shipping document for its transportation that complies with this section. A shipping document issued by a terminal operator or the operator of a bulk plant shall contain the following information:

(A) The identification, including address, of the terminal or bulk plant from which the alternative fuel was received;

(B) The date the alternative fuel was removed;

(C) The amount of alternative fuel removed, indicating gross gallons and net gallons or the equivalent amount based on the gasoline gallon equivalent or diesel gallon equivalent;

(D) The destination state of the alternative fuel, as represented to the terminal operator by the transporter, the shipper or the shipper's agent;

(E) The name of the shipper of the alternative fuel within the bulk plant or terminal;

(F) The consignee's name and address;

(G) The transporter's name;

(H) Any other information required by the department for the enforcement of this article.

(vi) A person to whom a shipping document was issued for the shipment of alternative fuel used to propel a motor vehicle shall:

(A) Carry the shipping document in the conveyance for which it was issued when transporting the alternative fuel;

(B) Show the shipping document to a law enforcement officer or authorized personnel of the department upon request;

(C) Deliver the alternative fuel described in the shipping document to the destination state printed on it unless the person does all of the following:

(I) Notifies the department when transporting the alternative fuel into a state other than the printed destination state that the person has received instructions for if the shipping document was issued to deliver the alternative fuel to a different destination state;

(II) Writes on the shipping document the change in destination state;

(III) Gives a copy of the shipping document to the distributor or other person to whom the alternative fuel is delivered.

(vii) A person to whom alternative fuel used to propel a motor vehicle is delivered by railroad tank car or transport truck shall not accept delivery of the alternative fuel if the destination state shown on the shipping document for

the alternative fuel is a state other than Wyoming. The person to whom the alternative fuel is delivered shall examine the shipping document and keep a copy of the shipping document;

(viii) Each supplier, refiner, terminal operator, importer, exporter, distributor and dealer shall keep and preserve records relating to the purchase and sale of alternative fuel for three (3) years. The department may, by rule and regulation, authorize alternate methods of preserving the records required under this section;

(ix) Each person transporting, conveying or importing alternative fuel into the state or producing, refining, manufacturing, blending or compounding and using, selling or distributing alternative fuel for sale or use in this state shall keep and preserve the records relating to the purchase or sale of alternative fuel for three (3) years;

(x) On or before the last day of the month following each calendar quarter, each carrier licensed under the provisions of the international fuel tax agreement shall file, in a format required by the department, a report indicating the total number of miles traveled in all jurisdictions by the carrier's vehicles subject to the tax under this article, the total number of miles traveled by those vehicles in this state, the amount of alternative fuel used by those vehicles in all jurisdictions, the amount of tax under this article paid during the calendar quarter and any other information required by the department to compute the carrier's tax liability. The carrier shall pay all taxes due under this article at the time the report is filed. If the tax on alternative fuel imported in the fuel supply tanks of motor vehicles for taxable use on Wyoming highways can be more accurately determined on a mileage basis, the department may approve and adopt that basis. In the absence of mileage records showing the number of miles actually operated per gasoline gallon equivalent or diesel gallon equivalent of alternative fuel consumed, it shall be presumed that not less than one (1) gasoline gallon equivalent or diesel gallon equivalent was consumed for every four (4) miles traveled.

(b) Payment. The following shall apply:

(i) On or before the last day of each month every supplier, refiner, terminal operator, importer and dealer shall pay to the department all license taxes imposed by this article which are due based upon the statement submitted under W.S.

This credit may be claimed on the monthly tax return. A distributor or importer who does not own a bulk plant, but owns retail locations and distributes alternative fuel to those locations only shall be entitled to the shrinkage credit on gross gallons, if applicable, of bulk alternative fuel delivered. The shrinkage credit may not apply to some alternative fuels. The department shall promulgate rules which specify the applicability of the credit and provide an application process for the credit.

The department shall notify the delinquent taxpayer of the total amount due by serving written notice upon such person personally or by United States mail to the last known address as shown on the records of the department. If the delinquent taxpayer proves to the department that the delinquency was due to a reasonable cause, the department shall waive the penalty provided in this paragraph. If the delinquent taxpayer after receiving the statement prepared by the department later renders to the department a true statement covering the same calendar month, the department shall use such statement, adding the penalty of ten percent (10%) and interest of one percent (1%) per month on the license taxes from the due date until payment. The penalty shall be waived by the department upon satisfactory written proof the delinquency was due to a reasonable cause;

(iii) Any person who fails to furnish any report or remit any license tax to the department as required by this article is guilty of a misdemeanor. Each offense is punishable as provided in paragraph (vii) of this subsection. In addition, the department may suspend or revoke any license held by the offender and may require the offender, as a condition of any future licensing under this article, to provide a surety bond, cash bond or certificate of deposit as provided by W.S. 39-17-306(d);

(iv) Any supplier, refiner, terminal operator, importer, exporter, distributor or dealer selling alternative fuel subject to the license taxes imposed by this article while delinquent in the payment of any such taxes is liable for double the amount due to be recovered in a suit instituted by and in the name of the state of Wyoming. Upon application made by the state a writ of injunction may be issued, without requiring bond, against the defendants enjoining and restraining them from selling or offering to sell in the state alternative fuel until the license taxes are paid. Upon application made by the state a receiver of the property and business of the defendant may be appointed to impound the same as security for the delinquent tax and any judgment recovered in the suit;

(v) Any person who makes a false statement in a report required by this article is guilty of a misdemeanor punishable as provided in paragraph (vii) of this subsection. In addition, the person shall forfeit all rights to a refund to the extent that the false statement resulted in a refund larger than that to which the person was lawfully entitled;

(vi) The department may revoke any license granted upon proof of violation of any provision of this article;

(vii) Any person violating any provision of this article, or who procures, aids or abets any person in a violation or noncompliance is guilty of a misdemeanor and upon conviction shall be fined not more than seven hundred fifty dollars (\$750.00), imprisoned for not more than six (6) months or both;

(viii) The Wyoming highway patrol and all peace officers of any county or municipality shall aid in the enforcement of this article.

(c) Refunds. The following shall apply:

(i) On or before the last day of each month every distributor shall, if applicable, submit a statement to the department on forms furnished by or in a format required by the department for the preceding calendar month for the purpose of obtaining a refund from the department for taxes paid pursuant to W.S. 39-17-307(a) (i);

(ii) Any person exporting alternative motor vehicle fuel from Wyoming for which the license tax has been paid is subject to a refund of the license tax paid. The refund request shall be submitted on or before the last day of the month on forms provided by or in a format required by the department. The refund request is invalid if not submitted within one (1) year of the date of purchase;

(iii) Alternative fuel purchased for agricultural purposes as defined in W.S. 39-17-301(a) (ii) is qualified for a refund of the license tax imposed under W.S. 39-17-304(a) (i) as declared by the applicant. Any person claiming a refund under this paragraph shall submit a record of purchases and shall

specify the percentage of such purchases qualifying for the refund on a form provided by or in a format required by the department, along with receipts detailing the bulk gallons, gasoline gallon equivalent (GGE) or diesel gallon equivalent (DGE) purchased and license taxes paid. (b) No officer shall receive any additional compensation other than as allowed by law, by reason of duties imposed under this section.

39-19-103. Imposition of tax.

(a) Taxable event. A tax is imposed on the transfer of property constituting the Wyoming gross estate of every decedent.

(b) Basis of tax. The amount of tax is the maximum state death tax credit allowed to a Wyoming estate as a credit against federal estate taxes under the laws of the United States for estate, inheritance, legacy and succession taxes actually paid to the several states times the ratio which the Wyoming gross estate bears to the value of the federal gross estate, or the maximum state death tax credit allowable to a Wyoming gross estate, whichever is greater. W.S. 39-19-101 through 39-19-111 are intended to take full advantage for Wyoming of the credit which is allowed as a deduction from the federal estate tax liability of estates of decedents, for state taxes upon property or transfer thereof by reason of death, without increasing the aggregate of federal and state death, transfer or succession taxes upon any estate.

(c) Taxpayer. The personal representative of an estate, a portion of which constitutes Wyoming gross estate, shall file with the department a duplicate of all federal estate tax returns and notices required to be made to the federal

authorities and pay the Wyoming estate tax to the department. Any tax liability under W.S. 39-19-101 through 39-19-111 becomes, from the time the tax liability is due and payable, a debt of the taxpayer to the state, to be recovered in an action on this title. The attorney general may bring an action at the request of the department in the name of the state to collect any tax liability of any taxpayer under W.S. 39-19-101 through 39-19-111.

39-19-104. Taxation rate.

W.S. 39-19-101 through 39-19-111 are intended to take full advantage for Wyoming of the credit which is allowed as a deduction from the federal estate tax liability of estates of decedents, for state taxes upon property or transfer thereof by reason of death, without increasing the aggregate of federal and state death, transfer or succession taxes upon any estate. The amount of tax is the maximum state death tax credit allowed to a Wyoming estate as a credit against federal estate taxes under the laws of the United States for estate, inheritance, legacy and succession taxes actually paid to the several states times the ratio which the Wyoming gross estate bears to the value of the federal gross estate, or the maximum state death tax credit allowable to a Wyoming gross estate, whichever is greater.

All documents presented to the court shall be filed with the clerk to be preserved as a permanent part of the court file relating to the estate.
